"He that believeth on the Son hath everlasting life: and he that believeth not the Son shall not see life; but the wrath of God abideth on him." John 3:36

Will you admit you are a sinner? Do you want to be forgiven and changed? Right now, will you humble yourself and pray to God, asking Jesus Christ to save you?

"Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them." Hebrews 7:25

Tract No. 115 (R-7/01)

ARE YOU GOING TO HEAVEN OR HELL?

Many seemingly good people are going to hell, because "...all have sinned..." Romans 3:23
"For there is not a just man upon earth, that doeth good, and sinneth not." Ecclesiastes 7:20

WHAT IS THE PRICE OF SIN?

"...the soul that sinneth, it shall die." Ezekiel 18:4
"For the wages of sin is death..." Romans 6:23

WHAT IF YOU ARE NOT SAVED WHEN YOU DIE?

"And as it is appointed unto men once to die, but after this the judgment." Hebrews 9:27
"And whosoever was not found written in the book of life was cast into the lake of fire."
Revelation 20:15

WOULD GOD SAVE A SINNER LIKE YOU?

"But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us." Romans 5:8
Jesus said, "... him that cometh to me I will in no wise cast out." John 6:37

DO YOU WANT TO KNOW HOW TO BE SAVED?

FIRST, you must realize there is nothing you can do to make yourself worthy of heaven. "Not by works of righteousness which we have done, but according to his mercy he saved us..." Titus 3:5

THEN YOU MUST ...

Repent: "...God...now commandeth all men every where to repent." Acts 17:30

Believe: "...that Christ died for our sins according to the scriptures; And that he was buried, and that he rose again the third day..."
I Corinthians 15:3,4

Receive: "But as many as received him," (Jesus) "to them gave he power to become the sons of God, even to them that believe on his name." John 1:12

IS ALL THIS FREE?

"For by grace are ye saved through faith, and that not of yourselves: it is the gift of God: Not of works, lest any man should boast." Ephesians 2:8,9

JESUS CHRIST AWAITS YOUR CHOICE.

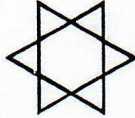

"The way to be saved is so simple! Yet many refuse to be saved. They will not accept Jesus Christ, and Him alone, for salvation from sin and

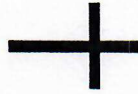

CROSS OF NERO: Also known as the "Peace Symbol". It is the cross of Jesus Christ turned "upside-down" and then broken. Displays a contempt and hatred of Christianity. Some people wear this symbol not knowing what it represents.

THE MARK OF THE BEAST: Represents the mark of the Beast and the number of the Anti-Christ (666) as found in Revelation 13:18. The letter F is the sixth letter of the alphabet.

HEXAGRAM: Also called the "Seal of Solomon". One of the most powerful and evil symbols in Satanism and all the occult. Used to summon evil spirits to place a "Hex".

INVERTED CROSS: Upside-down cross often referred to as the "Southern Cross". Symbolizes mockery and hatred of the Cross of Jesus Christ. Found on many rock albums such as Ozzy Osbourne, Danzig, and others. This is a serious symbol and almost guarantees involvement in Satanism.

LIGHTNING BOLTS: Represents Satan, as found in Luke 10:18, "And he said unto them, I beheld Satan AS LIGHTNING fall from heaven." Also referred to as the "Satanic S". Found on many rock albums such as KISS, Black Sabbath, and AC/DC. This symbol is unique to Satanism.

HORNED HAND: A sign of recognition between those in Satanism, known as the "Satanic Salute". Young people "flash" it during rock concerts. Forms a goat's head, the universal symbol of Satanism. Is found on the back of the *Satanic Bible*.

Teenagers involved in the Occult and Satanism sometimes write words, and sentences backwards. Some common examples are:

NATAS = SATAN
NEMA = AMEN
REDRUM = MURDER

will flee from you". How does one "resist the devil"? The first part of James 4:7 provides the simple answer, "SUBMIT yourselves therefore to God..."

Have you "SUBMITTED yourself unto God?"

How do you "submit to God"? By trusting and believing on the Lord Jesus Christ. Romans 10:3-4 says, "For they being ignorant of God's righteousness, and going about to establish their own righteousness, HAVE NOT SUBMITTED THEMSELVES unto the righteousness of God. For Christ is the end of the law of righteousness TO EVERY ONE THAT BELIEVETH."

Friend, has there come a time and place in your life, when you trusted in Jesus Christ? Maybe you're not involved in the Occult or Satanism. You may be the best person in your neighborhood. But, the Bible is very clear. Jesus Christ says in Matthew 12:30, "He that is not with me is AGAINST ME..." When you say no to Jesus — you say yes to Satan! And that's a very serious thing to do!

Friend, Jesus Christ loved you so much that He died on an old, rugged cross nearly 2,000 years ago — He did that for YOU! And now, friend — THE NEXT MOVE IS YOURS!

YOU CAN BE SAVED THIS MINUTE!

Friend, before you lay this tract down — this very minute — bow your head and pray this prayer and mean it with all your heart.

Lord Jesus, I know that I am a sinner, and unless you save me, I am lost forever. I believe you died on the cross for me. I come to you now, the best way I know how, and ask you to save me. I now receive you as my Savior. In Jesus Christ Name. Amen.

THE CHOICE IS YOURS!

Satanism is on the rise. Satan cults among America's teenagers. Teen Satanists blamed for deaths of young people. Satanism is spreading at an alarming rate, and according to the Georgia Police Academy — 90% of those involved in Satanism are teenagers! The book *Satanism in America*, which is endorsed by the U.S. Criminal Justice Task Force on Occult Related Ritualistic Crimes, says Satanism is "the fastest growing subculture movement among America's teens."

Rise of Satanism

Seducing America's Youth

by Terry Watkins

The book, *Occult Crime Control: The Law Enforcement Manual of Investigation, Analysis, and Prevention*, (which is the textbook for the National Association of Chiefs of Police) flatly states, "If you think there is a problem with Self-styled Satanists in your community — and there almost certainly is; THE SITUATION IS EPIDEMIC..."

Researchers claim between 50,000 and 60,000 satanic human sacrifices are occurring each year in the U.S. Researchers estimate — 95% of the missing children in America have found their end as a satanic sacrifice. Commentator Paul Harvey said in 1987, "... Police and medical officials, believe of all the missing children in the State of California... that one in five, twenty percent of them, HAVE BEEN EATEN."

Jerry Johnson, author of *The Edge of Evil: The Rise of Satanism in North America* writes, "Some time ago I started noticing a distinctive new category of kids... These young people glared with a fascination that was dark and deadly... I kept noticing more and more teens with homemade pentagram tattoos and symbols... Too many notebooks scrawled with '666' and 'NATAS' — satan spelled backwards..."

Television personality, Geraldo Rivera, who explored the rise of Satanism said, "It exists AND IT'S FLOURISHING. It is teenagers who are most likely to fall under the spell of Satanism."

Teenagers caught in Satanism, many times are crying out for help. Sean Sellers, at 17 who is now on death row, for sacrificing three people to Satan, (including his own mother and father-in-law) says from his prison cell, "... every morning I wake up wishing that when I reached out saying I want out of Satanism, SOMEONE WOULD HAVE BEEN THERE."

Most parents of teenagers involved in Satanism have no idea. The ones that do, either ignore it or write it off as a teenage lark they'll outgrow. Young people involved in Satanism or the Occult display various warning signs. On the inside, are some warning signs and symbols to be aware of.

"WARNING" SIGNS OF SATANISM OR THE OCCULT:

- Presence of books on the occult and satanism, such as: *The Satanic Bible*, *Satanic Rituals*, *Magick*, *Necronomicon*, and *The Witches Bible*.
- Presence of music by groups that promote satanism or the occult, such as: AC/DC, Black Sabbath, Venom, Slayer, King Diamond, Mercyful Fate, Coven, Morbid Angel, Unleashed, Danzig, Megadeth, Metallica, Acheron, Demon, Possessed, and others.
- An obsession with fantasy role-playing games such as *Dungeon and Dragons*.
- Occult or satanic symbols appearing on clothing, jewelry, walls, or scribbled on notebooks.
- A fascination with horror movies, murder, suicide, or death.
- An unusual secretiveness; withdrawal from family; sudden change in friends.

"DANGER" SIGNS OF SATANISM OR THE OCCULT:

- Occultic items such as: a robe, a chalice or goblet, a sword, oddly shaped knives, black candles, bone collections, religious or occultic jewelry.
 - Any sign of self-mutilation; occult symbols carved or tattooed into the skin.
 - A sudden switch to wearing dark clothing — especially black.
 - A noticeable increase in aggression; depression; unusual or violent behavior.
 - Contempt and mockery of Christianity and Jesus Christ.
 - A "Book of Shadows", a satanic journal in a black covered book, a spiral or looseleaf binder containing notes, pictures, poems, symbols, satanic or occultic activities.
 - An altar, or something that could be used for an altar, sometimes camouflaged in a closet, or under a bed.
 - A large pentagram drawn on the wall or floor, sometimes covered by a rug, or even under the bed.
 - Writings in strange lettering — Egyptian symbols, runes, backwards or a homemade alphabet.
- * NOTE - If any of the "DANGER" signs are found, satanic or occult involvement is probable.

STEPS TO TAKE IF INVOLVEMENT IS SUSPECTED:

- Search their room. Teenagers have a right to privacy, but when something of this serious nature is involved — you have the right.
- Make a list of any occult or unusual items found.
- If several of the "danger" signs are found — get help soon. Do not disturb or remove them until a knowledgeable person examines them.
- Make sure you know Jesus Christ as your personal Saviour. You are in a serious spiritual fight for the eternal soul of your child — and it can only be won through Jesus Christ.
- Contact your minister, or someone knowledgeable in the occult. You can contact us at (205) 681-9956.

Satanic Symbols

Symbols, such as these, are found on notebooks, jewelry, such as necklaces and earrings, self-made tattoos, on walls, and on clothing.

EMBLEM OF BAPHOMET: The inverted pentagram forms the head of the goat. It is on the cover of the *Satanic Bible*. Found in rock groups such as Venom, Slayer, and others. This is a serious symbol and almost guarantees involvement in Satanism.

CHURCH OF SATAN: This is the symbol of the Church of Satan in San Francisco. It is in the *Satanic Bible* above the "Nine Satanic Statements." Found on rock albums, such as Duran Duran's "Seven and the Ragged Tiger". This symbol almost guarantees Satanic involvement.

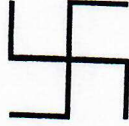

CROSS OF CONFUSION: This symbol was first used by the Romans who questioned the truth of Christianity. It is also the logo for the rock band Blue Oyster Cult. This symbol is strictly Satanic.

PENTAGRAM: The five-pointed star is an important symbol in magic. It is commonly used by witches (WICCA) for "White Magic". This symbol almost guarantees involvement in the Occult.

INVERTED PENTAGRAM: This symbol forms the goathead which represents Satan. One of the main symbols used in Satanism. Found in many rock bands, such as, Mötley Crüe, Danzig, Morbid Angel, and many others. This is a serious symbol and almost guarantees involvement in Satanism.

SWASTIKA: Also known as the Sun Wheel. An ancient religious symbol used long before Hitler. It has become a modern symbol of evil. This symbol is also connected with "Skin Heads" and other Neo-Nazi groups.

ANARCHY: Represents abolition of all law. Originally found in "punk rock" but now used by heavy metal rockers and Satanism.

Christian Rock EXPOSED:

by Terry Watkins

In the early 1980's, Cleveland disc jockey Allan Freed, revolutionized the music world. Borrowing a ghetto term for sexual fornication, he coined the term "ROCK'N ROLL." The Encyclopaedia Britannica Yearbook for 1986 described rock'n roll as, "insistent savagery... deliberately competing with the artistic ideals of the jungle."

The Christian community cried against this "tool of Satan." But in the 70's, as misanthropism began planting its small, but deadly seed. And the walls began to crumble. And like a raging hurricane, rock began desecrating the sacred music of the church. In they came—Bill Gaither, the Imperials, Dallas Holmes, Randy Stonehill, Keith Green, and others. Today, rock music is a common companion of the church. And as you'll soon read—the rebellion, the sexual theme, the blasphemy, the occult influence—**are found "under the cover" of Christian rock.** This small tract will not scratch the surface. We have available in much more detail, a graphic, slide-presentation: "Christian Rock: Blessing or Blasphemy".

Author and researcher, Texe Marrs, discovered a network of satanists, called the Radicals. And one of their rules—they should only listen to Christian Rock!

The queen-bee of Christian rock is Amy Grant. Amy's song, "Baby, Baby", was unprecedented in Gospel Music topping the chart as the number-one spot on Billboard magazine. Is the secular world "turning on" to Jesus? Not hardly. People magazine says of Amy's video Baby, Baby, "There's saintly Amy cuddling some hunky guy, crooning "Baby, Baby" into his ear and looking pretty SLEEK AND SINFUL..." Amy confesses, "I'm trying to look SEXY to sell a record..." The Bible says in 2 Timothy 2:22, "Flee also youthful lusts;" but Amy says, "Pleating happens... As a teenager, when I gave part of me to someone, I knew I was just going to flirt, HAVE A LITTLE FUN,..."

Amy says, "... I'm isolated when I walk into a room and somebody says, 'She's a Christian' and NOBODY OFFERS ME A JOINT and all the coke (cocaine) disappears..." Husband Gary Chapman confessed in People magazine of a recent eight-year cocaine and marijuana addiction! Amy also says, "I remember years ago—the first time I smelled anybody smoking a joint at a concert, I WAS THRILLED... it meant to me that

We've come along way from Dallas Holmes' "Rise Again". Satan unda way in—and he has defiled Christian music! The Apostle Paul said in 1 Cor 5:6, "... Know ye not that a little leaven LEAVENETH THE WHOLE LUMP?"

But, some Christian rock performers do sing about the Lord. How that possible, if satanic influence is involved? Mark 5:6 says of an possessed with devils, "when he saw Jesus afar off, he ran and ORSHIPPED him." The unclean spirit worshipped Jesus and called him, "Thou Son of the most high God". It's not unusual for demons to eak of Jesus or God.

In Acts 16:16, a girl "possessed with a spirit of divination" followed ul and Silas saying (vs 17), "These men are the servants of the most n God, which shew unto us THE WAY OF SALVATION." But verse 18 says, "But, Paul, being grieved, turned and said to the spirit, I command thee in the name of Jesus Christ to come out of her..." The ESSAGE was fine, but the MEDIUM was satanic. The same as istian rock. **THE MEDIUM IS SATANIC—No matter what the essage! Rock has always been and will always be the "devil's sic!"** Sex pevert and rock star, David Bowie, said, "Rock has ways been THE DEVILS MUSIC." Rocker Lita Ford says, "Listen, CK'N ROLL AIN'T CHURCH. It's nasty business..."

Christian rock star, Randy Matthews opened concerts for Lynyrd yrd and ZZ Top (not exactly a Sunday School crowd). Guess at happened? Let Randy tell you, "... I GET UNPLUGGED at a big sic festival in Pennsylvania with a band I had put together to open r for Lynyrd Skynyrd and ZZ Top. It was a Christian band, all ristian guys, but the people THOUGHT WE WERE SATANIC. So y unplugged us in front of 25,000 people..." The lost people actually ight they were satanic, went over and literally unplugged them! 's that for "using rock as a tool of evangelism"? Jesus said in Luke 8, "... the children of this world are in their generation wiser than ; children of light."

There's no such thing as "Christian rock music". Just like there's no h thing as "Christian adultery" or "Christian homosexuality". When rock, it ceases to be Christian. If you're listening to Christian rock—OP! If you're in a church feeding you this stuff—GET OUT! There's y one "Christian rock" and "THAT ROCK WAS CHRIST" (1 Cor 4). As Deuteronomy 32:31 says, "For their rock is not as our ck..." **SENECA FALLS FIRST CHURCH**

On Amy's video, "That's What Love Is For", Amy is dressed in a red robe, (used in witchcraft rituals) flashing on the palms of her hands—a six-pointed star—A HEXAGRAM! The hexagram is the most powerful and evil symbol in witchcraft! It is used to place a "hex" or "curse" on someone by calling forth demons. And the primary point of contact in the transmission of spirits is the hand!

Following the footsteps of Amy is Sandi Patti. Sandi says, "Music is a very powerful force... Why can't we take that same powerful force-music-but POSITIVE lyrics to it and begin shaping values?" This is the same goal of the satanic positive-thinking, new-age movement. The Bible says "the fear of the Lord is the beginning of wisdom." —MEGATHYNE! In her sentimental new-age, love-song "Love in Any Language," she sings: "Love in any language! Straight from the heart pulls us all together! Never apart! And once we learn to speak to All the world will near. That's the same new-age-unity garbage of the Beatles (remember "All You Need is Love") and John Lennon's "Imagine" (which is the theme song for the New Age). Imagine all the people! Living life in peace... Imagine all the people! Sharing all the world!... I hope someday you'll join us! And the world will be as one."

Sandi Patti is the highest paid Gospel entertainer in the world, averaging \$75,000 for a two-hour performance (not to mention profits from T-shirts, records, etc). At \$37,000 an hour—who is Sandi Patti really serving? God or mammon? Jesus Christ said in Matthew 6:24, "No man can serve two masters; for either he will hate the one, and love the other;... Ye cannot serve God and mammon." On Sandi's song "Shepherd of my Heart" you can CLEARLY hear backwards—YEA, I LOVE SATAN!

One of the most disturbing performers is Michael W. Smith. The "idol" of screaming young Christian girls, Inside Music, Jan/Feb 91, says, "His concerts draw hundreds of thousands of fans each year, mostly teenage girls who scream out their AFFECTION FOR HIM non-stop throughout... What a mockery of the Lord Jesus Christ who "made himself of no reputation" (Philippians 2:7).

On the back of Smith's album *The Big Picture*, is Michael W. Smith—BACKWARDS! A common satanic practice, taught by satanist Alister Crowley (Crowley is very popular in the rock music world). Having counseled teenagers in satanism, I know one of the first signs of satanic influence is writing backwards! Something even more frightening appears on the album... **The M in Michael and the T in Smith is part of the Runic (runic means secret) alphabet used in witchcraft and satanism!**

Only someone involved in the occult would know such an alphabet exists! In the book, *Web of Darkness*, Michael W. Smith—BACKWARDS! Notice the Runic: M and T!

former satanist Sean Sellers says, "Runes are the oldest form of occult knowledge and magic... their use sets a person against God."

The most popular song in rock history is the satanically inspired "Stairway to Heaven" by the group Led Zeppelin. Led Zeppelin are devout followers of satanist Alister Crowley. In the song "Stairway to Heaven"

they sing, "There's a feeling I get/When I look to the WEST... Why the west? In the occult the west is sacred! In Crowley's book *MAGIC: In Theory and Practice*, he says of the occultist "in the WEST he gains energy." Michael W. Smith "curiously" has an album titled *Go West Young Man*. In the song "Go West Young Man," he openly sings: **I'm blazing a trail/That leads to VICE/So easily promoted BY DARKER MEANS...** And God's people defend and promote this satanic filth!

Inside Music magazine, Jan/Feb 91, interviewing Michael W. Smith said, "There's also the influence of such groups as Alan Parsons in your music. It's especially noticeable on the first record, the Michael W. Smith Project (named after Alan Parsons's album, *The Alan Parsons Project*)." And Smith's reply, "DEFINITELY!" C'mon Smith! Alan Parsons is among the most occultic active in rock! Alan Parsons has songs titled, "Lucifer", the blasphemous "Genesis 11:32" (there is no Genesis Chapter 1 verse 32). And Michael W. Smith claims to be a follower of Jesus Christ! Have you wondered why the name Jesus is not found on Smith's last four albums?

Webster dictionary defines "blasphemy" as "lack of reverence for God." Blasphemy saturates Christian rock, such as the blasphemous "honor" of Carman Dominic Licciardello, better known as Carman. He's blasphemous, street-wise, dialogue between John the Baptist and Jesus Christ as teenagers on his video *Live... Radically Saved* is beyond belief! Look at this blasphemy:

JOHN: "Hey man, Hey vic, Watchin' doin' man? I ain't seen you in a long time. HEY, BABY."

Jesus turns and says, "Hey, what's up, John?" See, Jesus is always cool; he's always together. He's got his thing together, y'know.

Then Carman blasphemously initiates the Lord Jesus Christ walking hip-five doing what Carman calls "THE MESSIAH WALK". UN-GODLY! BLASPHEMY!

JOHN: "This is wild, brother, now I don't know. Man, I never had anybody in my family, MAKE IT BIG..."

Jesus "MADE IT BIG"? Jesus Christ died a curse for sinful man! See Gal. 3:13, 2 Cor 5:17! Jesus Christ was "despised and rejected of men" (Isa 53:3). Is "MAKING IT BIG" being beaten, smitten, spit upon, mocked and crucified? Carman's sick humor is the lowest BLASPHEMY I've ever heard! And God's people (supposedly) defend this trash!

On Carman's top-selling album, *Addicted to Jesus*, Carman does the J-E-S-U-S rap-cheer: Give me a J, you got your J, etc. In the song "Holy Ghost Hop", Carman takes a blasphemous slap at the Holy Ghost. Comparing the Holy Ghost to sensual dances, he sings: Everybody used to do the twist! The mashed potato and it goes like this! The funky chicken, monkey too! There wasn't nothin' they would not do! But there's a new dance no one can stop! A leap for joy we call the Holy Ghost Hop. May I remind Carman of Jesus Christ's warning in Matthew 12:31, "Wherefore I say unto you, All manner of sin and blasphemy shall be forgiven unto men: but the BLASPHEMY AGAINST THE HOLY GHOST shall not be forgiven unto men."

The group, **betrayal**, says, "One of the band's goals is to educate and inform people to **THE REALITIES OF SATANISM AND THE OCCULT** in America in a legitimate way." Their album, *Renaissance by Death*, is filled with references to Satan, demons, and devils! The song "Fallen Deceiver" says, "Indescribable sounds of horror! As another screams to die! Rising up in sorrow from hopelessness! As millions in anguish they cry! Heckling demons mocking their victims. . . **WE'LL ALL ROT IN DAMNATION**. . . The song, "Escaping the Altar" is about a satanic human sacrifice and the victim does not escape! Guitarist Marcus Colon says as a teenager "I was very, 100 percent dedicated in my mind and in my heart to pursuing **THE ART OF SATANISM**. . ."

The thrasher group, **Mortification** (how's that for a godly name!) sings "Terminate Damnation", "Inlamed", and "Lymphosarcoma." In "Necromaniac", they sing: "Rotting corpses buried deep! Demomposing in a mangled heap! Unable to speak at all! Only demons answer their call. . . Friend, you'd have to hear this ungodly noise to believe it! It's deep growling sounds come straight from hell!"

The group, **Tourniquet**, wears on stage, **the most satanic symbol found**—the Goat of Mendes-Pentagram on their shirts (of course it's X'ed out)! Drummer Ted Kirkpatrick, declares, "It's really into allegory, really into **SYMBOLISM**. . ." In "Vital Fading" they sing, "Wrinkled hands reach out for cold metal rails! This decrepit life is so frail! Body starts to shake in violent burning rigors. You'd have to see and hear these guys to believe it! Tourniquet is one of the most popular Christian bands out! One of their big supporters is author and rock critic—Bob Larson! Their song "Let Us Pray" (or is it "Let Us Pray?") was number-one for 24 consecutive weeks—**The longest running number-one song in gospel music history!**

The Pentagram is the universal symbol of satanism. And it is flaunted throughout Christian rock!

Why do these Christian performers advertise for Satan?

(right)

Pentagram from Carman's video "Witch's Invitation".

Stryper's album *To Hell With the Devil*. Notice the pentagram in the upper left hand corner.

Victor Macias, of Tourniquet, wearing a Pentagram on his shirt! With a goats head inside!

BLASPHEMY! The same song is on the perverted group KISS's latest album! Their name supposedly is the greek word "petra" meaning rock. But Petra was also the capital of ancient Edom, a pagan land—according to Malachi 1:4—. . . whom the Lord hath indignation for ever! **Petra was the place of SATANIC HUMAN SACRIFICES! And their song "Praise Ye the Lord" says CLEARLY backwards—HAIL SATAN!**

The Daniel Band's logo is a satanic lightning bolt (Luke 10:18)—the same as satanic rockers: KISS, AC/DC, Black Sabbath, Slayer and others. They blasphemously sing, "There's a party in Heaven! The bread is unleavened! The tree of life is growin' fine! It's way past eleven! My number is seven! The Lamb and I are drinkin' new wine. These bands have no fear of God!"

Mylon LeFevre, (of the LeFevre Family) used to call his rock group "Holy Smoke", and at their concerts threw rolling papers in the crowd to roll their own joints and make "holy smoke"! A former heroin addict, Mylon says, "Jesus is coming, and it's all cool."

Philippians 4:8 says, "Finally, brethren, whatsoever things are true, . . . honest, . . . just, . . . pure, . . . lovely, . . . think on these things." Here are some "lovely" names of Christian rock bands: Tom Flieth, Choose Death, Dancing Naked Black Metalion, Lust Control, X-Sinner, Leital Fx, Brimstone, Take of interesting. . . me see Rev 13:18). Cut The Crap, Love Kills, and Infected. Pure songs like "Praise The Lord - Beat My Head In", and "Drown the Devil in the Urinal". How about these "lovely" Christ-uplifting lyrics: "I love my dog, and he loves me! He uses my leg when he has to pee . . ."

Just twenty-seconds after Vengeance's album *Once Dead* came out—**stories began banning it!** On their song "Behaved" they sing: "I want (my) head chopped off! You'll see (my) body rot! But then (I'll) reign with Christ! And then you will fry. . ." (The song ends with tortured human screams). Vengeance can also be found on the filthy secular *Head N Heavy* gmd-core videos, along with satanic groups—**Godflesh and Napalm Death!**

How's **One Bad Pig** for a godly, Christian name! The advertisement for their live album, *Blow the House Down*, says, "They're loose again! And this time it's live, unbridled, mayhem. . . On stage, screaming, stomping, slam dancing, stage diving, **PLEADING AND PRAYING**, slumping, slam dancing, stage diving, **PLEADING AND PRAYING**, your point! . . . You're a pagan, that is what you be! There's no lak'in', try like bacon! You're a pagan. Guess who's on their album! **Scream Sunday? JOHNNY CASH!** One Bad Pig does a duet on Johnny's own "Man in Black. . . —done to the tune of the satanic AC/DC's "Back in Black!"

Superstar, **Mark Farmer**, of Grand Funk Railroad, the supergroup of the 70's, is now "singing for Jesus." One of his albums is *Some Kind of Wonderful*. Sound familiar? It was a sinful, lustful, mega hit for Grand Funk. Farmer changed a few words and did a remake for Jesus! (not to mention the bucks he made for Mark Farmer!) When He (she) holds me in His (her) arms! You know it sets my soul on fire! Yeah when my savior's (baby's) lovin' me! My old heart becomes filled with desire! When He (she) wraps His (her) lovin' arms around me! It 'bout drives me out of my mind! . . . Well my Jesus (baby), He's (she's) alright! My savior (baby) is clean out of sight! Don't ya know that He (she) is some kind of wonderful (original lyrics in parenthesis). **PERVERTED BLASPHEMY!**

(with his STRIPES we are healed), but in Youth magazine Stryper guitarist Oz Fox tells the real reason: "One day Robert came up with Stryper because it rhymed with 'hyper'. . ." It has nothing to do with Isaiah 53! They admittedly didn't make the connection to Isaiah 53 till somebody showed them!

Stryper wears the number "777" supposedly depicting the Biblical number of perfection. But "777" is highly esteemed in witchcraft and satanism! Satanist Aleister Crowley wrote a book titled "777". The *Treatise of Witchcraft* says of the number seven: "this number, in occult rites, possessed mystic implications. . . **POWERFUL, TRIPLE REPETITIONS** characteristic of **MAGIC RITUAL**."

Stryper's logo is a triangle with the number "7" in each corner. According to David Meyer, an authority on the occult, the logo, "is one of the most powerful of all satanic symbols . . ."! How come these Christian performers continually flash "little-known" satanic symbols?

Friend, the evidence is overwhelming—CHRISTIAN ROCK IS SOAKED IN SATANIC INFLUENCE! Christian rock is drenched with satanic backmasking! Author and researcher **Texe Marrs**, discovered a network of satanists, called **Radicals**. And one of their rules—they should only listen to Christian rock!

