Club Members To Elect New Directors At 4th Annual Meeting, Mon., June 8

The Coronado Club's fourth annual election of officers and directors will be held at the Club on Monday, June 8, at 7:30 p.m., it was announced today.

A nominating committee appointed by Club President Charles W. Campbell, 1920, will present a slate of candidates to be presented at the annual meeting.

The committee, headed by William Jamieson, 1914, has L. J. Heilman, 2400, and Earl Pace, 2312, as members.

Attendance Urged

"Every effort is being made to assure a large turnout of members at the election," said President Campbell. "Only by having a representative number of members voting can we choose a representative Board of Directors. People who invest their dues in the Club all year should surely invest their time one evening to see that the right people are elected to administer Club dues and policies during the next year."

All active, paid-up members are entitled to vote and to make nominations from the floor. Associate mem-

President Campbell

"... a representative board ..."

bers are not eligible to vote. Ballots will be printed with the names of the nominating committee selections and with spaces for the names of those nominated from the floor. Membership and voting qualifications will be checked at the door.

Directors Elect Officers

Following the election of the

Board of Directors, Club officers will be elected from the slate of new directors. They will fill the offices of president, vice-president, secretary and treasurer.

Two Board members are not elected but are appointed to repre-

Slate of Nominees For Board of Directors

LOVE AT FIRST SIGHT—"I knew those were the dogs for me," Jerry Neuberger said of these beautiful Malamutes.

Rare Malamutes Keep in Trim Pulling A Dog Sled Around Sandia Park Area

While you're enjoying a drive in the mountains near Sandia Park this summer you may see two Alaskan Malamute dogs pulling a sled. Don't worry, you won't be imagining things.

The "sled" will have wheels instead of runners and the two Malamutes, Laska and Sierra Snowball, are full-fledged residents of Sandia Park where they live with the John Neuberger family.

Plan Malamute Kennel

John, who works in 2124, and his wife, Murial (Jerry) Neuberger, 5210, plan to establish a Malamute kennel on their ranch in the Sandias.

Jerry says she knew the moment she first saw the beautiful Malamutes that those would be the dogs for her. The Neuberger bought the puppy, Laska, planning to start a kennel. That was two and one-half years ago. In the meantime the Neuberger moved from their California home to New Mexico. John worked for a time at Los Alamos and came to Sandia Corporation in 1952.

Need Big Space

Living in town with the full-sized Laska was no good, so the Neuberger bought a home in Sandia Park. They will have a complete kennel with walled-in runways and kennel with walled-in runways where they will breed these fine dogs of the M'Loot strain.

Now to return to the sled. Malamutes are draft animals when they are in their native land. They were developed by Eskimos by crossing Huskies with arctic wolves. To keep

Rose Show Invites Sandians to Enter

Three Sandians are members of the Albuquerque Rose Society which is presenting its fourth Annual Rose Show Sunday, May 24. LeRoy Johnson, 5231, is serving on the staging committee and George P. Stobie, 5250, and his wife are acting as clerks for the show, and J. E. Fesler, 4233, is assisting in preparing the show.

These Sandians are urging other Laboratory employees to enter the show. The Albuquerque Rose Society, which is an affiliate of the American Rose Society, has opened this show to any amateur rose grower.

Entries will be accepted from 8 to 11 a.m. of May 24 and the exhibition, which is at the Knights of Columbus Hall, will be open to the public from 3 to 8 p.m.

Trophies, prizes and ribbons will be awarded to the owners of the winning entries.

Employees of Sandia Corporation are invited to participate in the activities of the association and may receive more information by contacting one of the above mentioned men.

the dogs in trim and top notch showing quality they must be active and as long as their native talents call for pulling sleds the Neuberger let that be their exercise.

Eat Horse Meat

When Laska joined the Neuberger he was a cuddly 15 pounds, now he's a romping 110, somewhat above average for his breed. In contrast to most animals, the Malamutes are darker in winter than in summer, although their most distinguishing marks are symmetrical masks about the eyes and face. Their general color is gray and they have a heavy wool-type fur that native Alaskans use in making sweaters, gloves and cold weather clothes.

For such an impressive looking animal the Malamute is exceptionally gentle and sweet natured and easily trained. They love a hardy romp or run better than most dogs because their exercise demands outweigh those of most breeds. Jerry and John feed horse meat to Laska and Snowball and since they are to be show dogs the amount and frequency of food is watched closely.

Dogs Rarely Seen

Recognized by the American Kennel Club, but rarely seen in dog shows, the Malamutes are new to the American dog scene. Jerry and John feel that the breed will soon be in demand by lovers of big dogs. Their Malamute kennel will be the fourth in United States, the first in the Southwest.