One of Stryper's albums is titled *To Hell With the Devil*. Everyone assumes that *To Hell With the Devil* means for Satan to go to hell. But, in light of the above information—**is it REALLY an invitation to go "To Hell WITH The Devil"?**

Steve Taylor blatantly sings in "This Disco (Used to be a Cute Cathedral)": Got no need for altar calls! Sold the altar for the mirror balls . . . Sell your holy habits/hatship's been deserted by sinking rats. Taylor openly confesses his goal for young people is: "develop a world view, and **TO QUESTION AUTHORITY**. . . Just what Satan did in the Garden of Eden! **Yea, hath God said. . .**" (Genesis 3:1)

Bloodgood sings songs like "Eat the Flesh", "Alone in Suicide", and "Mad Dog World." Michael Bloodgood, says, "We're like Billy Graham with guitars. . ." Their song, "Shakin' It", says: He's a sinner though he'd never be found! He got caught with his own pants down! Can't imagine how he must have felt! He should've tightened-up his Bible belt. . .

Gen Frazier of **The Rez Band** says, ". . . We're musical John the Baptists. . . I think God's called us to be prophets. . ." Whose prophets are they? In their song "Fend or Four" they sing for Satan—**IN THE FIRST PERSON!** I kill the children before they're born! I kill children! I am not form! Don't buy them shoes, they won't be worn! I kill children! I am not scorned. On the cover of their album, "Rainbow Inn", is a Mother Goddess with serpent-like hair, sitting in a satanic circle!

White Heart very "subtly" (See Genesis 3:1) flashes on the cover of their album, *Power House*—the satanic salute on a bowling ball! In 1985 their lead singer was arrested for child molestation!

Petra recorded the song "God Gave Rock And Roll To You"—one of the most perverted songs ever recorded! They sing: God gave rock and roll to you! put it in the soul of everyone. . . **SICK! PERVERTED!**

Carman's video, *Witch's Invitation*, is drenched in satanic symbols. Pentagrams (a five pointed star, found on the cover of the satanic Bible) and the satanic salute (index and pinky finger displayed, also found on the back of the satanic Bible) are flaunted in the video. How come these Christian rock stars advertise for the devil? Somebody says, but Carman isn't serious. That's what Motley Crue, Ozzy Osbourne, Slayer, and others say! We're not serious, just having a little fun. **Birds of a feather, flock together!**

And now there's even (God forbid!) Christian Rap! Like the group **DC Talk**. Ecclesiastes 1:9 says, ". . . there is **NO NEW THING** under the sun." But not according to DC Talk. In "Nu Thang" they blasphemously sing: **God is doin' a NU THANG!** through our music. And where did DC Talk get together? At Jerry Falwell's Liberty University! And what does Brother Falwell think of his "rapping-rockers"? In *Calendar* magazine, Falwell says, "During Toby, Michael, and Kevin's tenure at Liberty University, it was obvious to me that God had great plans for these three young men and their powerful program. . . That's quite a statement by Brother Falwell, considering that **Kevin was kicked out of Liberty for a "drinking" problem!**

And just when you thought it couldn't possibly get any worse—the **bottom fell out!** With long womanish hair, earrings, mascara, lip-gloss, eye shadow and effeminate clothes—**Stryper** demolished any convictions left in Christian music! Why Christians tolerate such ungodly behavior is frightening! And despite the Bible's clear warnings! 1 Corinthians 6:9 says: ". . . Be not deceived: neither fornicators, . . . **NOR EFFEMINATE**. . . shall inherit the kingdom of God." The demonic creatures from the bottomless pit in Revelation 9:8 are described as "their faces were as the faces of men. And they had hair as the HAIR OF WOMEN. . .!"

Stryper is not exactly "good little Christian boys." In 1989 Stryper toured with secular rockers **White Lion**. Drummer, Greg D'Angelo, says, "We threw a party. . . About two in the morning **ROBERT SWEET WAS WHACKED! DRUNK!** He was being dragged around on his tiptoes by two women holding him up!" Stryper also toured with the perverted secular group **WASP** (whose name stands for "We Are Sex Perverts"). WASP Singer Blackie Lawless drinks blood on stage from a human skull. The concert tour was called "**HEAVEN AND HELL!**" And Stryper has the nerve to sing "In God We Trust!"

Bass player **Tim Gaines** says, ". . . we NEVER wanted to get caught up in the whole Christian music scene in the first place. . ." Drummer Robert Sweet confesses, ". . . we're about the **MOST UNFELICIOUS** Christian band you could imagine. . ." And according to lead singer, Michael Sweet, "In fact, religion has **NOTHING** to do with what Stryper's all about."

Stryper guitarist Oz Fox's real name is **Richard Martinez**. Why does Richard use the name Oz Fox? Because of an obsession with satanic rocker **Ozzy Osbourne!** In fact, on one album he's listed as "OZZIE" Fox! The name Stryper supposedly comes from Isaiah 53:5

demands is legal FOR ANY REASON UP UNTIL THE DAY OF BIRTH. In June, 1983, the U.S. Senate concluded, "the Committee observes that no significant legal barriers of ANY KIND WHATSOEVER exist today in the United States for a woman to obtain an abortion FOR ANY REASON during ANY STAGE of her pregnancy." That's right! As long as the baby is still in the womb, an abortionist can legally murder in America! UP UNTIL THE DAY OF BIRTH!

Among their tactics to justify abortion and to gain sympathy is the cases of rape, and incest. According to Dr. F.D. Mecklenburg, "Although frequently cited by the pro-abortionists, pregnancies resulting from rape are so rare as to be VIRTUALLY NON-EXISTENT."

Another "sympathetic tactics" is "the save the life of the mother-abortion". But former U.S. Surgeon General C. Everett Koop claims, "Protection of the life of the mother as an excuse for an abortion is a SMOKE SCREEN. In my 36 years of pediatric surgery, I HAVE NEVER KNOWN OF ONE INSTANCE where the child had to be aborted to save the mother's life."

Friend, the fact is, at least 97% of all abortions are for personal convenience or to hide an immoral lifestyle. It's a mother that says, "I'm not gonna let my baby disturb my life—EVEN IF I HAVE TO KILL IT!"

The most ridiculous argument for abortion is: "I can do what I want with my body". It is a scientific and biological fact that in pregnancy there are TWO BODIES! Many women carry babies whose blood type differs from their own. And it is medically impossible for a single individual to have two completely different blood types. Professor A.W. Liley, known as the "Father of Fetology", says, "Biologically, at no stage can we subscribe to the view that the fetus is a mere appendage of the mother. Genetically, mother and baby ARE SEPARATE INDIVIDUALS FROM CONCEPTION."

But what about the 10,000 deaths a year, before Roe v. Wade, from the illegal "rusty coat hanger and back alley" abortions? Dr. Nathanson who was the co-founder of NARAL and WHO ACTUALLY SUPPLIED THE FIGURES, says, "I confess that I knew the figures were TOTALLY FALSE, . . ." The Center for Disease Control, in 1972, the last year before Roe v. Wade, reported the total deaths from illegal abortion WAS ONLY 39 DEATHS! Quite an exaggeration from 39 to 10,000. And according to Dr. Wilkie, ". . . THERE IS NOT ONE documented case of an abortion induced by a coat hanger . . . the entire concept of 'coat hanger' abortions is a total fabrication by pro abortion people. IT SIMPLY NEVER HAPPENED." Par for the course. LIES, DECEIT, AND DISHONESTY! See John 8:44!

But by far, their most deceitful lie is "abortion is safer than child birth." If abortion is so harmless and safe, why are there tens of thousands of women in groups such as: American Victims of Abortions (AVA), Victims of Choice, Women Exploited by Abortion (WEBA), and others? According to studies, women who've had abortions, are NINE TIMES MORE LIKELY TO ATTEMPT SUICIDE! On March 16, 1989, before Congress, Psychologist Wanda Franz, Ph.D. testified, the women, ". . . report horrible nightmares of children calling to them from trash cans, of body parts, and blood . . . They feel worthless and

THE ROLE OF BEING A MOTHER."

When confronted with the above facts, the deluded abortionist screams, "Freedom of choice, right to privacy!" But, if abortion is such a "right" and "freedom", why is it in Russia that 90% of all first-time pregnancies end in abortion? Why is abortion so rampant when "freedom of choice" and "right to privacy" is nonexistent? **Because abortion has nothing to do with "rights" and "freedoms." IT IS ABOUT SIN! IT IS MURDER!**

The Bible CLEARLY teaches that human life begins at conception. Jeremiah 1:5, "BEFORE I formed thee in the belly I knew thee; and BEFORE thou camest forth out of the womb I sanctified thee. . . ." Isaiah 49:1, ". . . The LORD hath called me FROM THE WOMB; from the bowels of my mother hath he made mention of my name."

Maybe you're reading this tract and you're thinking of an abortion. PLEASE, DON'T KILL YOUR BABY! Contact us, we'll help you get in touch with people who can help you. But let's stop the killing!

Maybe you've already had an abortion. This tract hasn't been easy. But you need to face the facts. Scientifically, biologically and Biblically, abortion is the taking of a human life.

But, I have wonderful news for you! The Lord Jesus Christ can clean that guilty stain. Isaiah 1:18, says, "Come now, and let us reason together, saith the LORD: though your sins be as SCARLET, they shall be as white as SNOW; though they be red like CRIMSON, they shall be as WOOL." Jesus Christ paid for ALL your sins on Calvary's cross! 1 John 1:7 says, ". . . the blood of Jesus Christ his Son cleanseth us from ALL SIN." ALL SIN, THAT INCLUDES ABORTION! There's no sin the blood of Jesus Christ can't wash away!

Why not this moment pray and trust Jesus Christ?

Pray this prayer and mean it with all your heart. Lord Jesus, I know I am a sinner. I know you died for me at Calvary. I come to you now, the best I know how, and ask you to save me. I now receive you as my Savior. In Jesus Christ Name, Amen.

What They Won't DARE Tell You

by Terry Watkins

Since 1973, abortion has destroyed over 30 million American! More than 20 times the number of soldiers killed in America's history! Abortion chambers have killed more than the COMBINED POPULATION of Montana, Idaho, Wyoming, Colorado, North Dakota, South Dakota, Nebraska, Kansas, Iowa and Arkansas! One out of every three babies is destroyed than 4,300 a day. Every twenty seconds—another precious life killed! The time it takes you to read this tract—abortion destroyed 50 more babies!

On January 22, 1973, without the vote of the people, legislation, seven black-robed men declared war on the infamous Roe v. Wade decision set the stage for the most massive slaughter in history. In a landmark decision, the Court ruled the unborn child was not a person, "potential person"!

Expert witnesses, UNANIMOUSLY testified before the human life begins the moment of conception. Professor Hy of the Mayo Clinic, said, ". . . it is an ESTABLISHED FACT including human life begins at the MOMENT OF CONCEPTION." Professor M. Matthews-Roth, Harvard University, said, "TIFICALY CORRECT to say that individual human life . . . On and on they echoed the same concept. Pioneer medical researcher, Dr. Landrum Shettles, conc there is one fact that no one can deny: HUMAN BEING; CONCEPTION."

Choosing to totally ignore the clear scientific evidence—the court ruled, "... the fetus, at most, represents only the **POTENTIALITY OF LIFE.**"

When human beings are dehumanized as "potential life," as "fetus," as "embryo," or as a "product of conception," you are paving the way for a holocaust! You can't rationally destroy babies, but you can "abort" **FETUSES** and **EMBRYOS!** Change the name, hide the truth, and it gets easy! Fetal researcher Dr. Martti Kekomaki said, "The **FETUSES** are fully alive when we cut their heads off, but anesthetics are definitely unnecessary. . . . **AN ABORTED BABY IS JUST GARBAGE.**" . . . Hitler had the severed head's of Jews made into "paperweights." **MOVE OVER, HITLER!** A Chicago biological supply firm actually sold, **THE BRAINS, ORGANS, AND BODIES OF ABORTED BABIES** encased in a plastic block!

In October of 1971, two years before the Roe v. Wade decision, a group of 220 world-renown scientists, and biologists submitted a legal brief to the Supreme Court. The report claimed, "to show how **CLEARLY AND CONCLUSIVELY** modern science-embryology, fetology, genetics, perinatology, all of biology **ESTABLISHES THE HUMANITY OF THE UNBORN CHILD.**" This extensive briefing proved beyond any doubt that scientifically human life begins at conception. The report stated, "in its seventh week, [the pre-born child] bears the familiar external features and all the internal organs of the adult. . . the brain in configuration is already like the adult brain and sends out impulses that coordinate the function of other organs. The heart beats sturdily. The stomach produces digestive juices. The liver manufactures blood cells and the kidneys begin to function

by extracting uric acid from the child's blood. After the eighth week everything is already present that will be found in the full-term baby." **And according to their own words, "THE UNBORN IS A PERSON within the meaning of the fifth and fourteenth amendments."**

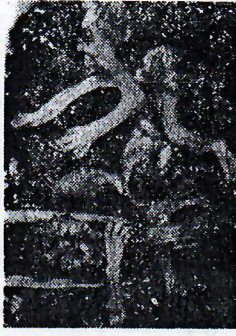

18 days after conception, usually before the mother knows she's pregnant, the heart begins beating. By the 7th week all 20 milk-teeth buds are present. **By the 8th week every body organ is present. Nothing new develops the rest of their adult life! THEY JUST GROW LARGER!**

The news media has given enormous publicity to abortion. They have unabashedly covered the legislative battles, judicial appointments, demonstrations, and opinion polls. **But they have carefully avoided the heart of the issue—THE ABORTION ITSELF!** Why? Why do they delicately sidestep the abortion itself? Why doesn't the news media show a clear picture of an aborted baby? Why doesn't the news media describe an abortion procedure? Because over 90% of the media is pro-abortion and a relentless defender of abortion. **They know if America could see the horror of an abortion—ABORTION WOULD BE OVER!**

What actually happens during an abortion?

In most abortions, the baby is vacuumed out of the womb by a powerful suction machine. Known as **suction curettage**, the force of the vacuum **LITERALLY RIPS THE CHILD APART—LIMB BY LIMB**, until all that remains is the child's head! The abortionist then inserts forceps into the womb and crushes the child's head to a small enough size to be removed by the vacuum. Dr. Bernard Nathanson, who has performed over 60,000 abortions, describes the procedure. "The baby is simply chopped

The tormented child is seen kicking and squirming, ately trying to escape the deadly force of the suction. **The suction begins to literally rip the helpless child apart—LIMB. The mutilated little girl is seen with her mouth open, ghastly "SILENT SCREAM!"**

The doctor who actually performed the abortion cough through the editing! As he saw the young girl frantically fight young life, **he jumped up and ran out of the room! AND HE PERFORMED ANOTHER ABORTION—though he had performed thousands!**

Another popular procedure is **D and E** or "dilation and tion." One has to ask. . . How did the pro-abortion movement America, that she would unmercifully slaughter over 30 million babies? Simple. **BY LIES, DECEIT AND SMOKE-SCREEN**

Dr. Bernard Nathanson, former director of the largest tabor in the Western World and co-founder of the National Abortio Action League (NARAL), said of their tactics, "We fed a line of **OF DISHONESTY, OF FABRICATION** of statistics and fig coddled, and caressed, and stroked the press."

Since 1973, abortion has destroyed over 30 million children in America! More than 20 times the number of soldiers killed in all the wars in America's history! Abortion chambers have killed more children than the COMBINED POPULATION of Montana, Idaho, Wyoming, Utah, Colorado, North Dakota, South Dakota, Nebraska, Kansas, Minnesota, Iowa and Arkansas! And finally, **THE HEAD IS LOCATED AND CRUSHED** with a clamp and removed."

And the world was shocked by the mutilation-murders of Jeffrey Dahmer! Headlines were splattered across the nation. **And yet every 20 seconds a defenseless little child is mutilated and murdered in America with hardly a whimper!**

There's something sick about a country that spends millions saving whales, dolphins, bald eagles, and coke bottles. And yet fiercely justifies the slaughter and massacre of millions of unborn babies! Television specials have shown the plight of the dolphins, but where are the specialists showing the brutal murder of millions of babies? **The fact is—unborn children in America have less protection than an animal!** A person can be fined \$5,000 and put in jail for one year for destroying the egg of a bald eagle. **And yet that same PERVERTED SOCIETY, passes laws that advocate the mutilation and murder of nearly 2 million unborn children a year!**

One has to ask... How did the pro-abortion movement so charm America, that she would unmercifully slaughter over 30 million helpless babies? Simple. **BY LIES, DECEIT AND SMOKE-SCREENS!**

Dr. Bernard Nathanson, former director of the largest abortion clinic in the Western World and co-founder of the National Abortion Rights Action League (NARAL), said of their tactics, "We led a line of **DECEIT, OF DISHONESTY, OF FABRICATION** of statistics and figures. We coddled, and caressed, and stroked the press."

One of their most popular cover-ups: that abortion is legal only in the first three months. **But the fact is: abortion is**

by extracting uric acid from the child's blood. After the eighth week everything is already present that will be found in the full-term baby." And according to their own words, **"THE UNBORN IS A PERSON within the meaning of the fifth and fourteenth amendments."**

18 days after conception, usually before the mother knows she's pregnant, the heart begins beating. By the 7th week all 20 milk-teeth buds are present. **By the 8th week every body organ is present. Nothing new develops the rest of their adult life! THEY JUST GROW LARGER!**

The news media has given enormous publicity to abortion. They have unabashedly covered the legislative battles, judicial appointments, demonstrations, and opinion polls. **But they have carefully avoided the heart of the issue—THE ABORTION ITSELF!** Why? Why do they delicately sidestep the abortion itself? Why doesn't the news media show a clear picture of an aborted baby? Why doesn't the news media describe an abortion procedure? Because over 90% of the media is pro-abortion and a relentless defender of abortion. **They know if America could see the horror of an abortion—ABORTION WOULD BE OVER!**

What actually happens during an abortion?

In most abortions, the baby is vacuumed out of the womb by a powerful suction machine. Known as suction curettage, the force of the vacuum **LITERALLY RIPS THE CHILD APART—LIMB BY LIMB,** until all that remains is the child's head! The abortionist then inserts forceps into the womb and crushes the child's head to a small enough size to be removed by the vacuum. Dr. Bernard Nathanson, who has performed over 60,000 abortions, describes the procedure. "The baby is simply chopped

Choosing to totally ignore the clear scientific evidence—the court ruled, "... the fetus, at most, represents only the **POTENTIALITY OF LIFE.**"

When human beings are dehumanized as "potential life," as "fetus," as "embryo," or as a "product of conception," you are paving the way for a holocaust! You can't rationally destroy babies, but you can "abort" **FETUSES and EMBRYOS!** Change the name, hide the truth, and it gets easy! Fetal researcher Dr. Marthi Kekomaki said, "The **FETUSES** are fully alive when we cut their heads off, but anesthetics are definitely unnecessary. ... **AN ABORTED BABY IS JUST GARBAGE.**" "Hitler had the severed head's of Jews made into "paperweights." **MOVE OVER, HITLER! A Chicago biological supply firm actually sold, THE BRAINS, ORGANS, AND BODIES OF ABORTED BABIES** encased in a plastic block!

In October of 1971, two years before the *Roe v. Wade* decision, a group of 220 world-renown scientists, and biologists submitted a legal brief to the Supreme Court. The report claimed, "to show how **CLEARLY AND CONCLUSIVELY modern science-embryology, fetology, genetics, perinatology, all of biology ESTABLISHES THE HUMANITY OF THE UNBORN CHILD.**" This extensive briefing proved beyond any doubt that scientifically human life begins at conception. The report stated, "In its seventh week, [the pre-born child] bears the familiar external features and all the internal organs of the adult... the brain in configuration is already like the adult brain and sends out impulses that coordinate the function of other organs. The heart beats steadily. The stomach produces digestive juices. The liver manufactures blood cells and the kidneys begin to function

Rock Music

by Terry Watkins

More than half a million teenagers attempt suicide each year—nearly two-thousand a day! Suicide has increased 300 percent since 1950! The teenage suicide rate in America is the highest of all industrialized nations. And according to the National Education Association, "... teenage suicides are linked to depression fuelled by FATALISTIC MUSIC AND LYRICS."

In 1988, Dr. Mark Rosenberg, addressing the American Society of Suicidology, said, "It was thought that the way to prevent suicides was to treat depression... It's not the case with these kids. Rather than being clinically depressed, these young suicide victims are impulsive, acting out FANTASIES." Where are the fantasies coming from these young people are acting out? Time after time: the culprit — ROCK MUSIC!

Dr. Paul King, medical director of the adolescent program at Charter Lakeside Hospital, in Memphis Tennessee, says more than 80 percent of his patients are there because of rock music. He adds, "the lyrics become a philosophy of life, a RELIGION."

Elton John, sings, "Think I'll buy a forty-four/Give 'em all a surprise/Think I'm gonna kill myself./CAUSE A LITTLE SUICIDE." The Nihilistics sing, "This method is effective, tried and true/It's the only solution left for you/Kill yourself, kill yourself/It's about time you tried/Kill yourself, kill yourself/IT'S ABOUT TIME YOU DIED." The Healing Faith sings, "Put a bullet in the chamber/You die in my mouth/Six to one I'm gonna make it/One in six I'll snuff it out." Metallica sings, "I have lost the will to live/Simply nothing more to give/There is nothing more for me/NEED THE END TO SET ME FREE." Suicidal Tendencies sing, "Sick of living - I'm gonna die/SUICIDE'S AN ALTERNATIVE."

weeks. "Tommy's father said later, all week his son had been singing a ROCK SONG "about blood and killing your mother."

Satan wants to destroy you and damn you in hell! Peter 5:8 says, "... the devil, as a roaring lion, walketh about, SEEKING WHOM HE MAY DEVOUR." And there's only One person in the Universe that can stop him—THE LORD JESUS CHRIST!

Friend, Jesus Christ died on an old, rugged cross to PAY FOR YOUR SINS! He died to keep YOU out of hell! And as sure as you live and breathe—if you die WITHOUT receiving Jesus Christ as your Saviour—YOU WILL SPEND ETERNITY IN A LAKE OF FIRE!

AND IT WILL HAPPEN!

"And whosoever was not found written in the book of life was cast into the LAKE OF FIRE."

Revelation 20:15

If you've never been saved, why don't you trust the Lord Jesus Christ this minute? You'll never regret it!

Just pray this prayer, and mean it with all your heart.

Lord Jesus, I know that I am a sinner, and unless you save me I am lost forever. I come to you now, the best way I know how, and ask you to save me. I now receive you as my Savior, and give you control of my life. In Jesus Name, Amen.

There is no rational explanation for such behavior, outside of "satanic" influence. Reporter Tom Jarriel on ABC's "20/20" said, "The Satanic message is clear, both in the album covers and in the lyrics, WHICH ARE REACHING IMPRESSIONABLE YOUNG MINDS." According to the book Satanism in America, which is endorsed by the National Criminal Justice Task Force on Occult Related Ritualistic Crimes, hard-core Satanism has been called "the fastest-growing subculture among America's teens."

The facts speak loud and clear! Satan, using a very powerful and deadly weapon called ROCK MUSIC—has penetrated the minds of this generation!

Young people tell me, "Aw man, it's not affecting me. I don't worship the devil. I'm not gonna commit suicide, or anything. I just like listening to the music. But, it doesn't affect me."

That's not what Dr. Kappas says!

Dr. John Kappas, a leading researcher of the mind and hypnosis, started in the early 60's studying the effects of rock music. Dr. Kappas said, "... the things that aren't understood about all these satanic things is how they get the message across to these young people. What you are talking about is what is called WAKING SUGGESTIBILITY. These are highly suggestible states easily influencing the young... any conscious message that goes along with that record will be bought by the listener at that time. THERE IS NO DEFENSE against the conscious message received at that time... They will take in anything that you suggest at that time BECAUSE THEY HAVE NO DEFENSES AGAINST IT... THEY BECAME HYPNOTIZED... These were individuals who were ESSENTIALLY WALKING AROUND IN A HYPNOTIC STATE..." (Satanism, Schwarz & Empey, pp. 147-152)

And young people say, "it doesn't affect me!"

Fourteen-year-old Thomas Sullivan of New Jersey, a fan of Ozzy Osbourne, claimed it didn't affect him either. But on January 9, 1988 the small town of Jefferson Township knew better. Tommy Sullivan, your typical, all-American, fourteen-year-old—BECAME A BRUTAL KILLER! That Saturday night, Tommy's father was awakened by the sound of a smoke alarm. He got up and discovered a small fire burning in the living room. While he was putting it out, he heard the front door slam. He went to the window in time to see someone plow the family car into a snowbank, then jump out of the car and run. Then he found his wife in the basement, lying in a pool of blood. Her eyes had been gouged, her cheeks carved and her throat brutally slit.

"We knew immediately who our suspect was," said Detective Hart. On the front seat of the family car was found a note in Tommy's handwriting, addressed to "the greatest demons of hell." It included a pledge to kill his family. The pledge had been crossed out, and in parentheses, Tommy had added, "I have already killed my family."

Early the next morning, a neighbor spotted Tommy's shirtless, frozen body in the neighbor's snow-covered backyard. His wrists were slashed and his throat slashed from ear-to-ear with an intensity that nearly decapitated him. Mayor Fran Slayton put it best, "There's just something that's bothering me about this situation: it bothers me that a good kid like that can go in two

Ken Wooden, reporter for "20/20" said, "Why do we spend billions on advertising? Because people answer the ads. This type of music is a form of advertising . . . And I've seen kids who have responded to the ads. **I'VE SEEN THEM DEAD ON MARBLE SLABS.**"

Sixteen-year-old Steve Boucher put a gun to his head, pulled the trigger and blew his brains out. His parents blame their son's suicide with his obsession to AC/DC's song "Shoot to Thrill." He was sitting under his AC/DC poster when he pulled the trigger.

In February 1986, eighteen-year-old Phillip Morton, hung himself from a closet door in Delafield, Wisconsin. Pink Floyd's album *The Wall*, which includes such songs, as "Goodbye Cruel World" and "Waiting for the Worms," was playing in the background.

In the book "The Psychology of Music", Dr. Schoen says, "Music is the most powerful stimulus known among the perceptive processes." Charles Manson, who claimed inspiration from the Beatles, used music to gain "satanic" control over his followers who went so far as murder under his command. Art Linkletter blamed "secret messages" in rock music for the death of his daughter in 1969. Dr. Howard Hanson, a director of the famous Eastman School of Music said, "Music is made up of many ingredients and according to the proportions of these components, it can be soothing or invigorating, ennobling or vulgarizing, **IT HAS POWERS FOREVER AS WELL AS FOR GOOD.**"

Satan has commanded a vicious attack at the young of this generation. Jesus Christ said in John 10:10, "The thief cometh not, but for **STEAL and KILL, and to DESTROY.**" And his number one target is the most vulnerable—**THE YOUNG!** The Dead Kennedys, sing, "I kill children, I love to see them die/I kill children, I make their mothers cry."

The Bible in Ezekiel chapter 28 describes Satan before his rebellion and fall, verse 13, "... thou hast been in Eden the garden of God; every precious stone was thou covering . . . the workmanship of thy **TABRETS and of thy PIPES was prepared in thee the day that thou wast created.**" **Tabrets and pipes are musical instruments!** Satan is connected with music! And you'd better believe he knows the awesome power of music!

THE BATTLE IS FOR THE MIND!

2 Corinthians chapter 4: verses 3-4 says, "But if our gospel be hid, it is hid to them that are lost: In whom the god of this world (referring to Satan) hath **BLINDED THE MINDS of them which believe not.** The battle is a battle for the MIND. Jesse Penn-Lewis in her book, *Battle for the Mind* says, "There is a great battle to-day over **THE USE AND CONTROL OF THE MIND . . . it is primarily THROUGH THE MIND that Satan holds his captives in his power.**" The greatest attack Satan ever placed upon the human mind is rock music. Mick Jagger of the Rolling Stones, who *Newsweek* magazine calls the Lucifer of rock, said years ago, "we, we had they're bodies. . . and now **WE WANT THEIR MINDS.**"

Satan knows, if he can capture your mind he can control you. Jesus Christ commanded us in Matthew 22:37, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy MIND." In Mark 5, Jesus Christ casts the demons out of the maniac of Gadera, and verse 15 reads, "And they come to Jesus, and see

and clothed, and in his right MIND." The apostle Peter gives a solemn warning in 1 Peter 1:13, "Wherefore gird up the loins of your MIND." The battle is clear—**SATAN WANTS YOUR MIND!**

Anyone who has studied hypnosis knows the key vehicle for hypnosis is repetition. In hypnosis, the subject is usually asked to repeat a phrase over and over until their conscious mind is in a hypnotic, suggestive state. While under hypnosis, people have little or no control over their actions. Many times they don't even know what happened.

In San Antonio, Texas, a sixteen-year-old boy while listening to Pink Floyd's album, *The Wall*, went into a trance-like state. Without warning, he suddenly jumped up and brutally stabbed his aunt to death. According to the police report, there were no drugs involved—**JUST THE MUSIC!** The boy claimed the music **HYPNOTIZED HIM and does not even remember the killing!**

ROCK ATTACKS THE MIND!

Satan is using a powerful and subtle form of hypnosis to capture the mind! The key to hypnosis is repetition and the main ingredient of rock music is repetition. An overwhelming, repetitive, driving beat. That steady, repetitive beat can place the listener's mind into a dangerous state of suggestive hypnosis. And, that danger is frightening when you consider the words fed into that young impressionable mind!

In October 1984, Nineteen-year-old John McCollum shot himself, while listening to Ozzy Osbourne sing "Suicide Solution": "Evil thoughts and evil doings/Cold, alone, you hang in ruins/Thought that you'd escape the reaper/You can't escape the Master Keeper. . . Where to hide, **SUICIDE IS THE ONLY WAY OUT.**" He was still wearing the headphones when his body was found!

The Institute for Bio-Acoustics Research, Inc. (IBAR) was hired to evaluate "Suicide Solution". Not surprisingly, they found subliminal lyrics that weren't included in the copyright "lead sheet"! The subliminal lyrics are sung at one and one-half times the normal rate of speech and are not grasped by the first time listener. However, they claim the subliminal lyrics, "are audible enough that their meaning and true intent becomes clear after being listened to over and over again." What are some of the hidden subliminal lyrics? "Why try, why try? **GET THE GUN AND TRY IT! SHOOT. . . SHOOT. . . SHOOT,**"—followed by a hideous laughter!

But, that's not all! IBAR's analysis of "Suicide Solution" found something else: **Hemisync tones, which result from a patented process that uses sound waves to influence an individual's mental state. The tones have been found to increase the rate at which the human brain assimilates and processes information.** IBAR alleges that the Hemisync tones made 19-year-old John McCollum more vulnerable to the suggestive lyrics sung by Ozzy Osbourne.

The McCollum's attorney says he has received "at least 20 phone calls from parents indicating their kids committed suicide—not just listening to rock music but specifically to Ozzy Osbourne." John McCollum's father said, "THEY KNOW WHAT THEY ARE PUTTING OUT . . . there are people who are out there trying to make money, and **THEY HAVE NO HESITATION TO SELL YOUR KIDS DOWN THE DRAIN . . .** You see a perfectly normal kid there who doesn't show any signs of depression at all—happy. Then six hours

Jimmi Hendrix, among rock's greatest guitarists, who choked to death on his own vomit in 1970 due to a drug overdose, said, "Atmospheres are going to come through music because music is a spiritual thing of its own. **YOU CAN HYPNOTIZE PEOPLE WITH MUSIC and when you get people at the weakest point YOU CAN PREACH INTO THEIR SUBCONSCIOUS whatever you want to say.**" Homosexual rock star Little Richard, said, "Some rock and roll groups stand in a circle and drink cups of blood. Some get on their knees and pray to the devil. **ROCK AND ROLL HYPNOTIZES US AND CONTROLS OUR SENSES.**"

In December 1985, eighteen-year-old Raymond Belknap and James Vance after listening to Judas Priest sing "Beyond the Realm of Death", climbed out the bedroom window, and went to a nearby church playground. There Belknap put a sawed-off shotgun to his head, pulled the trigger and literally blew his head off. As Belknap lay dead on the playground, Vance took his turn. He said, "There was so much blood I could barely handle it, and I reloaded it and then, you know, it was my turn, and I reloaded myself. I was thinking about all that there was to live for, so much of your life is right before your eyes, and it was like **I DIDN'T HAVE ANY CONTROL . . . MY BODY WAS COMPELLED to do it and I went ahead and shot.**" Vance survived the gunshot wound, but slipped into a coma in November, 1988 and died a few days later.

The bereaved parents brought legal action against Judas Priest. The lawsuit stated, "The suggestive lyrics combined with the continuous beat and rhythmic non-changing intonation of the music combined to induce, encourage, aid, abet and mesmerize the plaintiff into believing the answer to life was death." According to expert witnesses who analyzed the Judas Priest album, both subliminal messages and backmasking were found. They found the subliminal message "Do it" at least six times. Attorney Kenneth McKenna said, "They just literally OBEYED THE COMMANDS OF THE MUSIC, AND THE LYRICS. . ."

ROCK MUSIC KILLS. . .

Do you remember Patty Hearst? In February, 1974, she was kidnapped by the Symbionese Liberation Army. But shortly, she's helping the SLA rob banks. **How did they convert her?** *Newsweek* magazine, February 16, 1976, Dr. William Sargent, Britain's foremost expert on brainwashing was asked to examine Patty Hearst. His conclusion: "she was a victim of "forced conversion" or brainwashing. Her nervous system was kept at maximum stress by the continual playing of loud **ROCK MUSIC. . . a person whose nervous system is under constant pressure can "inhibit" and "exhibit" paradoxical brain activity—BAD BECOMES GOOD AND GOOD BECOMES BAD.**"

According to Dr. Sargent, rock music can actually "convert" the listener—**BAD BECOMES GOOD, AND GOOD BECOMES BAD!** That explains the often irrational and unnatural behavior among today's youth. I've had young people, without the least bit of fear or hesitation, look me straight in the face and say, "Yea, man, I wanna go to hell, we're gonna party down in the flames of hell with Satan."

Sixteen-year-old, Dennis Bartts, of Center Point, Texas, told his best friend he "planned to meet Satan." He walked to the high school football field, carrying his portable cassette player. When he got there he popped AC/DC's "Highway to Hell" in the cassette player,

One Man, One Woman
100% Gender Equality and Diversity

Binary Logic Dictates That Two-Genders Can't Have Equality Both Ways

**One Man, One Woman is 100% Equality
Same-Sex is Zero Equality (Sex Segregation)**

The SJC Changed Equality to Include Diverse Forms of Sex Segregation!

- Same-Sex unions Legalize All-White Male-Dominated Civil Institutions
- Gays Claim an Unchangeable Preference for Their Own Class (Sex) – Class Preference Shouldn't be Confused With Individual Preference
- Homosexual Preference is Class Discrimination (Sexism)
- Heterosexual Preference is Class Equality
- Only Heterosexual Preference Provides Equal Protection Under Law

is our compassion for gay folk's predicament clouding our judgment and making us lose our sensibility? How can codifying diverse forms of sexism be called equality and diversity? The SJC decision must be overturned - it's an oxymoron. If gay folks claim that same-sex marriage is about diversity and equality then why isn't diversity and equality good enough for their unions? Same-sex unions intrinsically harm society by dividing men & women by gender-segregation, invalidating heterosexual diversity and equality. Homosexuality causes gay men to prefer the most privileged people in their lives to be only of their "own kind". Children and society see, by role model, that women have no equality. Women are on the sidelines, as womb-donors & nannies and children are denied the unique qualities and intimate contribution a mom provides.

Any other group of people claiming an unchangeable class preference (bias) such as same-race (e.g., all-white 'homocratism') would never be considered constitutional. However, it would be impossible for our constitution to protect the equality of different races of people if nature didn't allow "individual preference" for same-race unions, enabling reproduction. But, homosexuality is not a physical race of people. It is just preference-by-class discrimination. Anyone can choose not to act upon feelings of discrimination. Nature has never given homosexuality the ability to reproduce for obvious reasons. There is no child-birth or "state interest" in homosexuality. This is objective proof that homosexuality is not supposed to be equal to heterosexuality (see GayAnswers.com for more). However, gay people are equal individual contributors.

Why Should the Family, the Building Block of Society, be Changed to an Icon of Zero Equality and Legalized Sexism?

Warning: Zero-equality, all-white-male-dominated institutions with tax-payer funded benefits are soon to be available on May 17, 2004 (Mass. SJC). It is not possible to detect if someone is gay, so any non-gay pair of people such as white supremacists could obtain tax-payer funding through legal same-sex unions.

UNDERSTANDING "BIRTH CONTROL"*
What Every Christian Counselor Should Know

* The terms "birth control" and "contraception" are placed in quotes when used initially because many methods of "family planning" do not always prevent fertilization from occurring. Instead, the pregnancy is aborted through a chemical process.

What Every Christian Counselor Should Know

Did You Know ...

...that many commonly used forms of "birth control" or "contraception" can actually cause an abortion early in a pregnancy?

IT'S TRUE!

Some methods of "family planning" should give Christians cause to reconsider. Facts concerning the mechanisms through which most methods of "contraception" prevent the birth of a baby are enough to establish that there are grave moral problems which arise.

Do not be fooled into dismissing concerns over "birth control" as simply a "Catholic issue." It is worth noting that remarkable Church leaders like Martin Luther, John Calvin, and John Wesley criticized practices aimed at preventing or terminating a pregnancy.

How They Work

The average person has little knowledge of the way various birth control methods such as the Pill, Depo Provera,

Norplant, and the intrauterine device (IUD) work. Take a moment to read some of the facts concerning the most popular methods used to avoid having a baby.

The IUD

The Intrauterine Device, or IUD is not a contraceptive. That is, it does not prevent fertilization, the joining of an egg and

sperm, from occurring (conception). It does nothing to disrupt ovulation, the menstrual cycle, or to thicken the cervical mucus.

The IUD is a device which is inserted into the womb and which creates a hostile environment by irritating and thinning the endometrium, the lining of the uterus. Such a state of irritation leaves the uterine

wall unprepared for the process of implantation when a newly conceived baby attempts to cleave to the wall of the uterus.

Though literature on the IUD suggests that perhaps fertilization may be prevented; that perhaps copper in the IUD kills sperm, there is no evidence to support the hypothesis that sperm are killed or that fertilization is prevented at all. In fact, G.D. Searle, one company which produces the IUD, conceded early on that the device does nothing more than prevent the unborn child from attaching to the wall of the uterus:

*"The action of the IUDs would seem to be a simple local phenomenon. That these devices prevent nidation [implantation] of an already fertilized ovum has been accepted as the most likely mechanism of action."*¹

So, when the conceived child, driven by nature, seeks out the warmth, nutrition, and comfort of the mother's womb, the IUD has essentially put out an "Unwelcome" mat.

Understanding that human life begins at conception, this intentional disruption of the uterine environment produces an early abortion. The unborn child, unable to implant, starves for lack of nutrition, dies,

and is slow to menstruate.

Depo-PRU

RU some birth control progesterone injected vaginally. Depo-PRU

The injection lasts for three months. The secretions of the uterus act to stimulate ovulation. The lining of the uterus is thinned, making it unlikely for a new pregnancy to occur.

Depo-PRU is recommended for use as a long-term birth control method.

Norplant

Norplant is a small, flexible, surgically inserted device that releases progestin.

It should be noted that the insertion of Norplant is a surgical procedure.

Depo-Provera®

RU-486 is an anti-progesterone, but
 some birth control falls into the category of
 progesterones which can be delivered orally,
 vaginally or by injection. A common one is
 Depo-Provera® (DMPA).

This drug is generally administered by
 injection intramuscularly (IM) every three
 months. It is thought that by inhibiting the
 secretion of pituitary gonadotropin DMPA
 acts to suppress
 ovulation. It also
 irritates and thins
 the lining of the
 uterus, making
 implantation of
 the newly
 conceived person
 unlikely.

DMPA is
 recommended for
 use as a contraceptive by its manufacturer,
 UpJohn.²

Norplant®

Norplant too is a progesterone drug
 which is increasingly popular despite
 significant risks which are associated with
 it.³ The drug is encased in five or six
 flexible closed capsules, or rods, which are
 surgically implanted beneath the skin.

Again, pregnancy is either avoided
 through the suppression of ovulation, or,
 should ovulation occur, an irritation to the
 uterine wall prevents placental implan-
 tation of the child.

The Pill

The Pill is called an oral contra-
 ceptive, implying that conception is
 prevented. However, actual prevention of
 pregnancy is only true for two of its three

mechanisms. The three mechanisms are
 briefly indicated in this quote from the
 Physician's Desk Reference (PDR):

*"Although the primary mechanism of
 this action is inhibition of ovulation, other
 alterations in the genital tract, including
 changes in the cervical mucous (which
 increase the difficulty of sperm entry into
 the uterus) and the endometrium (which
 may reduce the likelihood of implan-
 tation) may also contribute to contra-
 ceptive [sic] effectiveness."⁴*

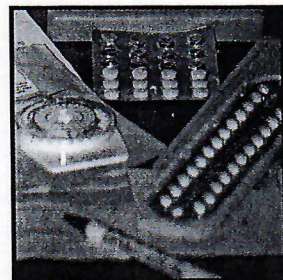

So, to summarize, the mechanisms by
 which the Pill can prevent the birth of a
 baby are:

- 1.) Inhibiting ovulation, and thus
 preventing fertilization from ever occurring.
- 2.) Thickening the cervical mucous,
 thereby making it more difficult for sperm
 cells to travel into the uterus, and reducing
 the chance that fertilization might occur.

But should there be what the medical
 literature refers to as a "breakthrough
 ovulation" (a failure to prevent ovulation)
 and a resulting pregnancy (fertilization),
 the Pill also performs a function similar to
 the IUD. The Pill too provides a chemical
 mechanism which makes the uterus a
 hostile environment by:

- 3.) Changing
 the endometrium,
 thinning it, so
 that implantation
 does not occur.
 The unborn child
 is aborted.

In the end, it
 does exactly the
 same work as the
 much publicized
 abortion pill, RU-486.

This information is not new. And the
 disruption which causes early chemical
 abortion is not limited to a few types of the

Pills. With all of the oral contraceptives, it is estimated that the abortion-causing mechanism comes into play between 2% and 10% of the time. In fact, the "mini-pills" which have no estrogen allow ovulation to take place 40-60% of the time.⁵

Still, drug companies elect to call their products "contraceptive."

What Does This Mean?

Calling these methods "contraceptive" is deceptive. Such deception has meant that many Christians who would not ever consider terminating a pregnancy through one of the methods of surgical abortion are unknowingly using methods of birth control which, at least 2% to 10% of the time, may be taking the life of a newly conceived child.

Dr. Bogomir Kuhar, a pharmacist concerned about chemical abortion, has calculated that combining all forms of induced abortion—IUD, injectibles like Depo-Provera, implants such as Norplant, the Pill, and surgical—between 9.6 and 13.4 million pregnancies—young lives—are terminated in the United States each year.⁶

How Should We Then Live?

Many people have wondered why the church has seemed to have so little effect when it comes to stopping legal abortion in America. Is it possible that, knowingly or unknowingly, "contraceptive" practices used by Christians have robbed the Church of her moral authority to speak against abortion?

When we, as Christians declare the biblical truth that human life begins at conception, and that we oppose abortion, we must be consistent. We must not compromise by refusing to address methods

of birth control which result in an abortion. Not only are we accountable for applying truth in our own lives, as Christian counselors and leaders, we need to share what we know.

We need to stop promoting the world's view of "family planning."

Our pre-marital counseling should address the abortion risk inherent in these popular methods of birth control.

Christian couples are entitled to know that some methods of birth control can be deadly for their unborn children.

This photograph of an unruptured ectopic pregnancy was taken after surgery at the University of Minnesota by a medical photographer of the Department of Medical Art and photography at the University. The 22-year-old mother had experienced her last normal menses 6 weeks prior to admission. The picture was originally printed in the *Bulletin of the Bell Museum of Pathology* of the University of Minnesota Medical School: Autumn, 1972 - Publication No. 2. The heart begins beating between the 18th and 25th day. The foundation for the entire nervous system is laid down by 3 weeks. At 6 weeks, the skeleton is complete and reflexes are present. Electrical brain waves have been recorded at 6 weeks. The brain and all the body systems are present by 8 weeks.

DISCREET behaviour is an important part of respectability, and has assisted men and women to be virgins for their weddings, yet some had been to **UNIVERSITY** and other places of advanced learning, and had sexual friends at that time, and were very passionate, too. Being discreet helps to keep these people —faithful in marriage, as well. See page 4, line 21.

EIGHT PASSION PROTEINS WITH CARE

This booklet would benefit more, if it were read occasionally. And it deserves to be read at all changes of life: marriage, expectancy, menopause, retirement, old age, new situations, etc.

.. or PROTEIN WISDOM

Proteins are for body building; for body maintenance; and for reproduction involving the build up of passion for mating.

Most foods contain —some protein; but the eight passion-proteins are foods that have much protein, and that individuals eat frequently. So, how obvious it is that we should regulate passion, by regulating our eating of these eight classes of food.

Those who do not have to work hard with their limbs, and those who are inclined to sit about —will STORE UP their protein for passion, during these spells of easiness. — Retirement could be a time of boosted passion and marital discord. —During prolonged extreme inactivity, one's needs of protein, could be very small.

The EIGHT passion-proteins are MEAT, FISH, and BIRD; CHEESE, EGGS; PEAS(incl. lentils), BEANS; and NUTS.

MEAT, FISH, and BIRD, mean any creature of the land, or water, or air. —Fat is not protein. —There are many sorts of cheese, eggs, peas, beans, and nuts—all generally rich with protein.

Mostly, the protein of plants lacks the completeness of protein derived from and of creatures; but another food taken at the same meal could make a plant as efficient. Likewise, plant-protein could make creature-protein more efficient. Synthetic meats of some sausages and snacks, and protein-concentrates are very efficient.

When protein-material is building-up the spent reproductive organs again and gradually, this is —recorded in the sensitive brain, and this is increasingly fascinating —the mind wanting —more and —more of it. This is passion.

ENERGY is not passion. Sugars, starches, and fats, are the right foods for energy and warmth: never making passion. Nor will alcohol. Alcohol relaxes one's discretion, and **FREES** passion, at wrong times, in the **MEAN**time. —Some, might need more **ENERGY** for married-love. —If protein were being wrongly used to provide energy, because **INS**ufficient energy-foods were being eaten, and then if sufficient energy-foods were eaten, **THEN** the amount-of-protein that had been **MIS**used and that were still being eaten —would **NOW** be available to passion. Only **APPARENTLY** would the extra energy-foods be boosting passion; in fact, the formerly **MIS**used amount-of-protein —would be the boost.

At some time in our twenties, when the body comes to adult perfection and size, we cease to require protein for body building, and so passion gets a bonus of protein, if we do not eat less of protein, correspondingly. During late youth, energetic games would help to keep the passion gentle and help to develop the growing body, too. Yet, even a growing youth could eat more protein than the body required for health and development, and thus, by having strong passion, it might be very hard to be well behaved with a sexual friend, and to be headstrong in one's lonely bed: **HARD** to follow a responsible moral-code, in the unmarried years. —Use your unaided will, for as long as you can, to develop your character; but do not let passion defeat you, **ALONE**, nor with a sexual friend. These are important disciplines, in the still formative years.

Discipline in the single years, prepares us for the essential discipline of happy marriages. The fornicator becomes

an adulterer provoking jealousy in the other spouse, and unsettling the children. —Some men have a child-like irresponsibility. Like cheats, they take mistresses, withholding the **ASSURED** protection and care of a husband and father, staying free to **DECAMP**.

PARTED spouses, and **PRISONERS** should keep their passion gentle, in the meantime, for their contentment. And thus a lonely **MOTHER** would not be bad tempered with her children, while there were no married-love. —Husbands whose wives are 'expecting', should make their passion **MORE** and **MORE** gentle, until their wives are strong again, by having **LESS** and **LESS** of protein.

Nursing mothers must not be weakened by too much married-love.

Some will not be lucky enough to marry, and others are conditioned **AGAINST MARRIAGE**; but they would find the essence of happiness, in having gentle passion all the time: free of fleshly longing, particularly at bed-time.

The **REPRODUCTIVE SYSTEM** is an extension of the **SURVIVAL SYSTEM**, and both systems function, in mating. The survival system works on and on; but the reproductive system rests for much of lifetime. The reproductive system could be permanently inactive; but the survival system would work on. The survival system has its needs of protein material, **FIRST**, and the reproductive system has the excess. For many people the surplus protein is always too excessive, making them too passionate, all the time. —If the survival system is disrepaired, or exhausted, the body is below **MEAN-FITNESS**, and the brain is distracted from mating-preparation, concentrating upon survival. In these circumstances, we do not develop passion for mating. When the bo-

dy comes again to the level of mean-fitness, then surplus protein builds up passion again. The mind is then readily fascinated by sexual notions, and the more fascinated we are, the faster the brain frees protein material to the reproductive system. — M. Fitness-level varies between people.

The reproductive system could become a parasite upon the survival system. For example, when a person's mean-fitness is sub-normal, and the body is building up passion and preparing for mating, while the survival system is still impoverished. It is conceivable that a person might be over-addicted to fleshly pleasure, through years of weakness in the lonely bed. A spouse could be too fascinating, so that an environment of married-love could be taxing the other partner's strength, all the time. A husband might be anxious to keep an over passionate wife contented, with sufficient married-love, or anxious as some young men, to prove their worth as husbands. Such husbands might need to over exert themselves, so that other aspects of their lives should not be neglected, and through stimulants, might need to borrow strength that could not be repaid. Sometimes, both spouses look very weakened. Even a gentle person who stays long enough under the influence of sexual fascination **BECOMES POWERLESS** to resist it. Wives particularly, should not dress to seduce, too often. Single women: never.

Married-love is not for single people. And any kind of false married-love is shameful. Therefore, they should have only a **GENTLE RISE AND FALL** of passion. The will-power is usually defeated, in some way, by higher levels of passion. **SPOUSES** should be with their partners, when their passion is strong: avoiding temptation. —If married-love is

lacking, and death is only a generation of years away and you are tempted to take a last fling, before you do any dishonourable lustful thing, do remember to be a good example to your grandchildren **STILL**.

Rarely, a little more lust might help a spouse. However, a spouse's natural capacity for married-love, might never equal the partner's, and the more passionate husband, or **WIFE**, usually would need to have **LESS PASSION**. —When we are regulating our proteins, we do not want more than is kind of married-love, and married bliss is secure, and without the burden of too much lust, our children are dear to us.

From the unhappiness that too much passion might bring, never escape into 'drinking'. Alcohol is a killer, and dulling the senses, it will not make you more pleasant to live with. **LESS** protein would moderate your passion, mend your marriage, and tend to restore health and affection to everyone involved. Contented people do not need to resort to drinking, smoking, and to other harmful, escapist pleasures.

LOVE-PLAY retards the husband, and hastens the wife, and in time, a wife too could reach the climaxes in married-love. However, a jaded wife is not likely to respond pleasantly to love-play, though she would permit married-love. A wife who is always jaded, so that the climaxes are not possible for her —will not sleep after married-love, and she is likely to suffer from ill health eventually. And be a poor mother, too.

Married-love takes its toll of men as well. And for how many is it the last straw? —Do you find it hard to satisfy your husband, or is it an anxiety for **YOUR HUSBAND** to know how to keep **YOU** sweet, with enough married-love? —Mothers particularly, should remember that excessive passion is some-

times expressed, by smouldering bad temper towards the children too. Furthermore, when affection between the parents—has soured, home life is bitter for the children as well. Children need affection and tit-bits of adult wisdom, more than sweets and toys, to make them into Upright people: from BOTH parents.

Passion develops from that extra protein that we are not needing for health. Therefore, we should make ourselves quite gentle, for as long as we need to be. Later in life, the body loses its resilience for married-love; but even the spouse that fails FIRST, could be discontented and bad tempered, through eating too much protein. Both spouses should have less and less of protein, as married-love diminishes and old age advances, for life is 'running down'.

When the reproductive system becomes glutted with protein, further protein could turn to unwanted fat. In this condition, we would not have much to be smug about, and we might be dreadful people. —Bad temper, discontent, and violent outbursts, are some other ways of passion. We are keyed up, when we are passionate, TENSE, so that we have not only a heightened sense of fleshly pleasure, but also an increased sense of discomfort, to respond swiftly and aggressively against hurt and irritation. —People on high-in-protein diets, for remedial reasons, can utilize only a limited amount of protein, in this way, and the surplus will build up passion, perhaps excessively and UNHAPPILY. You can infer from this, that mean-fitness tends to assert itself again, and to adjust

itself sometimes, to extended disEASE. —Excessive married-love could bring physical or mental illness, to shorten life: an over-worked heart cannot maintain effective nutrition to keep the body well.

The TENSION of passion disorders our homes, lives, and society generally. It obstructs rhythmical processes of the body, and so contributes to serious disease, when the gentle spells between passion are too short to restore us.

This tension makes us restless for distractions which ruin us, like SMOKING DRINKING DRUGGING GAMBLING. This unease of passion(lust), if it be the burden of too much lust, could make us greedy, envious, and selfish, dragging at the bonds of family-life, denying our children companionship and conversation, compensating them, with dead things, like sweets and toys, posing as parents; but concerned more for —our pleasures and ease, as if having a family were no joy, and as stern strangers, we would fail to give our children a moral code to live by.

Alas! When such denied children have come to youth, they are often primed with a sort of foolish self-reliance, to make for themselves a world of fantasy and pleasure. They are without shame, or discretion, and unaware that moments of abandon bring misery.

—When this protein-MANIA has passed, there will be more — happy homes; fewer criminals, delinquent youths, and psychopaths; fewer suicides; and not so many patients in hospitals. —Taking tranquilizers is unwise, when a LOWER LEVEL of PROTEINS would calm you.

The right level of protein for you, is wrong for someone else. ROUGHLY and GRADUALLY estimate your daily needs of rich-in-protein foods. Kindness and peace

of mind, in you, would be pointers to how much you need of passion and protein. —'Gentleness' is feeble passion, and is consistent with robustness; but feeling weak is different, and should be corrected, by less toil or a little more protein.

Weakness could be from a lack of energy-foods.

Advancing far into adulthood, we live more and more slowly, and married-love becomes harder to achieve, and so the cells of the body need less and less of protein. Elderly people are inclined to eat much more of protein than they need for health, so that some are stout; discontented and bad tempered: too passionate. Some old people could get their protein, mostly from milk, bread, potatoes(steamed), and other low-in-protein foods. Flesh foods and entrails are mostly coarse and fatty, and demand much **DIGESTIVE EFFORT** from aging constitutions.

All living cells contain **FATS** being often pleasant to the palate, perhaps pleasanter than the **PROTEIN** of cells. And is not the popular sausage very rich with fat? And how little meat, it has! And herbs flavour it nicely, too. But, we may eat only judiciously of fat and oil, to make other foods nicer to the mouth. Then **MORE** would disorganize digestion.

Less protein would make some people thinner. Married-love keeps some men lean; but if they should put on some fat, by giving up some married-love, this would signify that they were now eating too much of sugars, starches, and fats, of energy-foods. To stay thin, let them walk more; or eat less of these energy-foods.

For a little or much less passion, reduce **ALL** your protein foods by a quarter or less, a half or much more, for a week or two. At the end, a question, did you reduce too much or little, must be answered. With a changed amount, do another period, and so on, until you have judged your protein needs, in the present state.

Protein Wisdom could assist with the **Rhythm Method** of family planning. A woman's **PERSONAL MONTH** depends largely upon the amount-of-protein that she eats, and upon the extent of her activity(in terms of the rate of the cell life of the body). The body is made up of developing and dying cells. —To adjust the personal month, more protein shortens the 'month', and less protein lengthens it. Similarly but contrariwise, more activity lengthens the personal month, and less activity shortens it.

A wife could make herself **RHYTHMICAL** in menstruation, by living to a pattern repeated every personal month. —Ordinarily, a wife lives to a weekly pattern, and this fits in to the **CALENDAR** month; but her personal month is quite independent of the particular days of the week and of the calendar month: the beginning and the end of her cycle, falling on any day.

A personal month could have more, or less, Sundays than another 'month'; Mondays too; and so on. —If, for example, there were **MORE** Sundays in this personal month than in the next, and if Sunday were an idle, feasting day, for a wife on **RHYTHM**, then she would be eating more and be less active in this personal month than in her next one, if less food(principally protein) and more activity on another day —did not offset these irregularities. Thus this personal month would be shorter than her next one. What has been said of Sundays, applies to weekdays too.

In the rhythm method, a wife's SCHEDULES OF WORK AND OF EASE, should be SEVEN-DAYS schedules: not weekly schedules. When her month ended, the seven-days schedule would re-start: on the FIRST fully-menstrual day. —Days of roughly equal exertion, would be INTER-changeable to implement the new personal month, because, for example, if this wife washed yesterday and her FIRST fully-menstrual day were today, and washday were the FIRST day of her schedule re-starting to-

day, she could not have another washday today. During this 'month', her washday would fall on every SEVENTH day, and the substituting day(perhaps turning out a room) would fall on every FIRST day. Inter-changeable days could be MADE to balance each other: taking a little work off one, and putting it on the other. A diary and a plan of the days, would be helpful as a guide.