Travelers Cheques Are Available to Sandia Employees

Now that vacation time is about here everyone is getting ready to service the car, pack a suitcase, round up the youngsters and take to the high road. These vacations will cost money, and that's no news, so it behooves all of us to protect our money while we are away.

Sandia Corporation has arranged that American Express Travelers Cheques may be purchased at the cashier's office in Bldg. 818 at a special low rate. To employees of the Corporation the cost is one-fourth of one per cent of the face value of the checks—that is 25 cents per \$100. They are available in denominations of \$10, \$20 and \$50 for personal use.

Employees who are planning to leave on their travels immediately after work may cash their vacation checks at the Financial Division and receive Travelers Cheques for them.

It is necessary that employees desiring to obtain Travelers Cheques advise the teller or cashier at least one hour in advance as to their total amount and denomination to permit the pads to be made up and application forms originated prior to calling for them.

Frank Barnett Wins All Three First Awards in Denver Stamp Exhibition

The three first prizes of one of the country's top philatelic shows were won by Sandia's Frank Barnett this month. Competing against stamp

—Photo by Laskar.

THREE TOP AWARDS he won at the Rocky Mountain Philatelic Exposition in Denver are displayed by Franklin Barnett, 1722.

collectors from all over the country, Frank's three-way win was a clean sweep of the famous Rocky Mountain Philatelic Exhibition.

19th Century Entry

The three first prizes were: The Herman Straub Memorial Trophy, grand award for the best entry in the show; Rocky Mountain News trophy—won with the best 19th Century U. S. exhibit; and the American Philatelic Society medal for the best entry by an APS member.

Frank's 19th Century entry is of particular interest to stamp hobbyists. It consisted of 10 covers mailed into Philadelphia between 1846 and 1854. Philadelphia was the only city in the country to have a system which resembled present day registered mail and the covers have identifying markings placed by the city's postmaster of that day.

10 Covers Entered

His exhibit consisted of 12 pages, one a title page, another page of

explanation and the remaining 10 for the covers. All of the pages were designed and drawn by Frank. He has been collecting the covers for the past three years.

Frank, who is in 1722, started collecting stamps when he was 10 years old. He has sold several collections and one was stolen, but he has always started anew and today has a collection with a market value of about \$5,500.

Quality Control Engineers Will Meet in East

Three Sandians will be present when the American Society for Quality Control has its Seventh Annual Convention in Convention Hall, Philadelphia, next week. William Fears, 1512, Edward Clamp, 1522, and Donald Allen, 1512, plan to attend the meeting.

Educational and technical programs to be presented at the convention will include for the first time advanced statistical techniques, their application, shortcomings and advantages. In addition, the whole field of quality control will be covered in discussions and in lectures by the top industrial and educational experts in America.

Plans have been made for the largest number of exhibitors ever present to be at the ASQC convention.

Officer Nominees Named for ISA

Nominees for officers of the Albuquerque Chapter of the Instrument Society of America were announced May 14 at the monthly meeting.

Al P. Gruer, 5224, and C. C. Winburn were nominated for president; Richard Charlton, 5224-2, and Frank N. Reeder, 2122-3, vice-president; Guy Martin and H. L. Peterson, treasurer; Lee Deeter, 5430, and E. G. Miller, 6010, national delegate.

G. E. Engineer Tells AIEE of Network Analyzer Invention

The winner of General Electric Company's highest award for engineering achievement will speak on the design that won the award at a meeting of the American Institute of Electrical Engineers.

The meeting, to be held at the Sandia Base Officers' Club at 7:30 p.m., will feature a talk on "A Direct Current Network Analyzer," by Jack Fuller, General Electric Co. applications engineer from Denver.

The engineer will also present a demonstration of the device. He won the G.E. award for the design of a portable D.C. network analyzer. The machine's primary purpose is to prescribe the size wires to be used for various electrical loads in all types of circuits.

Little Theatre Players Present "Antigone" Tonight

The streamlined, modern version of the Greek tragedy, "Antigone," will play tonight and Saturday to Little Theatre-goers at the Sandia base theatre.

Curtain time is 8:30 when members of the cast will bring the intrigue and complexities of an ancient Greek court to life in a stark setting; mood will be set with dramatic lighting changes and the theme of the play will be expressed by a one-man "chorus".

Jim Morley directs and the cast is drawn from Sandia Corporation personnel and the military.