The SCHEDULE would ensure that each personal month had the same number of hard days, as another; the same number of easy days; off days; and so on. —About three or four seven-day schedules would make up each personal month. If a seven-day schedule were different from the others, because, for example, a day off were squeezed in,

this would not matter, as long as this variation occurred in the same place, every personal month, and so formed part of the personal-monthly pattern. —Eating too would form part of this pattern: not gorging, just when tempted to do it. —Some tasks, like sending off father and the children, in the mornings, would have to fall into the schedule of the ORDINARY week, still.

It is conceivable that a wife might learn to off-set unavoidable, unregular activity, by eating —more protein, and such INactivity, by —less protein. The ample 'FERTILE DAYS' allow some variance of rhythm; but —good R. pays.

(A wife's own-temperature readings improved the R.M; but now a certain fluidity is significant during fertility.)

A wife might be inclined to be more active, in the first half of her cycle; but this would not matter, if every personal month were the same, in this respect. —IDEALLY and perhaps naturally, married-love would form part of this personal-monthly pattern.

The HUSBAND, by regulating his eating of protein, could be gentle, during the fertile days; but he could be ready for married-love, as soon as the INFertile days came round. His wife being unable to adjust HER passion, would be very ready.

MENOPAUSE: Its onset marks the LOSS of physical wholeness, and the individual needs less protein, permanently.

For unusual exertion, the heart sometimes needs to be strengthened, by gradually increasing amounts of protein and exertion, first. Beware of habitual excess. —Rest, when you are tired: do not take a stimulant like tea. —Watch for changes of season and work —that could alter your protein needs.

Animals kept from MUCH exercise, do not need much protein. Watch their tempers. —Some idea that you have hardly noted in this booklet, could be helpful to you, later. So keep it to read, again.

SEXUAL ATMOSPHERE

Boy and girl companionships, co-education, love literature-and-pictures, day dreams, and inactivity, from the start of sexual awareness, —TEND to bring early lust to youths, —with SICKLINESS and adult hazards. —The reproductive system must not be developed quickly, sacrificing HEALTH.

A young person with a personal month, might need to lengthen it, to have better health: by thinking—less of sexuality and by following lines 10-13, page 9.

It is important to marry, with good health.

Married people slowly killing themselves, with compulsive married-love, must lengthen the phases of recovery, by having healthy pursuits, away from thoughts of sexuality, and if necessary, by always having a lower level of protein.

Your excessive lust— could be fatal to your compulsive spouse.

'ASSIMILATION: Strict vegetarians that cannot plan their meals note: when the conversion of protein into benign protein, halts between meals, for —lacking particular protein-parts, the unused protein-material becomes merely 'sugar' for energy. cf. p.1, bottom.'

Without a knowledge of food-values, a meal consisting of a little of each of a number of items, would be better than a meal with a larger amount of each of fewer items.

Contraception is possible by not developing the 'monthly' womb-lining, by eating less protein; but it could be a serious hazard for a wife careless — of health proven by a good colour, vivacity, and no ailments. A womb-lining could creep-up on a wife lacking skill and constancy.

And could you, a —gentle wife, reach the climaxes in married-love, with only sexual fascination and love-play?

CHILDREN and CONVERSATION.

EAGERNESS to know of life, draws children to lewd talk which could condition a child to be promiscuous; but let lewd talk be supplanted by SIMPLE explanations. And implanted rules of behaviour would be a strength to young people, when the sexes mix.

The parents have abdicated from parenthood, for ambition and pleasure. They have forsaken their children, for sexuality.

Are you a dull, unhelpful parent tired and weakened by too much married-love? Have you sweets and toys only for your children?

You have so much to tell your children, if they are not to go wrong; but do you ever talk, very much, to you children? Are they drawing away from you, and learning bad ways? Have bad children and adults, more credibility with your children than you? PARENT CREDIBILITY begins in the pre-school-years, by parents' being interesting to their children.

When the children become teenagers; then we shall see how bad their parents were; then children start smoking and drinking and using drugs, become vandals, thieves, gamblers and motorists, and without being married, sons and daughters, —lose their virginity, —if they had bad parents

And how many nice children are spoiled by parentless DORMITORY years?

. . . and now the Prince— Royal up-bringing and royal parents are lacking, too— We should be very concerned at the extent of sexual immorality, among students. Broadcasting, publishing, and acting, with their stock-in-trade of sexual arousal and intrigue— recruit from the colleges and academies.

The BBC— the great monitor, spreading sexual— indiscretion, indiscipline, and indecency—virtually denies marriage, to young women, particularly; but what else could we expect from its public-house mind nurtured in the filth of deprived adolescence?

When parents laugh at sexual misbehaviour, they are saying to their children— 'IT'S FUN. YOU HAVE A GO.' This is how the wordy-amusements industries, infect children and youths, through not only their parents, but teachers, youth-leaders, and ministers of religion as well.

When the indulgent Archbishop Runcie varnished, with smooth words, the sexual promiscuity of the infamous Boswell, he drew from the clergy at Westminster, a gale of laughter that would flatter any 'dirty' music-hall comedian.

BEWARE of the fun of indecent suggestions; of the amusement from the titillating scandal of private lives; of the diversion of the undress of low journalism cicetera. These things erode our morals and twist young minds.

DISCREET behaviour is an important part of respectable, and has assisted men and women to be virgins for their weddings, yet some had been to UNIVERSITY and other places of advanced learning, and had sexual friends at that time, and were very passionate, too. Being discreet helps to keep these people —faithful in marriage, as well. See page 4, line 21.

immorality (fornication, adultery, prostitution, etc.) as calling down the wrath of God just as homosexual immorality does. God loves the practicing homosexual just like He loves each of us whose besetting sin may be pride, selfishness, impatience, gluttony, greed, or hatred. Christ died for all of us. Thus we invite the person whose besetting sin is homosexual practice to join the rest of us at the foot of the Cross in repentance, in order that we might know God's forgiveness and His resurrection power to liberate from slavery to that sin.

The avowed, practicing, and unrepentant homosexual is engaged in a great wickedness, just as the practicing unrepentant adulterer or robber or idolater is engaging in great wickedness. All who by the grace of God will repent of their evil behavior, and turn to Jesus Christ, seeking God's power for a new type of living—may be assured of God's forgiveness and the Christian's acceptance.

If you are one who has been caught up in the homosexual syndrome—won't you acknowledge the practice as an abomination in the eyes of God, confess your sin, and come to Jesus in penitence and faith? May God help you to do it today.

HOMOSEXUALITY

HOMOSEXUALITY:

A SINFUL WAY OF LIFE

We are living in the midst of a tremendous moral revolution. New value-systems are springing up everywhere. Most of our society is pleasure oriented. The mood is permissive and daring. There is an attitude of irreverence toward God and toward sacred things. There has been a very definite change from the standards accepted just a few decades ago.

Homosexuality is sexual activity between persons of the same sex. Both men and women may be homosexuals. Female homosexuals are sometimes called *lesbians*. Scientists estimate that four percent of the adult males in the United States feel sexually attracted to members of their own sex, and about half that percentage of adult women prefer their own sex. Homosexuality has been known throughout man's history.

Today homosexuals are demanding that their lifestyle be accepted as valid. They are pressuring courts to grant them the right to adopt children. They are asking to become teachers in our nation's public schools. Practicing homosexuals are seeking to become pastors in more and more churches. There are a few Biblical teachings about homosexuality that we should note.

1. HOMOSEXUALITY IS INNATURAL

When God created human beings, He made them male and female. The Bible account of creation establishes human beings as persons who possess a specific sexual identity: "So God created man in his own image . . .

male and female he created them" (Genesis 1:27). God did not create Man alone, neither did He create man/woman or woman/woman. Woman was created for another. That other is man. Their relationship is ordered by God.

Jesus says as recorded in Matthew 19:4-5, "Have ye not read that he who made them at the beginning, made them male and female; and said, For this cause shall a man leave father and mother, and shall cleave to his wife?" Jesus reaffirmed the Creator's original intention for the man/woman relationship.

In Genesis 3 we find the goodness of God's creation distorted by sin, and the divinely established pattern for male-female relationships was marred. Estrangement and alienation replaced God's intention. Rebellion and pride brought strain between the sexes. Some of the results of the Fall include adultery (Genesis 26:10), rape (Genesis 34:2), prostitution (Genesis 38:15-18), and homosexuality (Genesis 19:4-7). These are all deviations from God's created order.

The Scriptures specifically declare that homosexuality is unnatural behavior. "For this cause God gave them up unto vile affections; for even their women changed the natural use for that which is against nature; and likewise also the men, leaving the natural use of the woman, burned in their lust one toward another, men with men working that which is unseemly" (Romans 1:26-27). It is not normal to be attracted to a member of the same sex. It violates the basic sexual structure which God created. It is a perversion. It is against nature.

2. HOMOSEXUALITY IS SINFUL

The Bible classifies homosexual practice as *sin*. It is a violation of the will of God. A simple reading of Genesis 19 (about the two angels who paid a visit to Sodom and

male and female he created them" (Genesis 1:27). God did not create Man alone, neither did He create man/woman or woman/woman. Woman was created for another. That other is man. Their relationship is ordered by God.

Jesus says as recorded in Matthew 19:4-5, "Have ye not read that he who made them at the beginning, made them male and female; and said, For this cause shall a man leave father and mother, and shall cleave to his wife?" Jesus reaffirmed the Creator's original intention for the man/woman relationship.

It is not normal to be attracted to a member of the same sex. It violates the basic sexual structure which God created. It is a perversion. It is against nature.

2. HOMOSEXUALITY IS SINFUL

The Bible classifies homosexual practice as sin. It is a violation of the will of God. A simple reading of Genesis 19 (about the two angels who paid a visit to Sodom and

stayed in Lot's home) indicates that sodomy is a great wickedness (Genesis 19:4-5). In the Book of Jude (verse 7), God points to Sodom's homosexuality as an example of the kind of immorality that brings the vengeance of eternal fire.

In I Kings 15:11-12, God commands good King Asa as follows: "And Asa did that which was right in the eyes of the Lord, as did David his father. And he took away the sodomites out of the land, and removed all the idols that his fathers had made." It is hardly conceivable that such an abomination as sodomy should find acceptance in our nation's churches.

The Bible says that to lie with a person of the same sex is an abomination. In Leviticus 18:22, we read, "Thou shalt not lie with mankind, as with womankind; it is abomination." The New Testament condemns all homosexual activity without qualification. In I Corinthians 6:9 we read, "Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind . . . shall inherit the kingdom of God." The two Greek words translated "abusers of themselves with mankind" apply to any continuous homosexual activity, whether it is a covenanted permanent relationship or a promiscuously lustful relationship. Homosexuality is an insult against God.

3. HOMOSEXUALITY IS CURABLE

There is hope for the homosexual. The male homosexual and the lesbian can experience the forgiveness of God. They can have a changed life if they really want it!

Some of the Christians at Corinth had at one time been involved in homosexual activity, but they were delivered from it. The writer in I Corinthians 6:9 mentions homosexuality (along with other sins), and then says in verse 11:

"And such were some of you, but you are washed, you are sanctified in the name of the Lord Jesus." These people were no longer practicing homosexuals. Homosexuality is curable.

The Bible message offers hope to those who practice sodomy, but before one can be delivered—he must acknowledge his sin; he must honestly desire deliverance; he must want to do what is right. Nearly all studies show that homosexual behavior is learned behavior—and what has been learned, can (with God's help) be unlearned. Every committed Christian does care deeply about the homosexual. He believes that the blood of Christ is sufficient to provide forgiveness and deliverance from this sin, as well as from other sins. 1 John 1:5-9 says, "God is light . . . and the blood of Jesus Christ his Son cleanseth us from all sin . . . If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

We look with compassion toward homosexuals, and see their struggles, and their rejection, and their personal agony. It is not easy to lose a job, nor is it easy to be rejected by one's own family. We remember too that there is a sense in which those of us who are not homosexual have tendencies and drives and inclinations that can be just as wicked as homosexual conduct. But aside from the unnaturalness of homosexual behavior, there is one additional basic difference: The homosexual in our day is saying, "My gayness is good. My sodomy is not sinful. God made me this way. God accepts my style of living as good. It is natural to me, and it's time for you folks to accept me as I am, and to join me in saying that a homosexual style of living is acceptable." The rest of us are not saying that! We are not seeking to have anyone tell us that our sins are okay. We look at heterosexual

immorality (fornication, adultery, prostitution, etc.) as calling down the wrath of God just as homosexual immorality does. God loves the practicing homosexual just like He loves each of us whose besetting sin may be pride, selfishness, impatience, gluttony, greed, or hatred. Christ died for all of us. Thus we invite the person whose besetting sin is homosexual practice to join the rest of us at the foot of the Cross in repentance, in order that we might know God's forgiveness and His resurrection power to liberate from slavery to that sin.

The avowed, practicing, and unrepentant homosexual is engaged in a great wickedness, just as the practicing unrepentant adulterer or robber or idolater is engaging in great wickedness. All who by the grace of God will repent of their evil behavior, and turn to Jesus Christ, seeking God's power for a new type of living—may be assured of God's forgiveness and the Christian's acceptance.

If you are one who has been caught up in the homosexual syndrome—won't you acknowledge the practice as an abomination in the eyes of God, confess your sin, and come to Jesus in penitence and faith? May God help you to do it today.

A MOMENT OF TRUCE

Deciding to leave the abortion business after working hard at something you have believed in for so long is very difficult. I know because I have been where you are right now. I spent five years working in an abortion clinic and defending "a woman's right to choose." But I also know that you will never find peace of mind or heart until you do leave. And when abortion is abolished in this country-- you will not find yourself alone but among friends who, like you, have found peace and reconciliation with God.

----- Joan Appleton, RN

If you or anyone you know is in the abortion business and would like to get out or would just like someone to talk to, please call or write:

ABOUT YOUR CHOICE

Working in an abortion clinic can be extremely stressful. It's a dirty job that few people want or understand. Pro-choice people praise you for your courage. Pro-life people taunt you for your sins. They call what you do murder. You call it choice.

HAVE YOU EVER ASKED YOURSELF THESE QUESTIONS?

- * Why the politicians who vote pro-choice wouldn't do what you do?
- * Why the administrative people in your clinic wouldn't do what you do?
- * Why most of the women from the feminist organizations wouldn't do what you do?
- * Why most of your own friends who support you wouldn't do what you do?
- * Why you are among a very few who are willing to do the dirty work of abortion?
- * If doing the dirty work of participating in the abortion procedure itself is so repugnant to so many outspoken, staunch pro-choicers, what does that say about you?

EXAMINATION OF CONSCIENCE

You are among a select few who carry the blood of abortion on your hands. When abortion is no longer acceptable in our society, you will no longer have the political, administrative, feminist and friend support you now have. These abortion advocates will be distancing themselves as far away from guilt as they possibly can. Unfortunately, since you have been an actual participant in the taking of human life, you will not be able to free yourself from the guilt as easily and you will find yourself alone. You will be taking the burden of guilt of an entire nation on your shoulders. This will be your reward for doing the dirty work for "choice."

FACTS ABOUT YOUR CHOICE

- * In spite of more than 20 years of legalized abortion in the U.S., child abuse, spouse abuse, murder and rape have increased dramatically.
- * Teenage pregnancy is still at an all-time high.
- * Abortion has decreased self-esteem and self-worth among all ages, especially among teenagers, whose suicide rate is steadily increasing.
- * Thousands of women have sought treatment for psychological and emotional trauma from abortion.
- * Once we accept the killing of human beings at one level, it progresses to all levels, as we now see with assisted suicide, euthanasia, and the partial-birth abortion.
- * A society that kills its children cannot survive.

It's Your Turn

Please Think of Yourself

Don't let anyone deprive you of your health or the love of your child.

Abortion can never solve any problem. It will only create new ones, and open the door to physical, mental and emotional pain that can scar you for a lifetime.

You will not "become a mother." You are a mother right now. Let us help you protect yourself and your child.

- * *Do what many other women before you have done.*
- * *Simply get up and walk out!*
- * *There are many people waiting to help you through your entire pregnancy.*

DOES ABORTION CAUSE BREAST CANCER?

- **Abortion interrupts natural changes in the breast**
- **Studies show an increased risk of cancer**
- **What your abortionist won't tell you . . .**

What Your Abortionist Won't Tell You About Breast Cancer

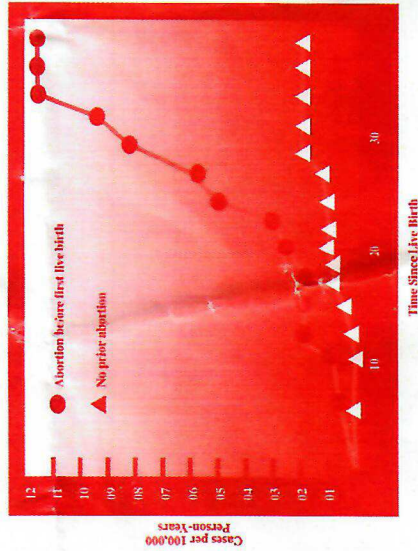

1

Breast cancer in America has increased by 50% since abortion was legalized in 1973, and is on the rise around the world.

2

Abortion of a first pregnancy interrupts the natural growth process of the breast, leaving millions of cells at a high risk.

3

Over twenty published studies show an increased breast cancer risk among women with abortions before their first live birth.

Abortion has been linked to breast cancer. Abortion is the one common factor which explains the breast cancer epidemic around the world.

You, as a woman, have strong maternal instincts made to protect your child at any cost.

If you violate those instincts and actually pay someone to harm your child, you will bring great emotional damage to yourself.

Listen to a woman who did NOT protect herself:

I wish I could be there in person to tell you all that I went through as a result of choosing abortion.

I thought that after my abortion all my problems were over. They had only begun. During the next six years I experienced so much guilt, shame and disgust for myself. I began a course of self-destruction with alcohol, cocaine and men. This course only led me back to where I began--pregnant again, which led to another abortion.

After the second abortion, I hit an all-time low. I was in serious financial trouble, couldn't stand men anymore, and drank all the time.

It wasn't until I saw a picture of an unborn child that I realized my guilt and self-destructive behavior were due to the fact that I let someone harm my children.

I hope that as you read this you will not make the same mistake I made.

-- Carol W.

Listen to a woman who DID protect herself:

In March 1990 I was 4 1/2 months pregnant, living alone, and barely making ends meet. I did not have a way to pay for the expense of having a baby and I was very confused about what would be the right thing to do. I felt that I wouldn't be able to provide a good life for my unborn child, but I also knew in my heart that harming my baby was wrong and that it would haunt me for the rest of my life.

I had already made the appointment and arrived at the place where the abortion would be performed when I changed my mind. I realized that giving my child life, whether it was filled with worldly possessions or not, was better than never giving my baby a chance at all.

I didn't realize all the help that is available for women in my position. I gave birth to my daughter in August 1990. There is no greater joy than holding your own child. To look into her eyes and know that I almost killed her overwhelms me, and I thank the Lord every day that I changed my mind in time. The love that we share could never be replaced by anything money can buy.

Mission Statement

Our Lady's Crusaders for Life, under the banner of Our Lady of Guadalupe, prays for an immediate end to abortion at the very sites where helpless children are routinely put to death. Now in our 8th year, we continue our loving, prayerful, and lawful presence at the killing sites, with the hope of saving lives and so that the children won't die abandoned and despised as our Lord died on Calvary. We ask all to join their prayer with ours, at Mass or before the Blessed Sacrament if they cannot join us in person. We pray for the conversion of the abortionists and their staff, of passers by, and ultimately of America, the land originally converted by our Lady herself.

OLCL is a Catholic organization. We profess our loving submission to Pope John Paul II and our Archbishop Cardinal Law. We uphold the doctrinal and moral teachings of the Catholic Church. We pray the Most Holy Rosary of our Blessed Mother in reparation for abortion, because the Rosary is the scourge of the devil and the source of great victories in the history of our Church. We recognize that the victory belongs to Our Lady, who said at Fatima, "In the end, my Immaculate Heart will triumph."

Pray the Rosary Every Day!

An Open Letter to Jane Doe

Dear Jane Doe:

Violence against women is horrendous and must stop.

I am old enough to recall a different era: A time when women were respected and protected.

A time when men held doors open or gave up their seats for them on crowded buses and trains. Those who were in the "family way" were especially treated kindly.

I also remember when men would hush their unsavory conversation upon a woman's arrival within their earshot and if they were wearing hats; they were tipped. Likewise boys would remove their hats in the presence of woman and violence against women was foreign to our society. Women were special and pedestalized. From that vantage point they were wooed, wowed and eventually won in marriage and a traditional family established.

How did we get from there to here, where not a week passes without reports of violence against women?

Where did we lose it? How can we "undo" the mentality which sees women as punching bags, sex objects or just "meat" to be conquered? Whose fault is it?

Could we have begun to lose it when we stopped respecting ourselves and tumbled from a pedestal of purity, respectability and admiration to a level of fornication and the violence of abortion?

Jane Doe, we can stop the violence, but it must start with women. We broke it; we can fix it. Sure there are men who will take advantage of "liberated" women until pregnancy occurs and then the word abortion is center stage for "protecting" women of course.

Jane, that has to stop. You are being violated by your own choice and some men think women who kill their unborn must love violence. Stop the violence in the womb and don't let America's "killing fields" continue, because millions of pre-born babies are killed annually and it's costing women their lives in domestic violence as well.

Blood is spilling all over our nation as life is really cheap since we've turned our backs on God Almighty who is the Author of Life. It can happen, one woman at a time turning to Christ and asking forgiveness. That is what the cross is all about, God's love for the world so that everyone including you Jane Doe, could receive eternal life and a better life here and now. True liberation is found in knowing the Lord Jesus Christ as your personal Savior. You are of great value to Him.

Prayerfully yours in Christ,

Many women in this country have suffered both physically and emotionally from their abortions. They will always regret their decisions. Here, a few share their experiences with you hoping you won't make the same mistake they did.

"The doctor said, 'a little fluid out and some fluid injected, severe cramps, then the fetus is expelled.' That isn't what it was. I felt my girl thrash around for an hour and a half 'til she died a slow death. I had hard labor for over 12 hours and delivered my daughter myself. She was beautiful... but dead at 5½ months.

Nancyjo Mann, Oklahoma City, Ok.

"After all of the salt poison had been injected, I was sent home to be alone as I went into labor. I was told nothing except I would go to the hospital early the next morning. I will never forget my emotional shock as I felt first the head, then each stiff little arm and leg come out. Then the baby was out and quickly picked up and dropped into a plastic container. Physically I've never been the same since my abortion. In December of 1984 I had a hysterectomy."

Paula Taber, Camp Verde, Az.

"The next five days were a living hell for me as I contracted a gross infection called peritonitis. My fever soared rapidly and I remained in guarded condition for four days. One of the nurses said, 'it's going to take more than prayer to pull this one out of it.' At that moment I knew I was on the verge of death... The reason the infection had set in was due to the fact that the abortionist did not abort my entire baby the first time around, making it necessary to repeat the procedure."

Cindy Ortegus, Phoenix, Az.

"When I returned home I had very heavy bleeding and severe cramps for two days. I was so afraid that something was wrong that I called Planned Parenthood who referred me for my abortion. They said I was okay without suggesting an exam. At my after-school job at a dime store, I went into the restroom. It was then I found my baby on my sanitary pad. He had arms and legs with tiny hands and feet. I could make out his little nose and a dark spot that I now know was his eye. Even after 10 years, it's still hard for me to think about it."

Kathy Bartlett, Waco, Tx.

"Planned Parenthood suggested only an abortion. No other options were ever discussed. They never said the word 'baby' — only 'fetus'. You can't imagine my shock and horror when I saw my dismembered baby after my 'nice and easy' abortion. They deceived me. I've suffered severe emotional problems."

Karen Sullivan-Ables Taylor, Az.

If you still feel abortion is your only solution you need to know the answers to the following questions. Be sure to ask the clinic or hospital these questions. It's your body — your life — you have the right to know.

- 1) Have people sued your chosen abortion clinic because they have been injured by an abortion?
- 2) Can you be permanently damaged by your abortion?
- 3) Were any of the risks outlined in this brochure mentioned to you when you asked the above question? If not — ask why.
- 4) Will you be asked to sign a paper releasing the doctor and clinic of all responsibility in case you suffer physical or emotional damage because of your abortion.
- 5) If you sign a release form and then have physical problems (as Cindy did) will the clinic or the doctor pay for medical costs to repair the damage?

Do you have doubts? Do you wonder if you are making the right decision? Are you scared? Do you want to talk to someone who cares and can help you?

What you should know before you choose...

ABORTION AS YOUR OPTION

If you're thinking about getting an abortion you probably have a lot of questions. Here are the questions most frequently asked by women who are considering abortion:

"WHAT WILL THE DOCTOR DO TO ME DURING MY ABORTION?"

During the early months of pregnancy, (1-3 mos.), **suction abortions** are usually performed. The opening to your uterus (cervix) is closed tight to hold the baby in. The doctor must force your cervix open with long metal rods. Another method is to use a small stick of compressed seaweed (laminaria). After it is inserted into your cervix it absorbs water, swells up, and opens the cervix. The abortion is done 24 hours after the laminaria is put in. When it is open wide enough, he will put the end of the suction tube through your cervix into your uterus. As soon as the suction machine is turned on, the baby will be torn from your uterus along with the placenta and sucked through the tube into a canister.

If you are in your later months of pregnancy, (4-7 mos.), you will probably have a **saline abortion**. During this type of abortion a long needle is inserted through your abdomen into the bag of water around the baby. Some of the fluid is drawn out. Then a saline solution (salt poison) is injected into your bag of water. After several hours you will go into labor and deliver a dead baby.

"WILL MY ABORTION BE PAINFUL?"

Unless you are put to sleep for your suction abortion, yes, it will be very painful. A saline abortion is always painful because you go into hard labor for hours or even days before you deliver your dead baby.

"IS ABORTION DANGEROUS TO MY HEALTH?"

Any surgical procedure has it's risks. This is especially true of abortion. In a paper put out by the FAMILY PLANNING ASSOCIATES MEDICAL GROUP, a group of abortion clinics in Southern California, the following risks are described:

ABORTION — YOU ARE FACING A DIFFICULT DECISION

"However, it is clear to us that even when the surgeon is highly skilled and experienced in the method of dilation and extraction (abortion) that there is a risk of perforation of the uterus by the various instruments that are required. There is the additional risk of laceration of the uterus either by the instruments or by the fetal tissue itself."

What this means is that the instruments the doctor puts through your cervix into your uterus can poke a hole through your uterine wall. It also means that the crushed bones of your baby can cut, slash or puncture your uterus while being removed. Often times the doctor is not aware that he has done this because he cannot see into the uterus while he works. If this should occur, you would bleed through the hole into your abdominal cavity or vagina. If you do not get to the hospital in time you could die from loss of blood.

The paper goes on to say that hospitalization is required if the uterus is punctured. Damage to the bowel and bladder, blood transfusions and even a hysterectomy (removal of the uterus) can result.

The greatest risk involved in an early abortion is when the doctor performs an "incomplete abortion". The paper explains it this way, "...the most common problem

This little unborn baby was only 10 weeks old when this photo was taken.

encountered in termination of early pregnancies is infection and retained tissue (incomplete abortion)." What this means is that parts of the baby are left behind in your uterus. As they rot they cause a severe infection that can cause permanent damage to your female organs and you could become sterile (unable to become pregnant) or miscarry your next baby.

Saline abortions are even more dangerous to your health. The American Journal of Obstetrics and Gynecology reported: *"In an analysis of 446,052 legal abortions, it was reported that the saline abortion mortality (death) rate was 7 to 9 times greater than for first trimester abortion; infection following saline instillation (abortion) was the single most frequent cause of death."*

The other risks of a saline abortion are salt poisoning of the

mother's blood which could cause death. Other problems women have experienced are: convulsions, hemorrhaging, failure to abort the baby after it dies, kidney failure and heart failure. The most **dreared complication** is when **the baby is born alive.**

"IS IT REALLY A BABY OR 'JUST A BLOB OF TISSUE'?"

Several years ago scientists did not know. Now, however, with ultrasound and other methods, they can actually "see" the unborn baby inside of its mother's womb. From

ITS YOUR CHOICE, YOUR BODY — YOUR LIFE

the center photo you can see for yourself, that this is a perfectly formed little human being. At this stage, even though you feel nothing, your baby is kicking, clenching his fists, curling and fanning his toes, and is generally very active and comfortable inside of you.

"WILL MY BABY FEEL PAIN DURING THE ABORTION?"

In the past few years, research by important medical doctors has proved that **yes, unborn babies can feel pain.** Dr. H. M. Liley, the leading authority on the study of babies before birth, stated, *"When doctors first began invading the sanctuary of the womb, they did not know that the unborn baby would react to pain in the same fashion as a child would. But they soon learned that he would."*

During a suction abortion the whole baby is too large to pass through the suction tube. Wherever the suction tip comes in contact with the baby's body, that portion is torn off and suctioned away. To finish the procedure, the doctor uses forceps to crush the baby's skull so that it too can pass through the narrow suction tube.

Saline abortions are generally done in the fourth to seventh month of pregnancy. At this age the baby is completely developed. He normally "breathes" and swallows the fluid in his water sac. When the salt poison is injected, this fluid then becomes poisonous. Both the inner organs and the baby's outer skin are severely burned. It can take up to two hours for the baby to die. Some women who have told of their experience said that they could feel their baby thrashing, kicking and writhing inside of them for up to two hours after the injection. A saline abortion is extremely painful to the unborn baby. Occasionally babies survive saline abortions. Very few live past a few hours because of the terrible damage done to their internal organs.

ITEM #05

for Men Only

She's pregnant and I'm the father, so where do I go from here?

That's a good question. And just by asking it, you're on the right track. Standing beside this woman and her child is where you belong. After all, you're the father of the child.

You helped bring the mother and baby to this moment. So it's only right that you should ask questions and help make decisions.

You're also right in not suspecting for a moment that this will all go away and be forgotten. It can never be that way. You know that from this day forward, you have created life. And life is in your hands.

You need not be powerless or confused. If the people at the abortion clinic or the health department make you feel that way, it's time to walk out.

Let no one call you merely a potential father, with a potential child. You are a father with a child, period. The possibilities are unlimited.

According to a national poll, more than half of all fathers—including married men — are not even told that their child has been aborted.¹

ABORTION IS NOT THE ONLY CHOICE

You need not face this problem alone. There are people who care about you and your baby — people who will help you in this time of need. **(Abortion is fatal — please examine the alternatives.)**

Professor Arthur Shostak, of Drexel University, surveyed 1,000 men waiting in abortion clinics while their girlfriends and wives were having abortions. He concluded the following:

* 42% of the boyfriends had offered to marry the woman;

* 25% of those who did not offer to marry the woman offered child support;

* Most of the men, regardless of their feelings toward abortion, offered to pay the costs of the abortion 'procedure';

* 39% of the men believed that life began at conception or when the nervous system began to function; and

* 26% believed that the abortion was the "killing of a child."

Shostak's study found a vast range of emotions among the men. They feared for the woman's health, felt guilty about the abortion or the pregnancy, felt self-doubt, and also anguish and pain over the loss of their children and over the entire abortion 'experience.'²

Three-fourths of the relationships between married and unmarried couples fell apart within one month of the abortion when the man objected to the abortion.³

ABORTION METHODS

DURING THE FIRST THREE MONTHS OF PREGNANCY:

Suction Curettage

The mouth (cervix) of the womb is dilated. Sometimes it is damaged because during pregnancy the cervix is closed tightly to protect the baby. A suction curette (hollow tube with a knife-like edged tip) is inserted into the womb. A strong suction tears the baby into pieces, drawing them into a container. Great care must be used to prevent the womb from being torn and in checking body parts to ensure a complete abortion.

Dilation and Curettage [D & C]

Similar to the suction method except for insertion of a loop-shaped knife (curette) which cuts the baby apart and scrapes the pieces out through the cervix.

RU-486

First, a steroid drug is taken orally which either destroys the baby's placenta or prevents it from being formed. Then, another oral drug, called a prostoglandin, is taken to induce the uterus to contract and push the baby's body out through the vagina.

DURING THE LATER STAGES OF PREGNANCY

Dilation and Evacuation [D & E]

The mouth (cervix) of the womb is dilated. A curette is then used to dismember the child, and the parts of the baby's body and its crushed head are removed by ring forceps. This method is used primarily 13 to 20 weeks gestation.

Saline Solution Method [Salt Poisoning]

Outlawed in Japan and other countries, this procedure is becoming less popular in the U.S. due to its risk to the mother. A concentrated salt solution is injected into the sac surrounding the baby. The baby inhales and swallows the solution and dies 1 to 2 hours later from salt poisoning,

dehydration, hemorrhages of internal organs, and convulsions. The mother goes into labor. A dead or dying baby is delivered 24 to 48 hours later.

Prostaglandin Abortion

Prostaglandins are hormones that induce labor. They are injected into the sac surrounding the baby. The mother then goes into labor, giving birth to a child too young to survive. This method is falling out of favor because it is not uncommon for babies to be born alive. Performed in late second trimester and third trimester.

Hysterotomy

As in a Cesarean section, the abdomen and the womb are opened surgically; the baby is lifted out and the cord clamped. In a hysterotomy, however, the child, usually too young to survive without immediate medical treatment, is put aside to die.

Intercardiac Injection

At about 16 weeks, ultrasound is used to pinpoint the location of the baby's heart. A needle injects a fluid into its heart, causing an immediate heart attack, killing the preborn baby. Used commonly in "pregnancy reduction" abortions—when multiple babies are present and some are killed to give others better chance of survival, or they are killed because of defects.

Partial Birth Abortion or Dilation and Extraction [D & X]

While only the baby's head is in the uterus, the abortionist lifts the cervix and applies pressure to the baby's shoulders with the fingers of the left hand. Then a blunt, curved Metzenbaum scissors is forced into the base of the skull. The scissors are spread to enlarge the opening. A suction catheter now evacuates the skull contents. The baby is then removed. Performed up to 32 weeks or beyond.

Do not believe that this abortion business is some simple, easy way out. Those people are looking out for themselves, not for you. Talk it over with her. Take at least 48 hours to think whether an abortion is the only way. And make sure your partner is not leaving the doctors or the clinic from claims connected with abortion complications. Such waivers are invalid, but they might seem to be taking any legal action.

On the basis of a menstrual period every four weeks:

1. One week after your partner misses her first period (four weeks), your baby's developing heart starts to beat.⁴
2. Four weeks after she misses her period, a microscope would reveal that this little baby has the characteristic 46 human chromosomes in every cell, demonstrating clearly that this is a human being.⁵
3. Your baby's brain waves can be measured by the time she misses her second period.⁶
4. Before she misses her third period, your baby can grasp an object placed in his hand and make a fist.⁷
5. All your baby's body systems are working before your partner misses her third period.⁸

COMPLICATIONS OF ABORTION

"In medical practice, there are few surgical procedures given so little attention and so underrated in its potential hazards as abortion. It is a commonly held view that complications are inevitable."

—Abortionist Warren Hern⁹

IMMEDIATE COMPLICATIONS

- Excessive bleeding* (Hemorrhage)¹⁰
 - Using RU-486, bleeding can go on for more than a month¹¹
 - Puncture and tearing of the womb* (Uterus)¹²
 - Infection from mild to fatal (sometimes parts of the baby are left inside the womb)¹³
 - Cervical laceration in 5% of women¹⁴
 - Hepatitis, from blood transfusions, blood clots and embolisms¹⁵
 - Sterility, ranging from 2% to 5% of abortions¹⁶
- *Could make removal of the uterus necessary. Your partner would then be unable to have any children.

LONG-TERM COMPLICATIONS

- Guilt and personality disturbances
- In future desired pregnancies:
 - Miscarriage¹⁷
 - Premature delivery because of damage to the cervix.¹⁸
 - Tubal pregnancies (increased from 8 fold to 20-fold by abortion)¹⁹

Q: Didn't the U.S. Supreme Court hand down a decision about the use of public funds to pay for abortions? What did the Court say?

A: On June 20, 1977, the Court said that neither federal nor state governments are constitutionally *required* to use public funds to pay for abortions—though they *may* decide to do so. This question should, in the Court's opinion, be resolved through political debate, not through the courts.

However, this does not reverse or change the 1973 decisions. Abortion can still be performed for virtually any reason. □

Q: But doesn't this ruling discriminate against the poor?

A: You might argue it was discrimination if the Court had said rich women can have abortions and poor women can't. But all the Court actually said was that government has no obligation to use taxpayers' money to provide free abortions. However, there's an underlying notion in this argument—that abortion is some kind of blessing for the poor—which is terribly off-target. Many people who support abortion for the poor do so because they view it as a way of saving money: as they see it, it's cheaper to abort the children of the poor than help care for them after birth. This degrades the poor by implying that they have less human dignity and human worth than those who are economically better off.

Some Life Facts

... Human life is a continuous developmental process that begins at conception and ceases at death. Most developmental changes take place during the embryonic and fetal periods, but important changes also take place during infancy, childhood, adolescence, and adulthood. Most developmental changes are completed by age 25.

... More than 1,000 emergency pregnancy centers have been established in the United States in recent years to provide women with alternatives to abortion.

Abortion:

Questions and Answers

Q: Just why is abortion wrong anyway?

A: The principal reason why abortion is wrong is that it involves taking the life of an innocent, unborn human being. The child in the womb is human in origin, destiny and make-up. This newly conceived child is one of us. Human life comes into being at conception, and from conception on each new human being possesses all that is internally required to grow and develop into a mature adult.

□

Q: But isn't abortion basically a private matter?

A: No. An abortion involves not just a woman and her doctor. Even more directly and intimately involved is a third human being—the mother's unborn child, the doctor's unborn patient. If the unborn child

did not exist, there would obviously be no question of performing an abortion.

Also, the generation of new human life has broad social consequences. Both a mother and a father are involved. And society as a whole has an interest in the well-being of its members and, in a special way, the well-being of the family.

Finally and most important, we are not the absolute owners but the stewards of our being, body and soul, and in all things accountable to God. Says St. Paul: "You must know that your body is a temple of the Holy Spirit, who is within—the Spirit you have received from God. You are not your own."
[I Cor. 6: 19-20]

□

Q: What about the problems of poverty, overpopulation, and out-of-wedlock

Did You Know That . . .

- More than one and a half million abortions are performed in the United States each year. The number of legal abortions has increased each year since abortion was first legalized in some states in 1967.
- Today, abortion is legal in the United States through the nine months of pregnancy, not just through the first three months as many have been led to believe.
- About one percent of all abortions in the United States are performed for reasons relating to the mother's physical health; about one percent are performed for psychological health reasons and to prevent the birth of a handicapped child; the remaining 98 percent are mainly performed for social or financial reasons.
- Although abortion is legal throughout pregnancy for any reason, public opinion polls continue to show that the majority of Americans do not approve of this policy.

pregnancy? What about pregnancies that result from rape or incest? Aren't these reasons that would justify abortion?

A: Abortion is proposed as a solution to various personal and social problems. In many cases, though, abortion merely postpones or obstructs the search for solutions which go to the heart of the problem.

Furthermore, the crucial fact is that every abortion destroys an innocent human life. Killing the innocent is not a fit way to solve anything. It is a barbarous approach to problem-solving. Its effects on society are no less deadly than its effects on the unborn child.

It is far better to respond to problems constructively and with compassion. Each of the above-named problems is important and complex. A lasting solution to each requires its own specific answers—not abortion.

□

Q: All right—granting that abortion is wrong, do we need a law?

A: Morality and the law are not identical, but neither are they completely separate. Law reflects moral values in many ways.

Protecting human life, especially in its weakest forms, is considered a mark of a civilized society. The right to live is the most basic human right bestowed on us by God. If we deny that right to the unborn child, there is no sure way to guarantee the child's life and well-being. U. S. law now says, in effect, that unborn children can be killed by abortion—a million, two million, whatever the number, it is legal to kill them.

We must restore the basic protection of the law to the unborn. The Supreme Court abortion decisions of January 22, 1973, must be reversed. The only feasible option is the enactment of a constitutional amendment which would protect the life of the unborn

OF WORKS, lest any man should boast." Ephesians 2:8-9. If it says not of works, it means NOT of works. Keeping rules, being baptized, praying continuously through to God, or anything else will not save or help save you. The Bible says not of our works, but salvation is a GIFT. All you can do is accept a gift. **"But as many as received him (Jesus Christ), to them gave he power to become the sons of God, even to them that believe on His name;" John 1:12.** We see salvation as a gift of God, if we believe Jesus Christ died for our sins, and if we receive Him as our own personal Saviour. **"Behold, I (Jesus Christ) stand at the door, and knock: if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me." Revelation 3:20.** **"For whosoever shall call upon the name of the Lord shall be saved."** Romans 10:13. Jesus is knocking at the door of your heart. Will YOU let him in, and say, "Come into my heart, Lord Jesus"? Believe and accept wholeheartedly that YOU are a sinner in need of salvation, and Christ died for YOU.

THE GRACE THAT SAVES.

JESUS loves you and died to save you from your sins. Salvation is only through JESUS CHRIST, not through a church, lodge, good works, baptism, or by keeping the Golden Rule. To the lost sinner going to HELL, salvation is through the precious BLOOD OF CHRIST.

YOU NEED SALVATION BECAUSE OF SIN.

"For as by one man's (Adam) disobedience many were made sinners," Romans 5:19a. **"Wherefore, as by one man (Adam) sin entered into the world, and death by sin; and so death passed upon all men, FOR THAT ALL HAVE SINNED;" Romans 5:12.** You are a sinner by nature, through Adam as a human being, and by choice. **"...There is none righteous, no, not one: There is none that understandeth, there is none that seeketh after God. They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no, not one. Their throat is an open sepulchre; with their tongues they have used deceit; the poison of asps is under their lips: Whose mouth is full of cursing and bitterness: Their feet are swift to shed blood: Destruction and misery are in their ways: And the way of peace**

have they not known: There is no fear of God before their eyes." Romans 3:10b-18. "...for there is no difference: For all have sinned, and come short of the glory of God;" Romans 3:22b-23. Sin brings death or eternal separation from God. "For the wages of sin IS death;" Romans 6:23a. Realize now that you are a sinner, undone, destitute, without God, and without hope. "He that believeth on him (Jesus Christ) is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God." John 3:18. If you have not believed in Christ enough to ask him to save you, you are lost and unsaved. LOST NOW, CONDEMNED NOW, not in the coming age, but NOW, NOW. You are walking around condemned, lost, and sure to be in hell.

The rich man in Luke, chapter 16, has been in hell these nineteen hundred years since Jesus spoke of him when he was on this earth. This rich man is still in hell this very moment. In ten years this man will still be in hell. In fifty years, a hundred years, even a thousand years from now, he will still be in the burning pit of unquenchable fire. He is damned and lost for ever. Sinner friend, trust in Christ today. If you go to hell, God the Father won't help you out, Jesus will not, the Holy Spirit will not, because you rejected all three when you turned down Christ. Sinner, trust Christ TODAY, and know you are saved.

YOU NEED SALVATION BECAUSE JESUS CHRIST DIED FOR YOU.

Moses told about Christ in Genesis 3:15, and in every book of the Bible, in some way God tells us something of Jesus. All rejoiced at the birth of Jesus, except the devil and his angels. Jesus Christ came "to seek and to save that which was lost." Luke 19:10b. Jesus wants to save you, more than you want Him to save you. Jesus Christ was born of a virgin in Bethlehem, and lived a life without sin, the only one in all creation who lived a perfect life. Jesus

invited men always to come: "Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28. "Jesus stood and cried, saying, If any man thirst, let him come unto me, and drink." John 7:37b. Then Jesus Christ, perfect God and yet perfect man, full of infinite love and pity for YOU, became your substitute, and bore your judgment of sin. "For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him." II Corinthians 5:21. "Who his own self bare our sins in his own body on the tree, that we, (YOU AND I) being dead to sins, should live unto righteousness: by whose stripes ye were healed." I Peter 2:24. God must punish sin, and because you have sinned against him you must be punished or trust Christ's substitutionary death on Calvary.

Jesus did not look human because of the brutal beatings. Isaiah 52:14. "He (Jesus Christ) is despised and rejected of men; a man of sorrows, and acquainted with grief: and we hid as it were our faces from him; he was despised, and we esteemed him not. Surely he (Jesus Christ) hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted. But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed... and the Lord hath laid on him the iniquity of us all. Isaiah 53:3-6a. Look, sinner friend, at the last few verses again. Jesus bore our griefs. Jesus carried our sorrows. He was wounded for your transgressions. Jesus was bruised for your iniquities. By the bloody stripes of the scourge YOU are healed. Trust Him, sinner friend. Why would you reject your only hope?

HOW YOU CAN OBTAIN THIS SALVATION.

"For by grace are ye saved through faith; and that NOT OF YOURSELVES: it is the GIFT of God: NOT

HOW TO SURVIVE YOUR ABORTION

6 Hope and Substitution As you stand before your Maker you must realize that it is His grace and HIS grace alone that has brought you this far. There is no way you can take the credit for any of the healing. Christ does not call us out of our sin and heal our lives so that we can sit upon a pedestal for all the world to admire. It is now your responsibility to serve the needs of others with the same compassion and grace that has been shown to you by our Lord. Your self-esteem returns when you go beyond a total focus on yourself and into serving others.

The passing from grief to healing; death to life, can seem like a long painful process; and it is! It can also be a time of growth, maturing, and self-evaluation. By acknowledging and surrendering your feelings to God you will find release.

You will always remember the child you never knew here on earth. The memory is not wiped away with the healing — only the tears.

“... if any man be in Christ, he is a new creature: old things are passed away; behold, all things become new.” (II Corinthians 5:17). God loves you!

A Guide To Rebuilding Your Life

Compiled by "The Precious Feet People"

You are hurting. Perhaps you have a vague ache somewhere in your being that is frequently referred to as the "heart". Perhaps it's worse than that. Your abortion may have left you emotionally distraught.

Whatever pain you are experiencing, you are not alone. Many women are suffering as you are; some of us have worked through our heartache. This booklet is an attempt to help women like us — the surviving victims of abortion.

"Among the most common symptoms experienced by women who seek counseling [for post-abortion trauma] are: low self-esteem, anger, guilt, anxiety, depression, sleep disorders, extreme moodswings, a need to compensate for the loss of their child, drug and alcohol abuse, promiscuity, frigidity, numbness of feelings, hatred of self or of men, withdrawal, inability to sustain intimate relationships, unexpected emotional outbursts, suicide attempts [especially on the date her baby was due to be born]. Physical symptoms include nervous itching or hives, headaches, back-aches, stomach or abdominal disorders.

The list is far from complete. Repressed emotions may erupt wherever the woman is most vulnerable, physically or psychologically. Many factors determine the symptoms and their severity; no one experiences grief of loss in quite the same way. Our findings indicate that almost any kind of problem surfacing after an abortion may be directly or indirectly related to it, and therapy must include a healing of the abortion trauma.

The crisis point occurs most often between 2-5 years after the abortion. For some women, the crisis may come within months of the abortion—for others repression may last 20-30 years or more. . . ."

ABOUT THE COVER:

Striking a pose for this brochure is Karen Sullivan Ables. In my 35 year career both as a school principal and Arizona judge I have met few people whom I admire more than Karen. I have watched her as she proceeded through "The Grieving Process". Just as her poem on page 6 is a masterpiece, so is her healing an example of what Christ can do if given the invitation. She is now a happily married, competent secretary—mine! Her "rebuilt life" serves as a beacon of hope to all girls who are suffering the "hurt" of abortion.

Ellis W. Ezers

UNDERSTANDING WHAT IS HAPPENING TO YOU . . . "The Grieving Process"

At times it may seem that your feelings are confused — out of control. You hope that one day your pain will cease — but how? When? If you have some understanding of what is happening to you, you will be better equipped to cope. The confusing emotions of anger, sadness and depression are a normal part of what is called "the grieving process". You are grieving for your child as any mother would.

The stages outlined below are general observations and not necessarily identical for each woman. You will grieve in your own way; at your own pace. Following are the stages of grief as they relate to you, the woman who has had an abortion:

- 1 Relief** You may have experienced a sense of relief following your abortion. For a while you felt that your problems were over.
- 2 Denial and Rationalization** "It was something I had to do." "It was just a blob of tissue." "It's legal, therefore it's okay." These are commonly heard statements. Denial of the truth through such rationalization robs you of the opportunity to be healed through grieving.
- 3 Realization and Shock** The understanding of what abortion really is follows, and can be overwhelming and frightening. With a sense of bewilderment you may have said, "I killed my baby". With this knowledge you could go back to the denial phase telling yourself that it was something you had to do; or you then move into the most painful part of the grieving process.
- 4 Anger and Depression** The full force of the abortion has hit. You feel angry, betrayed, grief stricken, or depressed. Thoughts of suicide may nudge at you. Life seems almost hopeless at times. Unexplainable rage, guilt, remorse or self-hatred overwhelm you. You may suffer from insomnia, nightmares and flashbacks. Maybe you drink, take drugs, or indulge in casual sex hoping to fill the emptiness inside and stop the hurting. You regret your abortion and perhaps you would give anything to undo it. Making decisions seems to be difficult now. You think about your baby a lot. Although you may become overwhelmed by these thoughts and feelings — **Don't be afraid.** They are all a normal part of grief. Many women have experienced them and eventually worked out their pain. Now is a good time to seek God, and counsel from an understanding minister, counselor or friend.
- 5 Acceptance and Surrender** With sympathetic help a sense of peace and a proper perspective of your past emerge. For your healing to be complete you must seek and accept forgiveness for yourself. With God's help forgive others. Daily you need to surrender your anger, bitterness and self-hatred to Christ. Hanging on to them will destroy you.

The Acquittal—God's Infinite Mercy

*In a far away place and a different time
I killed my first child, a most
heinous crime.*

*The state didn't come, and I didn't
stand trial
Judge Blackmun was calm when
he said with a smile
"Killing is legal, say we the High
Court
But don't call it murder. Just call it
'abort'."*

*The judge in my heart would not
let the case rest.
I had no defense when once put to
the test
Found guilty I was by my heart's
Supreme Court.
"You murdered your baby!" they
screamed in retort.*

*With tears on my cheeks it was too
late, I knew
to bring back the life of the child I
once slew.
The glove slammed down, and it
rang in my head,
"You are guilty as charged, and
deserve to be dead."*

*"We now give you torment to pay
for your sin,"
was the sentence passed down
from my own court within.
"You will never escape. You're
branded. Don't hide.
Your just due is death. You should
try suicide."*

*I was beaten in prison by daily
attack
I was paying a debt, so I never
fought back
No hope of escaping and this I
knew well
I cried out to God from my own
self-made hell.*

*That day I met Jesus; He smiled
in my face
He said, "I forgive you. Come
walk in my grace."
"Lord, I believe you forgive me
and yet,
Blameless you are. Can you pay
for my debt?"*

*"And, Lord, please don't touch me
for I am unclear.
I'm filthy with murder, a most
wretched being."
I poured out my story. He showed
no surprise.
I gazed up with awe at the love in
His eyes.*

*He said, "I paid for your crime,
yes, was nailed to a tree.
There's no condemnation if you'll
trust in Me.
I took on your blame, and your
curse on My soul
so you may be free without judg-
ment, and whole."*

*I sputtered, "Dear Lord, where's
the justice in this?
I killed my first son, and you offer
me bliss?"
Tears blurred my vision, yet there
in His face
were eyes of compassion, blue
oceans of grace.*

*I thought to myself, "Now the past
has been buried?
I'm free of the guilt that for years
I have carried?"
He said to accept. It's a gift that is
free.
This is atonement, not justice for
me!*

*My judge was dismissed, my
accusers, and jury.
The truth of His love made them
leave in a fury.
He smiled, "Walk with Me and
come learn My way."
and grasping His hand I began a
new day.*

DON'T ALLOW ANYONE TO TRIVIALIZE OR DISMISS YOUR GRIEF.

Your grief is a healthy sign - a sign that you are facing realities, rather than hiding or keeping them to yourself where they will continue to build up inside and create a conflict between right and wrong in your own mind. Your tears will help cleanse you. The first step toward being healed of emotional wounds is to admit that they exist, and to admit the cause of these wounds.

You have a right to grieve. If you lost an infant to disease or accident, society would not deny your right to grieve; miscarriage of a planned or wanted child is recognized as an acceptable reason for grief. Many women are surprised to find themselves grieving an aborted child because the abortion was, more or less, a voluntary act; but that is all the more reason to grieve. Because you realize your abortion was a voluntary act on your part, your guilt and grief will become more painful.

You may be led to believe, by doctors, abortion facility counselors or other "family planning" personnel, by other women who have had abortions, psychiatrists, parents, husband or boyfriend that your grief is not real or genuine. This may lead you to feel foolish, selfish or guilty about your grief and that just makes your already confused state more stressful and makes you fear you are "going off the deep end".

Your grief is not only real and genuine, it is normal. When pregnancy occurs, your body begins to go through changes as you become a mother. Your body machinery gears up to produce a child; your mind starts to think in terms of being a mother. Anything that might oppose, or stop this natural process (such as abortion) upsets the natural functioning of your body and may cause permanent damage to your mental state. **IT IS NORMAL TO EXPERIENCE A SENSE OF LOSS, OF EMPTINESS, OF GRIEF.** Recognize then that you are responding normally to a tragic life experience. The fact that you cooperated in the bringing about of that tragedy does not mean that you do not need to grieve, but rather may add to your need to grieve.

DON'T BE TOO HARD ON YOURSELF.

One doctor has stated that uncertainty in early pregnancy is so common that it is often a symptom of pregnancy. You were called upon to make an important life decision at a time when your decision-making abilities were hindered by the changes that your body was going through. In addition, it is likely that you did not make your decision without help from others.

Perhaps the baby's father was unwilling or unable to be supportive and accept responsibility for his child. He may have suggested abortion and talked you into abortion by becoming emotional or by using financial reasons.

Frequently parents, in a desire to protect their child from embarrassment, pain or loss of schooling by an untimely pregnancy, urge abortion as the "solution" to "the problem". If you were unmarried, you may have felt that because your sexual behavior was somewhat irresponsible you gave up your right to make a decision to bear your child against your parents' expressed wishes. You may have felt that you had no right to further embarrass your parents and postpone their plans for your future. In an earnest desire to end their pain, you may have mistakenly viewed abortion as a way to hurry up and end a situation causing pain to those who love you most.

Your relatives, your superiors, your best friend might have all suggested, even urged, that abortion was truly an acceptable solution to your very different situation.

The counselors at the family planning or abortion facility may not have given you enough information to help you make an informed and intelligent decision. Because of this, your decision was not truly voluntary. The twisted words that they used may have led you to believe that your unborn child was truly not a human being. They called it "a clump of cells" or "the product of conception". They did not tell you enough about the possible complications; they told you less of the emotional complications. They told you little about the procedure by which they would abort your child and nothing of the pain your child would suffer. It is likely that you did not make your decision based on adequate information.

Finally, perhaps you thought that, because abortion is legal, it is right. After all, the Supreme Court did declare abortion to be "right" and 1.5 million women a year can't be all wrong, can they? You have a right to expect law-makers of our nation to have and use good judgment. Usually you can trust the law as a guideline for conducting your life. It isn't your fault that you didn't realize how wrong abortion is and what an injustice it is to the unborn child. It is society's failure, not yours alone.

You now know that abortion is a life or death situation, but that doesn't mean that you knew when you made your decision. It was a tragically unfortunate decision, but it was an understandable one.

FORGIVE THOSE YOU MIGHT BE FEELING BITTER TOWARD BECAUSE OF THEIR INVOLVEMENT IN YOUR ABORTION.

It is natural to feel anger toward people close to you who should have been supportive at a difficult time in your life but who seemed to fail you so miserably. But any anger that you let remain and allow to live on in your heart soon becomes rage or bitterness. You cannot heal emotionally while allowing those destructive feelings to exist.

Realize that your child's father may have felt stuck, with no way out. Perhaps he went back on every spoken and unspoken commitment made between you. You have been generous to yourself, now be generous to him. Your relationship with your child's father might end because of your abortion. If this has happened to you, so be it. But forgive him.

Forgive your parents, friends, clergyman. They were wrong, but sincerely so. They thought they were doing what was best for you. Unfortunately their judgments were faulty. That's a shame, not a crime.

Forgive the health-care professionals whom you may feel lied to or who failed to give you the necessary information that may have changed your decision. Many in the abortion field promote an opinion that an uninformed decision is a less painful one. We know that the opposite is true, but that is in the past now. Some of us are fighting for laws to change that, to require disclosure of the facts to a woman making this vital decision. If you'd like to add your voice to that fight, contact us at the address on the back cover.