Michigan Alumni Plan to Install Chapter This Fall

Alumni of the University of Michigan who are working at Sandia Laboratory are invited to join the University's alumni group which is being organized in Albuquerque.

Plans are being made for an installation meeting in the early fall when a representative of the University will be present.

At a recent meeting officers were elected for the group. Those interested in joining may call Mrs. David Scott, Alb. 5-0851.

"Mend Your Motor Manners"

Accidents on Sandia Base have been attributed to six factors by the Military Police: 1. Excessive speed; 2. Failure to signal; 3. Failure to stop; 4. Failure to allow sufficient clearance; 5. Failure to yield right-of-way; 6. Inattention.

But, our guardians of traffic point out, the hidden factor behind all of these causes is the motorist's failure to practice courtesy, compliance with rules and reasonable caution. In addition, most all of the accidents on the Base are caused by motorists trying to save time.

The Military Police, using the slogan "Mend Your Motor Manners,"

are making a concentrated effort to improve faulty driver attitude in anticipation that it will reduce auto accidents on the Base.

Further clinching the statement that our accidents are driver-caused we find M. P. statistics which show mechanical failure responsible for 8 percent of the Sandia Base accidents and acts of God accountable for 1 percent. Drivers are given responsibility for the remaining 91 percent.

With this thought in mind we start publishing in this issue of the BULLETIN the first in a series of cartoons aimed at making all of us better, safer and more considerate drivers.

The Way We Heard It

Newshawks Meet to Eat

Sandia Bulletin reporters, who turn in news from various departments for each issue, will be guests at a luncheon next week at the Coronado Club. The Editorial Board and the Bulletin staff will be hosts. A surprise announcement awaits the reporters, and the news will be reported in the next issue of the Bulletin.

Mother's Night Out

The Mother's Day buffet dinner and style show at the Club turned out to be the best attended function this spring. Eaton Draper, 1240, displayed unusual understanding of feminine whims in his introduction and explanation of each new "creation" modeled by the lovely ladies. Shutterbugs Hank Strauss, 2310, and Doc Flessas, formerly 3162, lent a professional air to the occasion as they snapped pictures of the models.

Bob Murray, 1931, made a recent trip to his home town of Hagerman, N.M., in the southeastern part of the state.

Milt Davis, 5142, is owner of half-a-patio at his new home. With the help of willing friends, Milt hopes the rest will be finished later.

Visiting from Santa Cruz, Calif., are Verona Cooper's parents. Verona is in 5143.

Doc said he wanted some indoor samples of New Mexico enchantment for his scrapbook.

Crazy Mixed Up Kids

The be-bop story of the week concerns the two solid citizens who were passings the wax works just as a life size figure was removed from a mold. Exclaims one: "Man, dig that crazy candle!"

Parlor Tricks

Here's an old trick that's always good for conversation during the commercial while watching TV: Have a guest fold a paper (any size or weight) in half as many times as possible. You'll win every time if you bet that your friend can't fold the paper more than 8 times. If you win a dime tell him you'll refund it if he can draw a freehand circle that a penny will cover but a dime will not.

Measles claimed Betty Pickle, 5141, for a week recently and her co-workers are happy to welcome her back to the job.

May 28 is the wedding date chosen by Martha Gillespie, 5251, and Ned Meyer, AEC, who will return to their home town of Springfield, Mo., for the ceremony. After a week's honeymoon trip they will be at home at 2909 New York Ave. SW in Albuquerque.

AROUND THE DEPARTMENTS

Vacationing in Colorado last week was 1610's Terry Ray who went to visit near Alamosa. While there Terry judged the play contests of 4-H groups supervised by a friend.

Phil Leslie, 1921-2, was recently elected vice president of the Albuquerque Library Association.

When Max Richter vacationed recently from 1611 he spent the time at his home in Albuquerque.

Vacationing at their former home in Indiana are Ruth Hunt, 2121, and her husband, J. V. Hunt, 2124, who will also visit a daughter in Chicago before returning to New Mexico.

A speedy recovery is wished for Mary Frances Jamison, 2222-1, who was hospitalized recently.

Lois Carney, 2464-1, has returned from a vacation with her husband in Carlsbad and parts of Texas.

George Lagomarsini, 5223, is back on the job after a week's bout with measles.

Bob Milby, 1281, is enjoying a two-week vacation in Nebraska and plans to return via Denver.

Proud new Chevrolet owners are Ann Pitti, 1280, and Joe Pitti, 2352, whose car is a tan and maroon two-door.

The Bill Morehouse family is moving this week into their new home in the Snow addition, 7920 Bellamah Ave. NE. Bill is in 1283.