LOOK TO GOD FOR HEALING

Many women have told me that they feel unworthy of God's forgiveness; that instead they are waiting for or feel they are under God's judgment. But read what

God says: "For God SO LOVED THE WORLD, THAT He gave His only begotten Son, that WHOEVER believeth in Him SHOULD NOT PERISH, BUT HAVE EVERLASTING LIFE". (John 3 : 16) "Whoever" includes anyone who has sinned and Romans 3 : 23 says "For all have sinned".

Abortion is not just a misguided act, a carrying out of an unfortunate decision. It is sin. Confess it to God as sin, and "...He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness". (John 1 : 9)

God is not angry, he is not demanding a pound of your flesh to make-up for your mistake. His Son, Jesus, has already given His life to pay for your sin and guilt. God stands with His arms outstretched, longing to soothe your hurting heart and heal your wounds. He declares, "Yea, I have loved THEE WITH AN EVERLASTING LOVE! Therefore, with loving kindness have I drawn thee". (Jeremiah 31 : 3)

Don't allow the enemy of your soul to tell you that your sin was too great, too premeditated, selfish, or destructive, that God is not eager to forgive if He is only asked! If you don't know Jesus as your Savior, Healer and Friend, pray in your own words.

Pray and let Jesus know you have accepted Him and what has happened and that you know you are truly sorry, or pray the following prayer:

Father in Heaven, I come to you now, confessing my sins. Lord, seeking my own way and living by my own rules has resulted in death and torment for my child and myself. Forgive me. I thank You that You were willing for your Son to die to redeem me. I accept His great sacrifice in my behalf.

Father, I lay at your feet all my feelings of guilt, grief, remorse and regret. Cleanse me and heal me by the blood of Your dear Son.

Today is the first day of my new life, a life I commit to You. Teach me to live according to Your will. In Jesus' Name, Amen.

Introductory Prayer

Eternal God, my Father and my Creator, accept my prayer of thanks for giving me as my Redeemer, Jesus Christ, your only Son. In meditating on the sufferings and death He endured for me, may I find the strength and determination I need to live the Christian life every day in imitation of Him so I may share His glory along with Mary and all the saints forever. Amen.

Our Father

Our Father, who art in heaven, hallowed be thy name; thy Kingdom come; thy will be done on earth as it is in heaven. Give us this day our daily bread; and forgive us our trespasses as we forgive those who trespass against us. And lead us not into temptation; but deliver us from evil. Amen.

Hail Mary

Hail Mary, full of grace; the Lord is with thee; blessed art thou among women, and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners now, and at the hour of our death. Amen.

Glory Be

Glory be to the Father, and to the Son and to the Holy Spirit. As it was in the beginning, is now and ever shall be, world without end. Amen.

Prayer For The Pope

God, our Father, Shepherd and Ruler of all the faithful, look with mercy on your servant our Pope, whom you have chosen as the shepherd to rule over your church; in word and in example, may he lead those over whom he has charge so that together with them he may gain eternal happiness. Amen.

Christ Is Risen!

The drama did not end with the death and burial of Jesus. We know that "He is risen."

And Jesus said to them: "Thus it is written that the Messiah must suffer and rise from the dead on the third day. In His name, penance for the remission of sins is to be preached to all the nations, beginning at Jerusalem. You are witnesses of this. See, I send down upon you the promise of My Father."

—Luke 24: 46-49

A plenary indulgence is granted under the usual conditions to those who perform this devotion, and pray for the intentions of the Holy Father.

For those unable to make the stations in their ordinary form, i.e., move from station to station, it suffices to hold a blessed crucifix, and recite the Our Father, Hail Mary and Glory be 20 times: one for each station, five in honor of the Sacred Wounds of Christ, and one for the intentions of the Holy Father.

Another Way Out..

Please...

- Slow down.
- Take a moment to read this pamphlet.
- Skip your appointment & come with us. (Keep your options open — you can always come back.)

Consider Why You're Here...

- Not enough money?
- Too many kids?
- No place to live?
- Don't want to face your parents or friends?
- Too many other pressures right now?
- Bad timing?

Abortion may seem like the only "way out" for you right now. The problems you are facing are REAL, we know. But we can offer you REAL help, if you'll let us. Confidentially. Without charge.

Is it a Baby?

Absolutely! Your baby's heart is beating right now! Your baby is either a little boy or a little girl. He or she is very small (could fit into the palm of your hand), but looks like a baby. This is your little baby and nobody else's, a unique human being who can never be repeated. The clinic will make abortion seem very routine, almost like a tooth extraction! But know that abortion is serious, abortion is final, and abortion can kill your baby.

Need Financial Help?

"I just wanted to thank all of the folks at the Crisis Pregnancy Center for the help and all of the goodies for the baby. I could have cried when I got home and saw all of the things we so desperately needed."

Our commitment to you is: You don't have to choose an abortion because of a lack of money. We will help you with:

- Rent
- Medical Expenses
- Baby Clothes, etc.
- Expenses after the baby is born

Does Abortion Hurt?

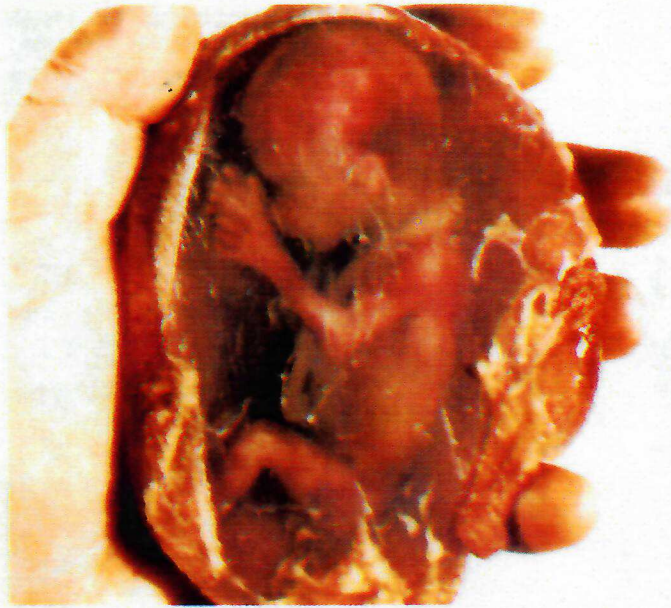

Yes. Sometimes a great deal. Injuries can occur too. Complications such as a perforated uterus, hemorrhage, infection, shock, intense pain, death, loss of interest in sex, despair, and others could occur. This clinic puts one woman in the hospital every week.

What About School or Job?

You probably think you'll have to drop out of school or quit your job, right? Wrong! We have helped many women in different situations maintain their schooling and employment during and after their pregnancy. Whatever your plans, you don't have to toss them aside!

What About Housing?

There are people ready to welcome you into their home right now, if that is what you need. We understand that it is important for you to be surrounded by people who care and are in your corner.

DID YOU KNOW?

This is how big you were when you were only 11 weeks old. From then on you breathe (fluid), swallowed, digested, urinated, and had bowel movements, slept, dreamed, and awakened, tasted, felt pain from touch and heat, reacted to light and noise, and were able to learn things.

After 11 weeks no new organs began functioning; you just grew more mature.

JEREMIAH 19 LITURGY

To challenge human abortion through the ethics of choice

Leader: We read in Jeremiah 19:1-9: "This is what the LORD says: 'Go and buy a clay jar from a potter. Take along some of the elders of the people and of the priests and go out to the Valley of Ben Hinnom, near the entrance of the Potsherd Gate. There proclaim the words I tell you, and say, "Hear the word of the LORD, O kings of Judah and people of Jerusalem. This is what the LORD Almighty, the God of Israel says: Listen! I am going to bring a disaster on this place that will make the ears of everyone who hears of it tingle. For they have forsaken me and made this a place of foreign gods; they have burned sacrifices in it to gods that neither they nor their fathers nor the kings of Judah ever knew, and they have filled this place with the blood of the innocent. They have built the high places of Baal to burn their sons in the fire as offerings to Baal -- something I did not command or mention, nor did it enter my mind. So beware, the days are coming, declares the LORD, when people will no longer call this place Topheth or the Valley of Ben Hinnom, but the Valley of Slaughter.

"In this place I will ruin the plans of Judah and Jerusalem. I will make them fall by the sword before their enemies, at the hands of those who seek their lives, and I will give their carcasses as food to the birds of the air and the beasts of the earth. I will devastate this city and make it into an object of scorn; all who pass by will be appalled and will scoff because of all its wounds. I will make them eat the flesh of their sons and daughters, and they will eat one another's flesh during the siege imposed on them by the enemies who seek their lives."

People: We stand here today in front of an abortion center, where human life is destroyed. We understand that the Valley of Ben Hinnom in 600 B.C. was used for the places of Topheth, where infant children were burned alive, to the Babylonian god Baal. The name of this valley thus became the source for the New Testament Greek word, Gehenna, which means hell. This is an apt metaphor, which Jesus used often, for he came to save us from choosing hell. It is apt, for hell is the abolition of hope, and human abortion is an act of hopelessness. The name Topheth means a fireplace for child sacrifice. This abortion center is a modern, updated, Topheth shrine.

This shrine to human abortion equals a forsaking of biblical truth and empirical scientific data in this nation. This shrine is an idol which opposes the seeking of truth and informed choice. We understand idolatry to be the worshiping of something good instead of worshiping the God who made it good. In this reversal, the good becomes evil, and choice destroys human life instead of nurturing it. Abortion advocates worship a form of choice, but in a way that destroys the larger definition of informed choice. We understand that in the idolatry of Baal, the Hebrew people were seduced into believing that by burning their infant sons alive, they could then gain fertility, peace and prosperity. And we understand the same reality in the idolatry of choice today which undergirds human abortion. In a life disrupted by a crisis pregnancy, abortion is sold as a means to regain a sense of peace, order, stability and hope. But human abortion does not restore these shattered remains of God's image -- rather it fractures them more deeply yet. Such is idolatry, and we Christians are just as vulnerable to it unless we are careful.

To the extent that this nation sanctions and continues the practice of human abortion, we invite God's judgment. Israel faced God's judgment in 586 B.C. in their exile to Babylon. We are not privy to God's prophetic timetable, except to know that the Final Judgment will come one day. This modern Topheth shrine to human abortion is a precursor to our own nation's Valley of Slaughter. In it, the victimizers will become the victims, and one day, this nation's people will look back on human abortion not as a woman's freedom or empowerment, but of her and her nation's Valley of Slaughter. A slaughter not only of the unborn, but of women's dignity, and men's dignity, as life nurturing humans. Israel's idolatrous sacrifice of their sons led to a literal cannibalism. This nation's destruction of its unborn progeny cries out for a modern equivalent. The specter of coercive euthanasia looms as an inescapable outcome of abortion's logic. It is inescapable in that what we reap we will sow, except for God's mercy which triumphs over judgment for all those who turn and believe in the good news of Jesus Christ.

Leader: We read in Jeremiah 19:10-15: "Then break the jar while those who go with you are watching, and say to them, 'This is what the LORD Almighty says: I will smash this nation and this city just as this potter's jar is smashed and cannot be repaired. They will bury the dead in Topheth until there is no more room. This is what I will do to this place

and to those who live here, declares the LORD. I will make this city like Topheth. The houses in Jerusalem and those of the kings of Judah will be defiled like this place, Topheth -- all the houses where they burned incense on the roofs to all the starry hosts and poured out drink offerings to other gods.'

"Jeremiah then returned from Topheth, where the LORD had sent him to prophesy, and stood in the court of the LORD's temple and said to all the people, 'This is what the LORD Almighty, the God of Israel, says: Listen! I am going to bring on this city and the villages around it every disaster I pronounced against them, because they were stiff-necked and would not listen to my words.'"

People: We understand that the jar which Jeremiah broke was a jar similar to those used by Baal worshipers to bury the charred remains of their sacrificed children. And the parents truly wept as they buried them. Such is the terror of idolatry. But today, the idolatry of human abortion hides the act of its destruction within the machinery of the suction apparatus. There are no tombstones, and too often the grief remains hidden. But as surely as Jeremiah's breaking of the symbolic clay jar signaled God's judgment upon the burial jars of Topheth, so too God pronounces judgment upon the sites and apparatus of human abortion, and upon those who cling to its idolatry while mocking the Lord and Giver of all life. As Jerusalem became like Topheth, so too will human abortion be ended one day.

When Jeremiah broke the clay jar, he declared that he was not the Judge, and that he would not take the law into his own hands to oppose the signal evil of child sacrifice. He could have literally formed a group of like-minded people to grab the children out of the parent's arms as they walked past en route to Topheth. But he did not, as he trusted in God alone, and faithfully called the king and other leaders to legally put an end to the practice. Jeremiah, like the prophet Daniel, was publically above reproach. He worked through civil order for the protection of the children, and not against civil order.

Likewise, we will not employ vigilante and coercive tactics to oppose human abortion. We trust in God and the power of persuasion in the public arena. People are not our enemies, even those who do abortions and those who support it. Satan and his kingdom is the enemy of all humanity, thus we seek to win people's minds and hearts through the truth and love of Jesus Christ. We work through civil order, and its original basis in the image of God, to help it regain its true place in protecting women and their unborn children equally.

Leader: Therefore, I break this jar as a symbol of God's promise to bring an end to the practice of human abortion. It is furthermore a symbol of our expectation for God to revive his church, and to bring his matchless love to thousands of unbelievers. I also break this jar as a symbol of God's promise to break the power of witchcraft that is behind the abortion mindset. In Jesus' name. [break jar]

People: If there is no God in heaven who judges the acts of people, and if Jesus Christ is not who he said he is, then our opponents can be at ease and rest comfortably. If that is indeed the case, then all we do is to break a piece of pottery in a feeble silliness that can be easily scoffed at and dismissed. For we will not take the law into our own hands.

But if God is God, and if the biblical ethics of choice are true, then God does not force anyone into eternal life, or into anything for that matter. Nor shall we. Rather, God empowers us to choose life through true definitions and true freedom. All our opponents can relax; we believe in persuasion, not coercion. But alas, the symbol of the broken jar has a power that is inescapable. The idolatry of human abortion is in direct opposition to the Creator and Author of life. And we shall all stand accountable in God's presence one day. Forgiveness is offered to all who would seek it, and it is complete in its healing of past sorrow and guilt for all those who receive it.

In all we do, we celebrate the biblical ethics of choice, and the religious freedom set forth in the First Amendment to the U.S. Constitution, where we expect no more civil liberties than that which we commend to others. We are here to persuade for the choice of life. Our opponents are free to persuade us otherwise if possible. We will always listen.

Leader: As Jeremiah also says: "See, I am setting before you the way of life and the way of death." And as Moses says, "Now choose life." The biblical ethics of choice will always give accurate definitions of terms, of life and death. False choice, as employed to support human abortion, will hide the reality of death, and falsify the definition of life. So we listen to Jeremiah's words to King Zedekiah: "This is what the LORD says: Do what is just and right. Rescue from the hand of his oppressor the one who has been robbed. Do no wrong or violence to the alien, the fatherless or the widow, and do not shed innocent blood." And Jeremiah then promised peace for Israel if Zedekiah would obey. We commend these words to any and all in this society who would consider them.

We echo the words of our banner: YOU HAVE THE POWER TO CHOOSE LIFE. If someone says they do not have this ability, then we ask -- what power and choice do you then have? If someone says they have this power and choice, then we ask -- why not exercise it? Courageous and compelling choice always nurtures human life, and in Jesus Christ, such power and courage is available.

People: Amen.

"If Someone Had Only Told Me..."

Few women faced with an unwanted pregnancy are told of the marvelous development of the life growing within them. In their ignorance, abortion seems to be the right decision at the moment. But they are not warned of what will really happen to their baby or of the possible physical and psychological effects of abortion which may stay with them the rest of their lives. And they are rarely told of the alternatives to save the life of their child.

Some doctors say that abortion is a routine operation to remove "fetal tissue." But in truth, it is the destruction of a living human being. They do not tell the patient the cruel truth that the fragile life within her may be torn to pieces and sucked into a jar, or poisoned by a strong salt solution, or perhaps born alive and allowed to die by neglect or sometimes killed by a direct act.

One young woman, who later regretted an abortion, stated, "The doctor said, 'a little fluid out and some fluid injected, severe cramps, then the fetus is expelled.' That isn't what it was. I felt my girl thrash around for an hour and a half 'til she died a slow death."

The mother is also exposed to long-term complications. Incomplete abortion resulting in blood clotting, bleeding, hemorrhage, and infections are not uncommon. Menstrual dis-

turbance, miscarriage, tubal pregnancies and sterility are always risks and tend to multiply with successive abortions.

Cervical lacerations and uterine perforation can result from suction and D & C procedures. Convulsions, severe vomiting and diarrhea are common with prostaglandin abortion. Cardiac arrests and maternal deaths have also been reported.

Demand an ultrasound and insist on seeing the image.

An ultrasound will tell you if you have an intact uterine pregnancy or an unviable pregnancy. Thirty percent (30%) of all first pregnancies are unviable and end in miscarriage.

What is the doctor's name?
If the clinic won't tell you, there's a reason.

FOR EXAMPLE:

- Dr. Harry Goldenberg was "a habitual user of narcotics, barbiturates, and hallucinogens" (Mass. Board of Registration in Medicine, Case 83-2), and was prosecuted for drug abuse. For years he did abortions at Boston-area clinics, with no indication that clients were aware of his drug habit.
- Dr. Howard Silverman is still performing abortions, in spite of "substandard care," "sexual misconduct," "professional misconduct," and "false advertising."

UNWANTED CHILDREN THINGS WE THROW AWAY

The bodies of 13 dismembered babies, the helpless victims of an abortionist, were discovered January 13, 1987 in a trash dumpster behind the Robbinsdale Clinic, Robbinsdale, Minnesota.

Incredibly, no laws were broken despite the violent and painful death these children suffered.

WHY?

Because these babies were victims of legalized abortion. More than 4,000 babies are destroyed every day in America's killing centers for the "crime" of being inconvenient or "unwanted."

In America, it is against the law to abuse a stray dog or cat, yet the ultimate form of child abuse, ABORTION, is legally protected and guaranteed as a constitutional "right."

In America, children are disposable, things we throw away.

The Easy Way Out?

Most women have a natural love and affection for babies. This is reflected in a little girl's desire to cuddle and play with baby dolls. To choose to destroy her own baby goes against a woman's nature. That is why women who abort their baby often experience remorse, guilt and depression after their abortion. One writes:

"I will never get over the loss of my children. I murdered my children by having abortions. The emptiness and sadness from these tragedies will never leave me. Those children I allowed to be killed are gone. No amount of weeping will ever bring them back. If I had a chance to go back, I would never let them take my babies. I miss them so much. Often I think about what they would look like and what they would be doing if they were alive."

"God works hard at creating a new life and He has plans for His children. The feeling of having the life sucked out of you is abominable. If you go through with an abortion, you will live to regret it the rest of your life. You will never forget the atrocity you allowed to be committed. You will cry night after night over the loss of your precious child."

In addition to the emotional trauma, women can suffer physical complications from their legal abortion. These possible complications include sterility, heavy bleeding, an increased risk of miscarriage or premature birth in future pregnancies, breast cancer, infection and even death.

The Facts of Life

There is no longer any doubt that life begins at conception. At all stages of fetal development, the preborn child is alive and growing:

- ✓ At conception, the unborn child is complete with 46 chromosomes which determine all physical characteristics. Never will there be another child created exactly like this one.
- ✓ At 3 weeks, the heart is beating.
- ✓ At 6 weeks, brain waves can be detected.
- ✓ At 8 weeks, the child is clearly human in appearance; all bodily organs are present. He or she is even able to suck his or her thumb and respond to pain.
- ✓ Nothing is added from conception except time and nutrition.

Birth is only a change in the baby's surroundings.

Even though a preborn child can survive if born as early as the fifth month of pregnancy, abortion is legal through all nine months of pregnancy.

Blood Money

Child-killing is a multi-billion dollar industry in America. The industry's priority is not to do what is best for the woman, but to kill a mother's baby for a price. The abortion centers mislead the mother by callously referring to her perfectly formed and developing baby as a "fetus," "a blob of tissue" or "products of conception."

The very real risks and complications of abortion are minimized and rarely discussed.

The Violence of Abortion

These aborted babies found in a dumpster graphically reveal the violence committed against the thousands of children killed every day in America. Several methods used to kill our children are:

- **Suction Abortion** - This is performed in the first trimester of pregnancy. A catheter with a powerful suction tears the child apart. An ultrasound of a suction abortion reveals the baby sensing the danger and frantically trying to avoid the tip of this instrument of death.

- **Dilatation and Evacuation (D&E)** - This method of killing is done on babies too large to

pass through the suction tubing. A sharp-toothed, pliers-like instrument is used by the abortionist to grab an arm or leg and tear it from the body. This dismemberment continues until the entire child is removed from the womb.

- **"Partial-Birth" Infanticide** - In this later-term procedure, the abortionist delivers the live, active baby down the birth canal first. While the face is still inside the birth canal and the body dangles out of the mother, the abortionist jabs a scissors at the base of the baby's skull, enlarges the opening and inserts a catheter to remove the brain. The baby, now dead, is then completely removed from the mother.

This 14-week-old baby boy's head was ripped off his body and crushed with such force that both eyes were popped out of his skull.

Even though a preborn child can feel pain, no anesthetic was given to this baby before her leg was ripped from her body.

THINGS WE THROW AWAY

This life-size fetal model contrasts the beauty of a 4-month-old preborn child before abortion with the violent dismemberment of a child the same age.

Thousands of married couples who want to adopt children are unable to because women choose abortion, falsely assuming their child is unwanted.

Abortion Death Brings \$2 Million Settlement

The 11-year-old daughter of a woman killed by the Atlanta Surgi-Center recently settled out of court for \$2 million. Dr. Daniel McBrayer and the nurse anesthetist, Kenneth Hodger, were named in the award along with the Atlanta Surgi-Center.

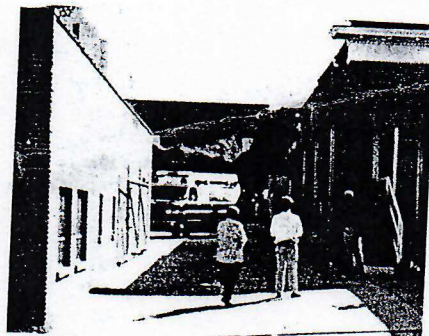

Charles Wysong of the American Rights Coalition notified the district attorney's office about the comatose Catherine Pierce. The district attorney's office then learned that the clinic did not file a report on the injury as required by law. As a result of this information, the Surgi-Center was raided by the authorities and patient records were seized. (The Surgi-Center initially denied to the district attorney any knowledge of an injury or complication at their facility.)

The girl's mother, Catherine Pierce, was a 27-year-old licensed practical nurse from Chattanooga who went to the Atlanta Surgi-Center for an abortion in March 1989. According to the Georgia Department of Human Resources, the Atlanta Surgi-Center had been giving the same dosage of anesthetic to women weighing from 107 to 167 pounds. Catherine Pierce was not properly awakened from general anesthesia and suffered an unwitnessed cardiac arrest resulting in severe brain damage. Thirty minutes after the abortion, Catherine was rushed to Crawford Long Hospital. She never came out of a coma and died October 10.

"Thirty minutes after the abortion, Catherine was rushed to Crawford Long Hospital. She never came out of a coma and died October 10."

In July, the Department of Human Resources threatened to revoke the Atlanta Surgi-Center's license unless they made improvements in their patient care, particularly in regard to the use of anesthesia. Beth Petzelt, the Atlanta Surgi-Center's director, said, "I don't believe the patients are in danger here. This facility has always delivered quality health care."

This denial of danger and abuse in the abortion industry is portrayed vividly in the

Governor Closes 10% of Florida's Clinics

[Taken from AP Wire Reports, Sept. 26-28, 1989]

Gov. Bob Martinez ordered a Miami abortion clinic closed following reports of botched abortions and called a state agency to take whatever action "the law will allow" to make sure the clinics are safe. That order by Florida's pro-life governor resulted in the state's Department of Health and Rehabilitative Services closing four abortion clinics

"When we got there, there wasn't any soap in the place, so our inspectors had to go next door to wash their hands."

in 1989, which were described as unsanitary and dangerous by state officials.

HRS Secretary Greg Coler said, "It is hard to believe that places like this can exist in this age of modern medicine. There was a serious lack of sanitation throughout the clinics."

\$4 Million Awarded to Woman Left Sterile

[From the Washington Post, December 19, 1989]

Three years ago this month, Julie Surland arrived at the Washington Hospital for an abortion. Within hours, she was in critical condition. Rendered "surgically menopausal" at age 19, she became permanently unable to bear another child.

A D.C. Superior Court jury returned from four days of deliberations on Friday with a \$4 million verdict against physician William Peterson and the hospital after finding that malpractice had caused Surland's injuries.

"The case is a nightmare," Marvin Ellin, Surland's attorney, said in an interview yesterday. . . . "She had hemorrhaged so severely that she had bled half the total blood volume of her body." "It tears us apart to know that we can't have another child," Surland said. "Ashley asks for brothers and sisters every day now." ■

Koop Misrepresented on Abortion Injuries

"Instead of saying 'the Surgeon General could not find sufficient evidence to issue a scientifically statistically accurate report that could not be assailed,' the Associated-Press said, 'He could find no evidence.' I know there are detrimental effects [from abortion]. I have counseled women with this problem over the last fifteen years. There is no doubt about it." . . . When I got home, my wife was in a frenzy. "You won't believe what they are saying on television," she said. "Rather said it, Brokhaw said it, Jennings said it, that you had not been able to find any evidence that there are psychological effects of abortion."

So that's where it all began. And I spent that entire night on the telephone, until about one o'clock in the morning, doing as much damage control as I could."

Doctor Forces Abortion On Handcuffed Wife

[From the *Miami Herald*, May 1988]

Police have arrested a Fort Lauderdale abortion clinic physician after his wife reported that he handcuffed her, strapped her to a table in their home and performed an abortion against her will.

Dr. Theodor Lehrer, 52, was arrested at his condominium at 936 Intracoastal Drive late Wednesday on one count of sexual battery, Fort Lauderdale police spokesman Ott Cefkin said.

In court documents filed Thursday, Lehrer's 37-year-old wife told authorities that he performed the abortion on her Sunday night at the couple's condominium. He was angry because she refused to have sex with him because of sickness caused by her 11-to-14-week pregnancy, she told authorities.

She pleaded with him not to rape her, she said. He placed a gauze pad over her mouth but removed it when she feared suffocation. ■

Abortionist Molests Minor — Loses License

[From the *Miami Herald*, May 27, 1988]

A Miami obstetrician convicted of having sexual intercourse with a 13-year-old Kentucky girl surrendered his license Saturday, eleven months after the state ordered that he stop practicing medicine.

Dr. Nabil Ghali, 54, has lost his appeal to continue working in Florida, but his attorney says the fight is not over.

Although the state Board of Medicine revoked Ghali's license last June, a court put the order on hold until his appeal was resolved. According to DPR, Ghali has been working at two clinics that offer abortions, Dadeland Family Planning Center in Kendall and Ladies First Medical Group in Pembroke Pines.

When he got in trouble, Ghali was practicing in Kentucky but also had licenses in Florida and Ohio. He moved to Miami after losing his Kentucky license in 1983 for having sexual relations with a young girl in his neighborhood. Florida officials began their investigation in July 1985 after learning from Ohio officials that Ghali had licensing problems.

While preparing the state's case, the agency learned that the doctor had lied on his application for Florida Licensure, said DPR spokesman Jack Maynard. Ghali said he had only been sued for malpractice once when he was sued four times, Maynard said. ■

Study Shows Abortion Injuries are Common

According to one survey, 47% of aborting women have physical complications:

- 6% have had total hysterectomies
- 6% reported cervical cancer
- 8% had blocked fallopian tubes
- 9% had infections
- 8% had cervical incompetence
- 15% had post-operative hemorrhage
- 22% miscarried a later wanted child

— Quoted from *Aborted Women, Silent No More*, David Reardon, 1988

A Note From The President

Dear Friends,

The long-term effects of abortion on women have yet to be realized. However, some indications of these effects become more apparent as the abuses are made public.

An attorney had a medical malpractice case recently where a woman had her intestines pulled into her uterus and then the doctor left her crying in the recovery room and went home. He remarked that he "used to be for abortion" but has now changed his mind. He went on to say, "However you define life, they have no regard for it."

You could help us expose the numerous abortion abuses by sending us newspaper clippings.

Just this morning I received a call about a mother of three who bled to death at home after her abortion. A husband and father called earlier this week to get help after his wife suffered a similar fate.

If you would like a reprint of the source material of a particular article, or articles, we would be glad to send it for a donation of any size.

If you are considering an abortion, please don't. One day in our office would convince anyone that abortions are not safe or simple.

If you have had an abortion and are having problems, we are concerned and invite you to call us at 1-800-634-2224.

Sincerely,
Charlie Wysong
American Rights Coalition

Florida Clinics Closed (Cont.)

Coler said there were no restrooms or hot water at one of the clinics, and urinary catheters and devices that came in direct contact with patients and their bodily fluids during abortions were being reused.

"The conditions in these clinics amounted to an extreme danger of infection, especially in this day of AIDS and hepatitis-B," said Dr. Charles S. Maham, Florida's chief public health officer. "The most basic place to start when sterilizing equipment is with hot soapy water. In one place . . . they couldn't even begin to ensure that their equipment was sterile."

Investigators also said they found sloppy record-keeping that made it impossible to determine if all of the patients who had abortions were actually pregnant. One clinic disposed of aborted [babies] by throwing them in the trash, and another flushed them down the toilet.

"There was actually an abortion-suction device that had green mold growing on it, the stirrups at one table were covered with blood and an oxygen mask still had lipstick on it from a patient who had used it," said Connie Cheren, a registered nurse in charge of licensure and certification for HRS. "When we go there, there wasn't any soap in the place, so our inspectors had to go next door to wash their hands," said Greg Coler, another state inspector. ■

Quotes

"Safe abortion is a euphemism."

—Dr. Beverly Macmillan, founder of first abortion clinic in state of Mississippi

"According to the Center for Disease Control, as many as seven times more deaths have been caused by legal abortions than illegal."

—*Abortion Surveillance, 1975; CDC, 1977*

"I want to point out to you the abortion procedure is done blindly. You don't have a mirror, you don't see under direct vision, so you go by your feel and by your experience, and I cannot really tell you that at this stroke you go up and down or at this stroke you do a circular motion. It's just—basically you go with your experience and your feel."

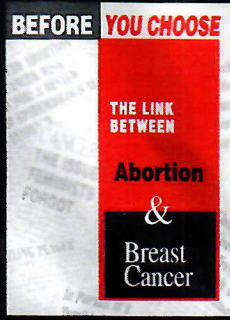

—*Abortionist Fareed Cadum, from a recent malpractice case*

"The last eighteen months, one out of every 500 women either had a hysterectomy, a colostomy due to a perforated uterus, or urinary tract repair. One out of every 500 in the last eighteen months. And we had a death—a 32-year-old woman with two children."

DOES ABORTION CAUSE BREAST CANCER

- Abortion interrupts natural changes in the breast
- Studies show an increased risk of cancer
- What your abortionist won't tell you . . .

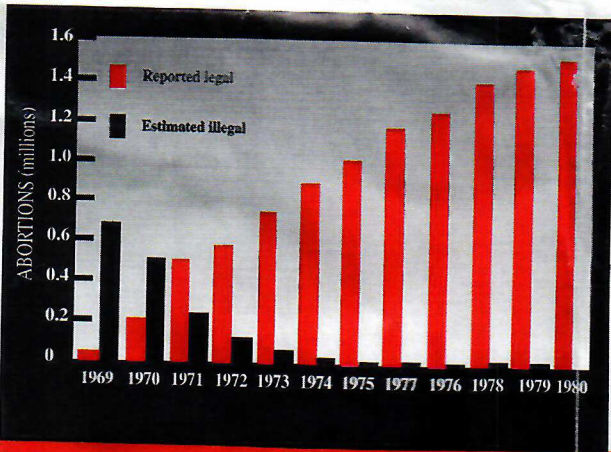

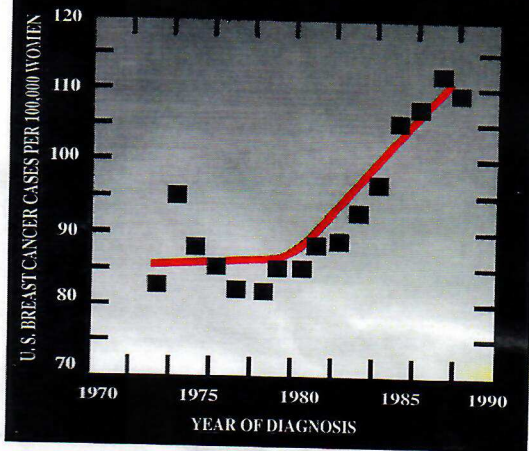

What Your Abortionist Won't Tell You About Breast Cancer!

1

Breast cancer in America has increased by 50% since abortion was legalized in 1973, and is on the rise around the world.

2

Abortion of a first pregnancy interrupts the natural growth process of the breast, leaving millions of cells at a high risk.

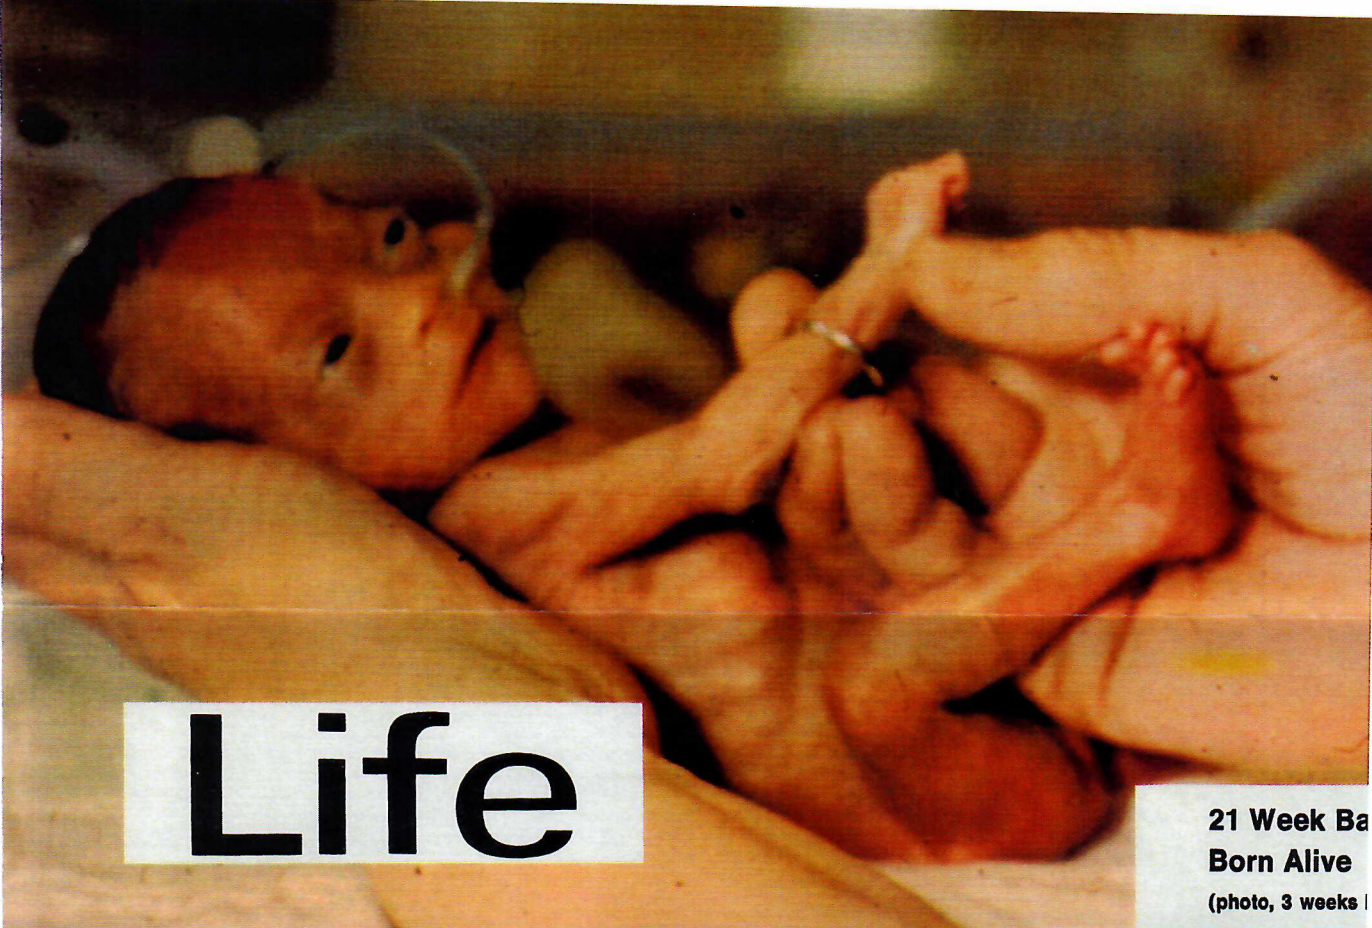

3

Twenty-four published studies show an increased breast cancer risk among women with abortions before their first live birth.

Abortion has been linked to breast cancer. Abortion is the one common factor which explains the breast cancer epidemic around the world.

Death

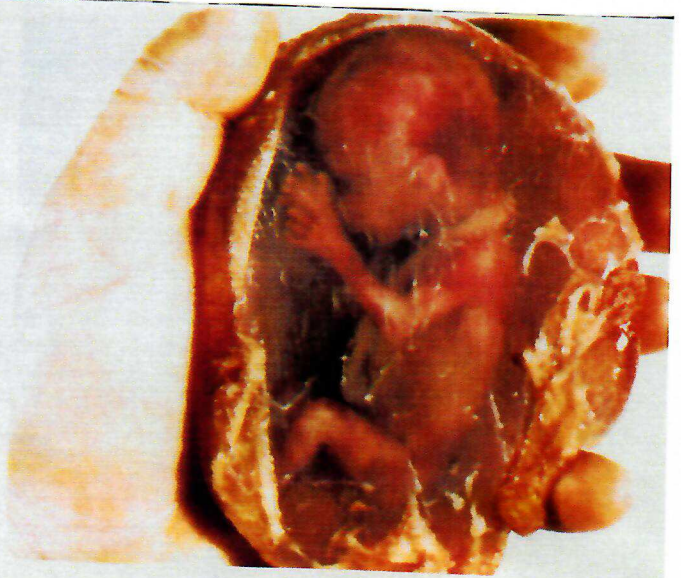

Baby Born at 4½ Months

Baby Kenya King, born in Orlando, Florida, 21 weeks (4½ months) from the first day of her mother's last menstrual period. Weighing 18 oz (510 gm) she dropped to 13 oz. She is shown @ 5 lbs with her mother. (Miami Herald, Pam Smith photo)

Some states use "viability" or ability to survive outside the womb as a measurement of the humanity of the unborn. Thirty years ago, however, "viability" was about 30 weeks. Now it is as early as 20 weeks. In 20 more years it may be at 10 or 12 weeks. What is changing is the increasing sophistication of our external life support systems. The babies are the same. Therefore, "viability" cannot be used to judge the baby's humanity. Rather it measures the skill and equipment of the doctors, nurses, and hospital in which the baby is born.

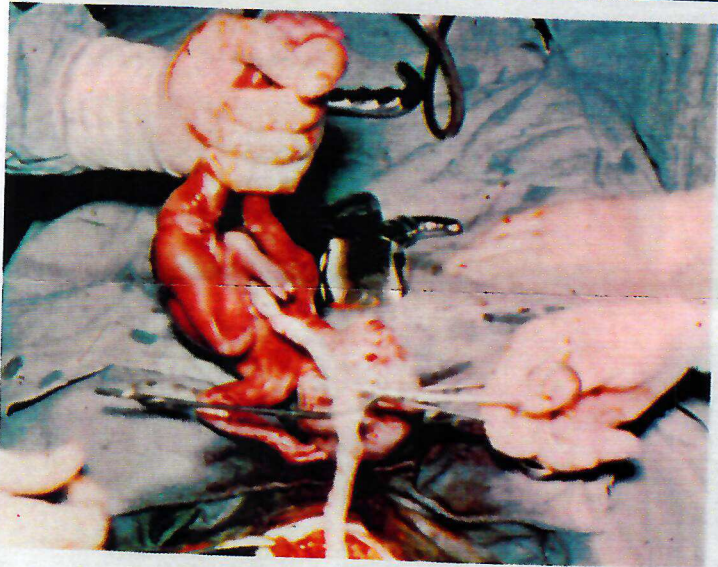

Eleven to Twelve Weeks (3 Months)

At this stage all organ systems are functional. He breathes, swallow digests, and urinates. He is very sensitive to pain, recoiling from pin prick and noise, and seeks a position of comfort when disturbed. So he will sleep and wake with his mother. If his amniotic fluid is sweetened, he will swallow more often, if it is made sour he will quit swallowing.

He can be taught by sound signals to anticipate and recoil from a pain stimulus, but no two little ones will respond the same, they are already individuals. At this stage Arnold Gesell has said, "The organization of his psychosomatic self is well underway."

After this time nothing new will develop or function, only further growth and maturation.

Note, he is sucking his thumb. Ultrasound movies have shown thumb sucking at eight weeks.

Caesarean Section Abortion (Hysterotomy)

This method is exactly like a C-section until after the cord is cut. In a Caesarean Section, the baby's phlegm is sucked out, and she is taken to the intensive care, newborn nursery where everything is done to care for her.

The baby in this picture weighing two pounds (a 24 week pregnancy) was to be aborted. She was cut free, dropped in a bucket, and left to die. At this age they all move, breathe and some will even cry.

Salt Poisoning Abortion at 19 Weeks (4½ Months)

This method is done after 16 weeks when enough fluid has accumulated in the baby's bag of waters. A long needle is inserted through the mother's abdomen into the baby's sac and a solution of concentrated salt is injected into it. The baby breathes in and swallows the salt and is poisoned by it. The outer layer of skin is burned off by its corrosive effect. It takes over an hour to slowly kill a baby by this method. The mother will then go into labor about 24 hours later and deliver the "Product of Pregnancy" above.

Prostaglandin Abortion

This drug, made by the Upjohn Company originally for the specific purpose of abortion, causes the woman to go into labor at any stage of pregnancy. It is used in middle and late pregnancy to induce abortion. Its major "complication" is "live birth". It also can cause serious maternal injury.

Tiny Human Feet @ 10 Weeks

Perfectly formed feet demonstrate that the baby's tiny body is completely formed at this time.

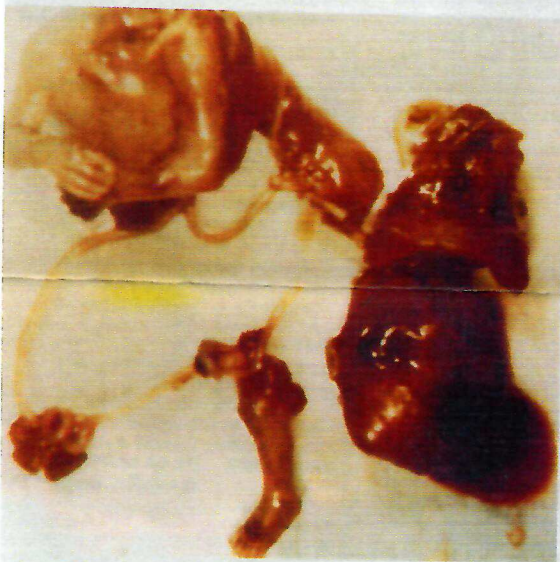

- Weeks — "quickening" occurs — that is movement begins.
- human brain activity can be recorded on the electroencephalogram.
- Days — the human heart begins to beat.
- Option — human life begins. At that moment a new being exists—totally different from the body of either the mother or the father (different genetic makeup)
- human (46 chromosomes)
- alive (capable of replacing his own dying cells)
- and needing only food and time to grow into an adult human.

Human Life at Eight Weeks (2 Months)

At this stage:

- he (or she) will grab an instrument placed in his palm and hold on
- an electrocardiogram can be done
- he "swims freely in the amniotic fluid with a natural swimmer's stroke"
- with instruments you can hear his heartbeat.

D & C Abortion at 12 Weeks

Between 7 and 12 weeks, this method utilizes a loop shaped instrument. The uterus is entered through the vagina. The cervix (mouth of uterus) is stretched open. The abortionist then cuts the tiny body to slice the placenta from the walls of the uterus.

D & E Abortions Until 18 Weeks

Between 12 and 18 weeks, this method utilizes a sharp toothed instrument. The abortionist grasps a part of the body of the baby away. This dismemberment of the living baby continues without anesthesia until all parts, plus the deeply rooted afterbirth, are removed. Bleeding is profuse.

The job of the operating room nurse is to reassemble the body parts. The uterus is empty, otherwise the mother will bleed and become

Suction Abortion at 10 Weeks

Over 85% of all abortions performed in the U.S. and Canada are done by this method. It is like the D & C except that a powerful suction tube is inserted. This tears apart the body of the developing baby and his placenta, sucking the "products of pregnancy" into a jar. Sometimes the smaller body parts are recognizable as on this picture.

All photos in this brochure were entered as documented evidence before the Federal District Court of Connecticut in 1971. These and others were submitted during scientific testimony before the Judiciary Sub-committee of the U.S. House of Representatives in 1976 and before the Judiciary Sub-committee of the U.S. Senate in 1981 and in 1982. They were not challenged and were published by both House and Senate in the official proceedings.

What of the U.S. Supreme Court Decision?

This has opened all fifty states to abortion on demand until the cord is cut. It prevents any state from forbidding abortion when needed for the life or health of the mother.

By the Court's own definition, the word "health" means: "...The medical judgment may be exercised in the light of all factors—physical, emotional, psychological, familial, and the woman's age—relevant to the well-being of the patient. All these factors may relate to health." (Doe v. Bolton)

It includes when a pregnancy would:

"Force upon a woman a distressful life and future."

Produce "psychological harm."

"Will tax mental and physical health by child care."

Will bring the distress "associated with the unwanted child."

Will "bring a child into a family already unable psychologically or otherwise to care for it."

Will bring the "continuing difficulties and stigma of unwed motherhood." (Roe v. Wade)

The Dred Scott Decision in 1857 ruled that black people were not "persons" in the eyes of the Constitution. Slaves could be bought, sold, used or even killed as property of the owner. That decision was overturned by the 14th Amendment. Now the court has ruled that unborn people are not "persons" in the eyes of the Constitution. They can be killed at the request of their owners (mothers). This dreadful decision can only be reversed by the court itself or overturned by another constitutional amendment.

But legalizing abortion would eliminate criminal abortions!

This is purely wishful thinking, and a completely false statement. Consistent experience has been that when laws are liberalized, the legal abortion rate skyrockets, the illegal abortion rate does not drop, but frequently also rises. The reason consistently given is the relative lack of privacy of the official procedures. (Abortion: Questions & Answers)

Doesn't a mother have a right to her own body?

This is not her body but the body of another human person. Since when have we given to a mother the right to kill her children—born or unborn?

Abortion is only a religious question, isn't it?

No. Theology certainly concerns itself with respect for human life. It must turn to science, however, to tell it when life begins. The question of abortion is a basic human question that concerns the entire civilized society in which we live. It is not just a Catholic, or Protestant, or Jewish issue. It is a question of who lives or dies.

Isn't abortion another means of contraception?

No. Do not confuse abortion with contraception. Contraception prevents new life from beginning. Abortion kills the new life that has already begun.

Why bring unwanted babies into the world?

An unwanted pregnancy in the early months does not necessarily mean an unwanted baby after delivery. Dr. Edward Lenoski (U. of S. Cal.) has conclusively shown that 90% of battered children were planned pregnancies.

What about a girl who's been raped?

Pregnancy from rape is extremely rare. (See Willke, Abortion: Questions & Answers). The victim must be supported, loved and helped, but we should never kill an innocent baby for the crime of his father.

What if the mother threatens suicide?

Suicide among pregnant women is almost unknown. In Minnesota, in a 15-year period, there were only 14 maternal suicides. Eleven occurred after delivery. None were illegitimately pregnant. All were psychotic.

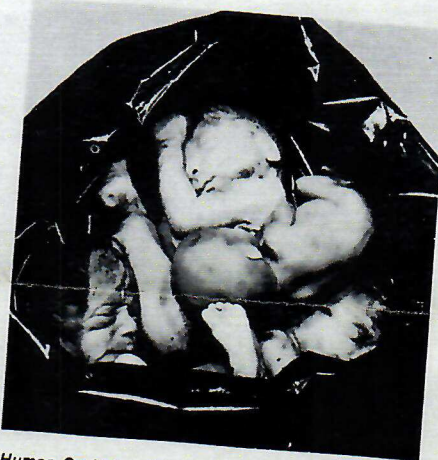

Are there after-effects to the mother?

After legal abortion there is an increase in sterility of 5%, of miscarriages of an additional 10%, of psychiatric aftermath (9 to 59% in England), of Rh trouble later. Tubal pregnancies rise from 0.5 to 3.5% and premature babies from 5 to 15%. There can be perforation of the uterus, blood clots to the lungs, infection, and later fatal hepatitis from blood transfusions. (Abortion: Questions & Answers)

But isn't it cruel to allow a handicapped child to be born — to a miserable life?

The assumption that handicapped people enjoy life less than "normal" ones has recently been shown to be false. A well-documented investigation has shown that there is no difference between handicapped and normal persons in their degree of life satisfaction, outlook of what lies immediately ahead and vulnerability to frustration. "Though it may be both common and fashionable to believe that the malformed enjoys life less than normal, this appears to lack both empirical and theoretical support."

Paul Cameron & D. Van Hoeck, Am. Psychologic Assn. Meeting, 1971

Human Garbage—"These dead babies had reached fetal ages of 18 to 24 weeks before being killed by abortion. This is the result of one morning's work at a Canadian teaching hospital."

A new ethic?

For two millenia in our western culture, specifically protected by our laws, and deeply imprinted into the hearts of all men has existed the absolute value of honoring and protecting the right of each person to live. This has been an inalienable, and unequivocal right. The only exceptions have been that of balancing a life for a life in certain situations or by due process of law.

Our new permissive abortion laws represent a complete about-face, a total rejection of one of the core values of western man, and an acceptance of a new ethic in which life has only a relative value. No longer will every human have an absolute right to live simply because he exists. Man will now be allowed to exist only if he measures up to certain standards of independence, physical perfection, or utilitarian usefulness to others. This is a momentous change that strikes at the root of western civilization.

It makes no difference to vaguely assume that human life is more human post-born than pre-born. What is critical is to judge it to be, or not to be, human life. By a measure of "more" or "less" human, one can easily and logically justify infanticide and euthanasia. By the measure of economic and/or social usefulness, the ghastly atrocities of Hitlerian mass murders came to be. One cannot help but be reminded of the anguished comment of a condemned Nazi judge who said to an American judge after the Nuremburg trials: "I never knew it would come to this." The American judge answered simply: "It came to this the first time you condemned an innocent life."

Willke, Handbook on Abortion

Isn't abortion safer than childbirth?

In the last stages it is far more dangerous. In the first three months it is probably more dangerous or at least as dangerous as childbirth. Like Venereal Disease, abortion complications and even deaths are substantially underreported. Therefore, even though the reported statistics state that abortion is much safer, in fact it is probably more dangerous even in early pregnancy.

Isn't it true that restrictive abortion laws to the poor?

It is probably true that it is safer for a poor person to break almost any law, than for a poor person to do so. Perhaps the poor cannot afford all they want. Rich people probably can. mean we should make heroin available one? Not everything that money can buy is so good. The solution is not to repeal laws to enforce them fairly. Laws restricting abortion, and frequently have been, adequately

What of the Population Explosion?

Fertility in the United States has dropped to "replacement" level of 2.1 children a family necessary to achieve zero population growth been at 1.8 since 1973.

If the current decline in the world birth rate continues "it should be possible to reduce world crude birth rate to less than 20 world population growth rate to less than 20 per annum by 1980" (same as U.S.A.).

World Fertility Trends During the 1970s, R. Ravenholt, director, off. of population

Constructive Answers

"Choosing abortion as a solution to social problems would seem to indicate that certain individual groups of individuals are attempting to meet their own comforts by enforcing their own decisions. As a result, pregnant school girls are left to fend for themselves, and the poor neglected in their struggle to attain equal conditions of life. And the only solution offered these people is abortion. It becomes very disturbing when we realize that this destructive medical technique may be the shaper of our families and our society. We must move toward creating a society in which material pursuits are not the ends of our lives where no child is hungry or neglected; where defective children are valuable because they give us an opportunity to love and serve without regard for our power to destroy life, we should destroy conditions which make life intolerable. Then, a child regardless of its capabilities or the circumstances of his birth, could be welcomed, loved, and cared for."

Dear Friends of the Unborn:

Thank you for joining us today in an act of reparation for the 15,603 preborn babies who have died in the last year at the PP/Preterm and the Repro abortion mills.

Last Saturday, the Gynecare Abortuary at 177 Tremont St., Boston closed its doors for the last time. Our Lady's Crusaders for Life have been praying the Rosary at the abortuary from 4:00 to 5:30 PM every Tuesday, when abortions were being performed since June, 1992. We generally had from 25 to 30 faithful prayer supporters on hand and for the last 3 months we have also had, along with us, the Missionary Image of Our Lady of Guadalupe. We thank Jesus, thru the intercession of Our Lady for His help in shutting them down.

Since June of 1990 we have been praying the Rosary on the 2nd Saturday of each month at the Planned Parenthood Abortuary. Before the Salvi shooting we would have 300 to 400 in attendance. With the Cardinal's moratorium it dropped to less than 100, but since the Cardinal cancelled the moratorium we have not been able to return to the original numbers. Last month we had 150 in attendance. Please try to join us for this important prayer vigil. It will only be thru the intercession of Our Lady and Her Rosary that we will end the abortion holocaust. THE NEXT VIGIL IS HERE AT 1842 BEACON ST. ON SATURDAY, APRIL 12TH AT 8:30 A.M.

Also, please don't forget our radio program, every Sunday at 2:30 PM on Station WROL, 950 on the AM Dial. The program is called "Roses in Winter" and is devoted to Pro-Life News and the Family Rosary. Donations to help defray the cost will be gratefully accepted.

SONG TO OUR LADY OF GUADALUPE

You are the fountain of my life.
Under your shadow, and in your
protection.
I fear no evil, no pain, no worry.

O MARIA, O MOST MERCIFUL MOTHER
GENTLE VIRGIN, WITH THE NAME
GUADALUPE
ON A MOUNTAIN, WE FIND ROSES IN
WINTER
ALL THE WORLD HAS BEEN TOUCHED BY
YOUR LOVE

Here, in the crossing of your arms,
Could there be anything else that I need?
Nothing discourage, nothing depress me.

REFRAIN

You are the star of the ocean.
My boat is small and the waves are so high.
But with you to guide me,
I'll reach my homeland.

REFRAIN

You are the dawn of a new day.
For you give birth to the Son of the father.
All of my lifetime,
I'll walk beside you.

RECESSIONAL

Holy God We Praise Thy Name.

THE WAY OF THE CROSS FOR THE UNBORN

THE FIRST STATION: JESUS IS CONDEMNED TO DEATH.

AT EACH STATION - Our Father ...

We adore you O Christ, and we praise you, because by your Holy Cross you have redeemed the world.

Priest - Divine Savior, at Your judgment the Jews once shouted: "We have a law and according to it he must die." (Jn. 19:7) Thereupon Pilate washed his hands as a sign of innocence and said: "I am guiltless of the blood of this just man. Look to it yourselves." (Mt. 27:25). He freed Barabbas, but You he gave over to be crucified

(All) The Unborn Child: I too am condemned to death because there is a law. On the basis of this law my parents and doctors believe that they are allowed to kill me. They wash their hands in innocence as if one could wash off guilt with water and disregard a divine law. They sentence me to physical death. But will they save themselves from eternal death?

AT EACH STATION - Have mercy on us O Lord, have mercy on us and on the unborn and on their parents. Glory be to the Father ...

THE SECOND STATION: JESUS TAKES UP HIS CROSS

Priest - With Your cross, O Jesus, they place upon you the guilt of the whole human race. You do not refuse it, because only in this way can the human race be redeemed.

(All) The Unborn Child: Thus have you taken upon Yourself the sinful burden of those people who cold bloodedly snatch my life away. My only guilt is that I am unwanted, as if I had forced myself on my parents. The truth is that they themselves are the ones who gave me life. They do not want to take my burden on themselves. How then can your death on the cross save them?

THE THIRD STATION: JESUS FALLS FOR THE FIRST TIME UNDER HIS CROSS.

Priest - The burden is becoming too heavy for You, O Jesus. You fall. Trembling, You lie on the ground. By beating you they force You to stand up.

(All) The Unborn Child: I am much weaker than you. I can't even stand up yet. I cannot defend myself either. Hitting me isn't enough - they have to destroy me. Only then are they satisfied.

THE FOURTH STATION: JESUS MEETS HIS SORROWFUL MOTHER

Priest - The meeting is for You and Your Mother a great and bitter sorrow. But it is also a comfort for You. Your Mother has not abandoned You in Your most difficult hour.

(All) The Unborn Child: I have no mother who cries over me; I am enclosed in the womb of a woman who is allowing me to be destroyed. Through the prophet You once said: Can a mother forget her child? Such a thing would be against all human feeling. In reality I am being destroyed so that I can be forgotten. But will I be destroyed in their conscience?

THE FIFTH STATION: SIMON HELPS JESUS TO CARRY HIS CROSS

Priest - Simon doesn't want to carry the cross willingly. They have to force him. But when You turn Your divine gaze upon him, he willingly shoulders the cross and walks behind You, lightening your burden.

(All) The Unborn Child: I am still blind and cannot gaze upon any person with a pleading look so that he might help me. You are the only one to whom I can look. Don't refuse me when without being baptized I must come to you. Turn your divine gaze upon me also.

THE SIXTH STATION: VERONICA WIPES THE FACE OF JESUS

Priest - Veronica cannot see Your face, covered as it is with dirt and perspiration. She takes the veil from her head and hands it to You so that You can wipe off the dirt and the blood. Perhaps You may have helped her in some way in the past and for that she now shows herself thankful.

(All) The Unborn Child: There are so many good selfless women. Why must I have such a heartless woman as my mother? How I would repay her later for the sacrifice that she would make for me now. Lord, press your divine face deep into her soul so that she does not lose her soul for all eternity.

THE SEVENTH STATION: JESUS FALLS THE SECOND TIME UNDER HIS CROSS

Priest - Lord, for a second time the sins of mankind press You to the earth. Once again all the wounds on Your body break open and bleed. A searing pain convulses all your members.

(All) The Unborn Child: How the destroying of so many innocents bears down upon You. My death too has added to Your burden. Grant that this second fall might save those who incur guilt because of me from being cast into the eternal abyss.

THE EIGHTH STATION: JESUS MEETS THE MOURNING WOMEN

Priest - Tears of ordinary sympathy are not sufficient. You advise the women: "Do not weep for Me, weep rather for yourselves and your children." (Luke 23:28)

The Unborn Child: No tears are shed for me. Or will they be? To be sure, when my mother first knew of me, then she cried - out of rage, because she didn't want me. My death will cause her no pain at all. They will give her an anesthetic so she doesn't feel pain when I am put to death.

THE NINTH STATION: JESUS FALLS THE THIRD TIME UNDER THE CROSS

AT EACH STATION - Our Father ...

We adore you O christ, and we praise you, because by your Holy Cross you have redeemed the world.

Priest - The burden of the Cross becomes unbearable for You. A third time You fall to the ground. You are not given a moment to rest. With whips and clubs You are forced to rise. Trembling with weakness You stand there and with Your last strength You walk the last part of the journey to Golgotha.

(All) The Unborn Child: They don't have to hit me with clubs. But they will consider me as worthless as Yourself. Their only concern is to get me out of the way, because otherwise I could give my parents concern and worry.

AT EACH STATION - Have mercy on us O Lord, have mercy on us and on the unborn and on their parents. Glory be

THE TENTH STATION: JESUS IS STRIPPED OF HIS CLOTHING

Priest - Naked and exposed to the view of all You will die. Therefore they tear the clothing from your body. Now you atone for the shamelessness of mankind.

(All) The Unborn Child: Shame played no role when I began to exist. But now that I am to be born, they are ashamed of me. My parents cannot accommodate a third or fourth child. The better circles have only one or at most two children. They would have enough clothes for me, but they won't give them to me.

THE ELEVENTH STATION: JESUS IS NAILED TO THE CROSS

Priest - Your being nailed to the cross is a torture. This most humiliating punishment is to be Your lot in order to separate You once for all from the human race. But where hatred is the greatest, Your love is most powerful. Through your death on the cross You open the Gate of Heaven for mankind.

(All) The Unborn Child: For my death you need no cross and no nails. A conscienceless person will be my executioner. I will be cut up into pieces and they will only be concerned lest I cause an infection.

THE TWELFTH STATION JESUS DIES ON THE CROSS

Priest - "Father forgive them because they know not what they are doing." (Luke 23:34) This is your prayer as you are dying. As the Good Thief dying says: "Jesus, remember me when You come into Your kingdom."

(All) The Unborn Child: It is difficult for me to think and to pray like the Good Thief. But it is the only chance to make something out of my short life. It is the only action that I can perform and therefore I too pray: "Lord Jesus, forgive the doctor who destroys me, forgive my father and mother who want my death. They do not know what they are doing."

THE THIRTEENTH STATION: JESUS IS LAID ON HIS MOTHER'S LAP

Priest - After Your death You are allowed to be laid on Your mother's lap. Once as a child You rested there and now she shows You a final act of love. The Church puts these words of Holy Scripture into her mouth. "All who pass by here, see if there is a sorrow as great as mine." (Lamentations 1:12)

(All) The Unborn Child: This final manifestation of love is not granted to me, but I can say the same words: "All who pass by here, see if there is a sorrow as great as mine." I have experienced a mother's love and will never get to experience it on this earth.

THE FOURTEENTH STATION: JESUS IS LAID TO REST IN THE TOMB

Priest - Jesus, You do not have Your own grave. They have to lay You in a grave belonging to another. However, this grave was not to be Your final resting place. You rose from this grave with the transfigured body of eternal life.

(All) The Unborn Child: My grave will be a garbage dump or incinerator. Will that be my final resting place? Will I be forgotten forever? No, my soul lives on and this soul on judgment day will be united with my body for all eternity. At the Last Judgment my parents must admit that they killed their own flesh and blood. Will they then not cry out, "You mountains, fall upon us. You hills, cover us?" (Hosea 10:8). I and the many millions of innocent and unborn children of God who had to undergo a terrifying death on earth, yes, we innocent ones love our father and mother with our wholehearted love and with all our soul.

Let us pray at God's holy throne for His holy mercy upon all fathers and mothers. May they enjoy eternal life in the heavenly kingdom.

FINAL PRAYER

Lord, the unborn and those poor hearts and poor souls, their parents, undergo the Way of the Cross with You. Move all those who are responsible for taking the lives of the unborn: fathers and mothers, doctors, nurses, nurse's aides, midwives, state and federal officials, so that all these may come to know their responsibility and duty before God the Father, the Creator of heaven and earth, and so that they no longer will call down upon themselves Your divine justice by these shameful acts and thereby reap the greatest harm for themselves.

O Holy Mary of Guadalupe, Immaculate Virgin, Patroness of the Unborn and of those Poor Hearts and Souls, their parents. You, the Mother of All and the Fountain of Life, how deeply does the pain over this fearful and horrible sin rend your motherly heart. Have sympathy with the most innocent of your children and protect them from the attacks of Satan.

O Mother of Love and of Mercy, Refuge of Sinners, beseech Our Heavenly Father that He may grant His grace and mercy to those responsible so that none of them may be lost for all eternity. Amen.

“The Mystery of Iniquity”

The people of this world are not aware that there is a bad spirit that dwells in all the people of this world. As recorded in **Ephesians 2:2** “**the spirit that now worketh in the children of disobedience**”.

The people of this world have set up thousands of religions based on lies. Jesus sent us out here to warn the people of this world that they are in false religions. Satan has chosen a way to oppose the almighty God and he does it through telling lies on the scriptures. One lie is that God set up thousands of religions.

The devil has many tricks up his sleeve. Some people totally reject what the Word of God is saying. These people are called atheists. The Bible calls them fools. These people lie and say that this world was created by an explosion. A lot of people believe in their stupid talk because they have a hatred for God and his Word.

On the other hand, many people profess that they are God's people such as the so called Jews, yet they would never stand up and defend the Word of God. But they totally reject Jesus, the one who made this world as it says in **St. John 1:10** “**He was in the world, and the world was made by him, and the world knew him not.**”

The religions of today are all about singing and dancing. Not one of them, will do what the Bible says in **Jude 3**, “**Beloved, when I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhort you that ye should earnestly contend for the faith which was once delivered unto the saints.**”

People are not aware that the bad spirits in them are causing them to be hateful towards one another. Racist towards human beings. Causing millions of babies to be killed (abortions). Causing wars all over the world. It just happens to be that the white race has set up the many so called religions. They are the ones who portray all the people in the Bible as white. The scriptures do not teach this.

They are the ones behind the atheists. They are the ones behind Santa Claus, Christmas and the Easter bunny and the trinity. I speak of the white people because

OVER--→

most people look up to these people. They are the ones who are misleading the rest of the world. For those who trust in lies, damnation awaits them. Jesus said in **St Luke 13:5** **"I tell you, Nay: but, except ye repent, ye shall all likewise perish."**

Your white skin, brown skin, black skin, red skin, hair and fancy clothes, and bank accounts will not help you.

Jesus said in **Romans 1:18** **"For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness."** The people of this world pay their money to the false ministers and listen to them read scriptures out of context and add to the Word of God and change what the Word of God says. As it says in **Romans 1:25** **"Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen."** That creature is Satan.

Jesus is so displeased with this world because he came into this world to give the people of this world a chance to get the devil out of them yet they want to continue on living in sin. You people are misusing the scriptures to justify what you want to do. The scriptures were not written for the people of the world but for God's people. As it says in **II Timothy 3: 16-17** **"All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness. That the man of God may be perfect, thoroughly furnished unto all good works".**

The bible teaches that the devil has deceived the whole world. **Rev. 12:9** **"And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world."**

It's up to you. Either you want to go by lies, falsehood and pretence or you want to go by the precious truth of God.

All the religions of this world are set up by the devil. God only set up one true religion. As the Bible says in: **Ephesians 4:5** **"One Lord, one faith, one baptism".**

For more information, check out our website. This message is not for the purpose of gathering members, but to defend the word of God. Because you people have been misusing the word of God for a long time.

Are you a true Christian or a false Christian?

Most people who call themselves Christians are not Christians according to the scriptures. As the Bible says in **Revelations 12:9** “**And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world:**”.

Most people who say that they are Christians have been deceived by the devil. They believe in false doctrines that their false ministers are teaching them. **Romans 1:25**, “**Who has changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed forever**”. That creature refers to the Devil. **St. John 8:44** “**Ye are of your father the devil, and the lusts of your father ye will do :: When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it**”

Jesus came into this world to give people a chance to get the bad spirit out of them and to be born again according to the scriptures. The false religions do not teach people that they are born under the power of Satan and that they have bad spirits in them. **Acts 26:18**, “**To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God.**” They think that they can believe anything that they are taught. But the Bible teaches that a person must go by what has been taught in the scriptures. As Paul said in **Galatians 1:9** “**As we said before, so say I now again, if any man preach any other gospel unto you than that ye have received, let him be accursed.**”

The false religions do not teach what Paul taught. Also, these false Christians are more into morality with singing and dancing and putting on a show, while the true Christians are people who according to the Bible, went out and defended God's Word.

Jesus came into this world to give the way of salvation. What is meant by salvation is to get out from under the power of Satan. Because Satan will mislead you and deceive you and make you think that you are serving God when reality you are serving *him* and worshiping *him* every Sunday.

Your false ministers will read scriptures out of context to make you feel good and to get your money. The devil working through him and through you as the Bible says in **Ephesians 2:2** “**The Spirit that now worketh in the children of disobedience**”. The people of this world are cursed and disobedient to God's word. You don't have the true understanding.

TURN OVER ----->

As the Bible says in **Amos 8:11** “Behold, the days come, saith the Lord God, that I will send a famine in the land, not a famine of bread, nor a thirst for water, but of hearing the words of the Lord”. The false Christians are involved in all kind of things of this world such as politics, singing and dancing. You name it, and they are involved. The false Christians think that Jesus came into the world for them, but Jesus came to give his people the Truth so that they will fight against the lies of the devil.

What we are telling you is that God has revealed are the mysteries of the scriptures to us, his people. **1. That the devil is the god of this world. 2. That the people of this world have the spirit of Satan in them. 3. They do not know who God is. 4. They do not know what God wants. 5. They are all lost in sin.** Jesus wants us to warn you before he comes back because you are all in false religions and you have been deceived by the devil for example: Baptizing babies or inviting the lord into your heart as well as many other false doctrines.

The people of this world believe in lies and they pay their false ministers to tell them lies. Your lies will cause you to go to hell because you do not believe in the Truth of God. You are trying to make mockery of the Word of God. Billy Graham tells people to invite the lord into their heart. No one in the Bible told people to do that. What a person must do first is to get the devil out of them, that bad spirit, because Jesus would not dwell in the same temple as the devil.

All the religions in this world do not teach the Truth-that people have the bad spirit in them. You were born with that bad spirit. That is why Jesus said that you have to be born again. Neither do the false religions of this world teach people that when you were born in this world you were born condemned. **St John 3:18** “He that believeth on him is not condemned: but he that believeth not is condemned already.”

As true Christians we know who is right and who is wrong as in **Malachi 3:18** “Then shall ye return, and discern between the righteous and the wicked, between him that serveth God and him that serveth him not.”

Jesus sent us out in these last days to warn mankind. If you want to hear or read more check out our website at www.hear-the-truth.com

To those who want to offend us with profanity and nasty words Jesus said in Mark 9:42, “And whosoever shall offend one of these little ones that believe in me, it is better for him that a millstone were hanged about his neck, and he were cast into the sea”.

THE ABORTION INJURY REPORT

A PUBLICATION OF THE AMERICAN RIGHTS COALITION
An Abortion Complaint Clearinghouse • PO Box 487, Chattanooga, TN 37401

1-800-634-2224

June 1991

These are reports on actual calls we have received

"Oh my God, It's a boy!"

She was on drugs and the father of the baby pressured her to have an abortion. Her parents also encouraged abortion. She was much further along than she thought. The abortionist used intravenous drugs to induce labor. The nurse exclaimed, "Oh my God, it's a boy!"

She is now a strong pro-life Christian and has overcome thoughts of suicide.

Four years and no baby

She wasn't even sure she was pregnant at the time she had two abortions. Now she is married and has been trying for four years without success to have a child.

Six days in the hospital

She was hospitalized for six days right after having an abortion. She said the abortion clinic people were cold and uncaring. She had a nervous breakdown and walked around for weeks thinking she had a baby.

She has since had two sons both of whom nearly died in during her pregnancies.

Hemorrhaging and hysterectomy

She was detained at the abortion clinic for almost three hours after the abortion, bleeding all the while.

She was taken to a hospital where she received eight units of blood and a hysterectomy was performed. She was in great pain and was given morphine. She could not return to work for two months.

Her abortion cost \$275.

Put through the assembly line

She has had two miscarriages since having an abortion. She now regrets having had the abortion and says the clinic where she got her abortion was "like an assembly line" where she received no counseling and was told nothing of the procedure to be performed. She says the abortion clinic people were very insensitive and she

New Orleans clinic closed for drug dispensing violations

The Delta Women's Clinic in New Orleans closed recently when the federal government seized its assets in an attempt to collect a \$337,000 fine levied for gross and willful violations of drug dispensing regulations.

Federal regulators visited the clinic in August 1988 and found that Valium and other controlled substances were being dispensed by unregistered physicians. Controlled drugs were being sent home with patients in unmarked white envelopes. Regulations require that the patients name, the doctor's name and specific information about

the contents be recorded on the container of controlled drugs sent home with a patient. The name and address of those who received such drugs is required to be kept on file to make possible quick action should a batch of medicine be found defective. In addition to unregistered dispensing, and insufficient labeling, the clinic had grossly inadequate records of where the drugs came from and where they went.

Regulators explained the required procedures to the clinic staff and informed the clinic

U.S. Marshal surveys equipment seized from abortion clinic in New Orleans.

it would have to get the proper registration before it could continue dispensing controlled drugs. 1990 inspections of patient records uncovered gross violations even after the warning was issued and the proper procedures explained.

A \$337,000 fine was levied against the clinic which, when unpaid, resulted in the confiscation of the clinic's assets and the closing of the clinic.

The fine held up in court and on appeal.

Missouri parents want criminal charges filed against clinic doctor who killed their daughter

A Springfield, Missouri couple who won a \$25 million jury award for their daughter's death, after an abortion performed by Dr. Scott Barrett Jr. of St. Louis, is now pursuing criminal charges against the doctor.

Stacey Ruckman died in Feb. 1988 from an overdose of lydocaine, a local anesthetic. Witnesses testified that Barrett regularly administered excessive doses of the drug. One local doctor speculated that the technique was used to speed up the abortion process permitting Barrett to perform more abortions.

Barrett did not have insurance to cover the \$330,000 in actual damages awarded by the jury or the \$25 million awarded for aggravating circumstances. The girl's parents said all along that

suit was not for the money but to let people know about Barrett's practices so that other parents wouldn't have to suffer as they did. The Ruckmans were not informed that their daughter was pregnant or that she intended to get an abortion.

"It was felt at the time by all concerned that it was just an unfortunate death that occurred while in the process of performing that procedure (abortion)," said Green County Medical Examiner Dr. Erwin Busiek. No criminal investigation was pursued until after the Ruckman's civil suit revealed the facts behind the girl's death.

Green County prosecutor, Tom Mountjoy, is investigating the death as possible involuntary manslaughter.

Abortion clinic runs 25% off coupon in D.C. directory

"We Care About You!" reads the headline in a half page ad in a Washington D.C. yellow page section of a local phone book.

Just below that in large bold type is the word "ABORTION" followed by "ABORTIONS UP TO 24 WEEKS." The clinic also promoted its free birth control, V.D. treatments and tubal ligations (tubes tied). Master Card and Visa were accepted.

The half page ad contained a note to "see our COUPON in the Red Section." The coupon (reprinted to the right with phone numbers and addresses removed) offered 25 per-

cent off gynecological care on initial visit.

Abortion clinics often see their clients for the first time on the day they perform an abortion. This means the coupon is in effect an offer of 25 percent off an abortion. Several other abortion clinics appeared in the yellow pages of this phone book, one featuring "UP TO 20 WEEKS" as its main pitch, but all were dwarfed by the clinic offering the coupon.

Abortionist prosecuted for wife's death

From: *Daily Oklahoman*, Monday April 22, 1991

An Oklahoma abortionist and cosmetic surgeon is facing possible criminal prosecution for the death of his wife during a 1989 liposuction operation. However, Dr. Joe Reynolds is no stranger to controversy.

A gynecologist-obstetrician with a 1962 degree from University of Oklahoma, Reynolds claims to have performed thousands of abortions since 1973 and has been the object of many pro-life protests.

His qualifications as a cosmetic surgeon have been under fire from the State of Oklahoma after performing "unprofessional" liposuctions on his wife, housekeeper, and a medical assistant.

In 1990, Reynolds was sued four times for malpractice. One month prior to his wife's fatal and fifth liposuction operation, his housekeeper "very nearly died," according to the *Daily Oklahoman*, during similar surgery due to a perforation of her intestines.

Reynolds also performed a hysterectomy, ovary removal, and at least one breast implant on his wife, a practice frowned upon in the medical community. He has also been sued for the death during an abortion of a 21-year-old woman in 1985.

Reynolds, whose personal worth exceeds \$5 million, demanded more than half a million dollars from a life insurance policy after the death of his wife.

Abortionists willing to admit "stigma" of their profession

Quoted from the *National Right to Life Chapter Newsletter*

Fewer and fewer doctors are willing to perform abortions because of, among other things, the "professional stigma" attached to the job, according to a report by the National Abortion Federation. The NAF, hoping to counter the decline in doctors who perform abortions, released the report, based on a pro-abortion symposium last October, at a press conference April 30. Abortion advocates are clearly worried about the downward trend.

The number of abortion facilities in America dropped from 2,908 in 1982 to 2,582 in 1988. According to the report, only 17 percent of all the counties in the United States have clinics of hospitals that perform abortions.

The National Abortion Federation, an organization of abortionists and abortion clinics, also expressed concern that younger doctors are not coming forward to replace abortionists who retire. "Young physicians in particular may be leery of the taint associated with abortion services, perceiving that involvement with abortion could adversely affect their careers," the report said. Even among doctors who support abortion, there is an unwillingness to actually perform abortions.

Fewer medical schools are providing training in abortion techniques. There was a 22 percent drop from 1976 to 1987 in the number of medical residency programs offering such training.

To reverse this trend, the NAF report recommended allowing "mid-level clinicians" other than licensed doctors, such as physicians' assistants, to perform abortions. This suggestion comes at a time when an increasing number of clinics are under scrutiny for unsafe, unsterile procedures and practices. Under the so-called "Freedom of Choice Act" pending in Congress, states would no longer be able to require that only licensed physicians perform abortions.

Study identifies post-abortion stress factors

Dr. Anne Speckhard, Ph. D. in her study, "The Psycho-Social Aspects of Stress Following Abortion" identified a range of the psychological problems experienced by women after abortion.

They are listed below in ascending order of frequency:

- 23% hallucinations related to the abortion
- 35% perceived visitation of the aborted child
- 54% nightmares related to the abortion
- 61% increased alcohol use
- 65% thoughts of suicide
- 69% feelings of "craziness"
- 69% sexual inhibition
- 73% flashbacks of the abortion experience
- 73% discomfort with children
- 73% decreased ability to experience emotions
- 77% inability to communicate
- 81% preoccupation with the aborted child
- 85% surprise at intensity of emotional reaction
- 89% fear that others will learn of the abortion
- 92% feelings of guilt
- 92% feelings of anger
- 92% feelings of depression
- 100% feelings of grief, sadness, loss

A Note from the President

Accountability is clearly something to which abortionists are unaccustomed. For years they have closed the doors to their clinics and no one knew what really went on inside.

This past month a \$300,000 settlement was finalized. The Spencer's of West Memphis, Ark. called us to find an attorney and an expert witness for their case which we were able to do. I met with the Spencer's just after the settlement was reached and they were gratified. They said at first the doctor's insurance company treated them with extreme rudeness, but as the case unfolded they came to treat them with dignity and respect.

The case did not claim physical damage, but only post-abortion emotional trauma.

Dr. Sidney Jones of Memphis has now been told by his insurance company to cease all surgery. The abortion industry has just lost another of their abortionists.

To God be the glory for once again exposing the exploitation of others by the abortion trade.

Next month we will have a full report on Susie Crawley (1944-1991) an abortion clinic owner who died last month.

Sincerely
Charles F. Wysong, President

The early feminists hated abortion and lesbianism, and were truly concerned with the needs of all women, but...

NOT NOW!

- ◆ NOW is obsessed with abortion and lesbianism!
- ◆ NOW has indirectly promoted the degradation of women through forced abortions in China. Molly Yard, as President of NOW said of the Chinese family planning policies (which have clearly led to forced abortions in that country) "they are of the most intelligent in the world."
- ◆ NOW engages in degrading behavior at abortion clinics to distract pro-life women: lesbian kissing and rolling on the ground, diaphragms hung from crucifixes, urination on a priest, blaspheming religious songs, mimicking sexual acts, carrying signs with used tampons and explicit sexual pictures, etc.
- ◆ NOW decried the alleged sexual harassment of Anita Hill and took advantage of the opportunity to speak out on the issue before a Senate Committee and the whole country (translation: fundraise and recruit). But NOW didn't make a peep about the largest abortion chain owner in Massachusetts, Howard Silverman, who admitted to sexually molesting a minor patient by placing his mouth on her breast. Not only did they not make a peep, but they "defended" his clinic and escorted young women inside personally!
- ◆ NOW spokeswomen say they are fighting for "safe and legal" abortion, and will hold demonstrations to "mourn" (translation: fundraise and recruit) the death of women who have died from illegal abortions. However, NOW has come under criticism even from pro-choice politicians for fighting tooth and nail against legislation which would make abortion clinics safer for women. Injuries are rampant because abortion clinics are not required to meet the same standards as other medical facilities.
- ◆ NOW promotes the degradation of women in this country by their support (obsession) of legislation which would create unbarred abortion through the ninth month of pregnancy, with parental consent or notification, for any girl of any age, and free on demand!
- ◆ NOW engages in violence and intimidation! At an Operation Rescue sit-in, NOW "charged" pro-lifers, dragged them away from the abortion clinic door (as police were doing the same to themselves, and asking them to remove themselves), and even tried to grab the gun from a police officer's holster.
- ◆ NOW sells lesbianism! They say it is a way to "combat the status quo" and "gain independence."

Pro-life/ Pro-Family Women are here today to bring light to the true goals of the National Organization of Women. We hold vigils with the names of women who have died from "safe and legal" abortion. In reality NOW is a political lobby for abortion and lesbianism, an organization which wants funds and membership, but is out of touch with the real concerns of most women and has warped the image of "feminist" we all hold dear. Spread the word, and help STOP NOW!

Operation Rescue Women:

 The words in this tract are
 from a woman who was 18 and
 pregnant once. "A woman who
 was scared, like you are, and
 chose abortion. After nine
 years I know what the right
 choice was, and is, and I
 just want you to know what
 they didn't tell me..."

What They

Didn't

Tell Me

1. ABORTION IS NOT SAFE

Contrary to the belief that abortion is as simple as removing a wart, it is actually a very serious procedure that can have very serious results. The clinic personnel will lead you to believe that complications rarely arise, but that is not the case. Many women have been damaged for life as a result of their legal abortion.

2. ABORTION LEAVES EMOTIONAL SCARS

Most often a woman will feel the consequences of her decision within days of her abortion. If they don't appear immediately they will appear as she gets older. Emotional scars include unexplained depression, a loss of the ability to get closer to others, repressed emotions, a hardening of the spirit, thwarted maternal instincts (which may lead to child abuse or neglect later in life), intense feelings of guilt, and thoughts of suicide.* Don't be fooled - every abortion leaves emotional scars.

3. ABORTION KILLS A BABY

Before you even know you are pregnant, your baby's heart begins to beat. At six weeks brain waves are measurable and your baby moves and responds to touch. At eight weeks she is perfectly developed, with fingers and toes, even her own set of fingerprints. By ten weeks she can squint, swallow, and suck her thumb. All she needs to become

a healthy newborn is time and nourishment. What would you name her? Rebecca? Stephanie?

4. ABORTION IS VIOLENT

The most common method of abortion used in early pregnancy is suction aspiration. The cervix is forced open. A vacuum device 29 times more powerful than a home vacuum cleaner is used to suction out the "contents of the uterus."**

5. ABORTION EXPLOITS WOMEN

The counselors at an abortion clinic will use obscure terms such as "product of conception", "contents of the uterus", and "fetal tissue" to refer to your baby. They will rarely advise you to carry your baby to term because they are operating for profit and they don't want to lose your business. Essentially they are making money off of your problem! The abortionist can make more money in 30 minutes doing an abortion than a regular physician will caring for a woman through a 9-month pregnancy. Are you going to be the poor girl who finances his next trip to Europe?

Another
Way
Out...

Please...

- Slow down.
- Take a moment to read this pamphlet.

Consider Why You're Here....

- You have no choice?
- Not enough money?
- No place to live?
- Afraid to face your parents or friends?

The Problems You Face are Real...

Abortion may seem like the "only way out." But it's not. The Pregnancy Resource Center can provide you real help.

Confidentially.
Without charge.

You can skip your abortion appointment and call us at 617-825-0838. Know *all* of your options.

Does Abortion Hurt?

Yes. In an abortion the cervix is *forcefully* dilated. Cervical damage and perforation of the uterus are not uncommon. Other risks include hemorrhage, infection, shock, death, loss of interest in sex, and depression. Your reservations are well founded.

Another Way Out...

Housing There are people ready to welcome you into their home right now, if that is what you need. We understand that it is important for you to be surrounded by people who care and are in your corner.

School & Job You probably think you'll have to drop out of school or quit your job, right? Wrong! School and work are important, too. We help women successfully combine school and work with the unique joy and challenge of motherhood.

Everyday Needs You don't have to choose an abortion because of a lack of resources. We can help with the following needs:

- Medical Insurance
- Baby Clothes, etc.
- Other support services

Is it a Baby?

Absolutely! Your baby's heart is beating right now and has been since she was 18 days old. Your baby sucks her thumb, swims in the womb, and can feel pain.

Remember, this is *your* baby, a little person that can *never* be repeated. She will always be your baby and you will *always* be her mother

A TINY PERSON — HER ACTUAL SIZE AND APPEARANCE...

If she is not alive,