Ed Williams, 1284, went to Amarillo, Texas, recently to bring home his wife who'd visited several weeks there.

Taking lessons from the New Mexico Square Dance Callers Club are 1283's Bill Mileski and Bill Wood.

The girls in 2331 and 2335 last week honored Joan Curl at a shower held at Marge Neil's home.

KATHLEEN MARIE MCGINN appeared recently in a ballet at the Kirtland Field Service Club, performing an acrobatic toe solo. Kathy, 6, is the daughter of Jean McGinn, 2311.

Friends here received word last week that Paul R. Morgan, 2335-2, was hospitalized while on a vacation trip to Iowa.

Leroy Johnson, 5231, is proud of the success his wife met with her entries in the Albuquerque spring flower show. With 21 entries she won six blue ribbons and the show's sweepstakes award.

Gabriel Quinones, 2452, and his wife were attendants recently at the Kirtland Chapel wedding of Rose Lee and S/Sgt. Melzar Woodward. Rose is formerly an employee at Salton Sea Base.

William Davis, 4135-3, and his family are enjoying a two-week vacation in Oklahoma where they are visiting relatives and friends.

Clayton, N.M., is the vacation headquarters this month for Clara Blasyk, 4135-2, and her husband.

—Photo by Hodges.

BRIDE-ELECT CARRIE-MAE MacNAIR was honored with a luncheon shower at the Coronado Club May 13 when Mrs. J. A. Dempsey entertained for 43 ladies in the flower be-decked ballroom. Looking on as the honoree opened her gifts were Mrs. H. J. Wallis, seated, left, and Mrs. Walter A. MacNair, right, while standing were Mrs. Dempsey, left, and Mrs. Frank Fortine.

Dorcas Crosby, 4135-2, will fly to Ohio where she will visit relatives and friends for two weeks.

Doris Willard, 4135-2, and Velda Messersmith, 2460, are motoring to California via Las Vegas, Nev., for a two-week vacation.

Colorado, Wyoming and Montana were the vacation spots visited by Irene Kay, 4135-1, and her husband who returned last week. While in Montana they visited General Custer's Battlefield and suggest to anyone going there that they put that point on their must-see list.

Spending their vacation in Dryden, N.Y., where they are visiting relatives and friends are 4135's June Bell and her husband.

Genie Smith is visiting her mother and father in Ponca City, Okla., while on vacation from 4135-1.

Stephen Gambrel, 4135-2, and his father went fishing at Elephant Butte last week.

Joe R. Bacher is vacationing from 2545 and hoping for good fishing luck in the Jemez area and northern New Mexico.

Visits to the Grand Canyon and Las Vegas, Nev., will highlight Gladys Stumpf's vacation from 2545.

L. D. Tucker, 2544-2, and his wife motored to New York this month in their new Packard for a three-week vacation.

James Simpson, 2561-3, will vacation at his former home in Quenado, N.M., this month when he and his wife will attend the high school graduation of his brother and her sister.

Major league ball games and a trip through the Budweiser Brewery highlighted a St. Louis vacation for Richard H. Marmon, 2561-2, who returned last week.

Carolyn Tippit, 1641, was called to Holloman Air Force Base hospital last week when her husband submitted to an emergency operation for appendicitis.

Juanita McDonald, AEC, is back on the job after a two-week vacation to California.

D. B. Miller, 2360, is back from a 10-day vacation. While in Houston, Tex., he attended the annual meeting of The Rocky Mountain Federation of Mineral Societies. From there the Millers visited Corpus Christi, and Monterey, Mexico.

Personnel from 1930 who enjoyed a few days' vacation at home this month included Alice Underwood, C. E. Katzenberger, and Louie Vigil.

Mary Bascom, 1931, is back from a vacation to the Grand Canyon and Las Vegas.

HIS FIRST BIRTHDAY cake is eyed by Mike, 1-year-old collie owned by Coronado Club chef Carl Hermanns. In the background is Carl's wife, Elfrieda. Mike was a present from Joe Hickey, 3122.

Nell Atkins, AEC, was honored at luncheon in the Coronado Club recently prior to leaving Albuquerque with her husband who is in the service.

Glenn Mackie, 5143, enjoyed a vacation to various points of interest in Nevada and California recently. At Yermo, Calif., Glenn visited relatives.

Bill Pumphrey, 5143, is away on a short vacation to Washington, D.C.

E. G. Kahler, 2311, spent a two-week vacation visiting friends and relatives at his former home in Wilmington, Ill.

A speedy recovery is wished for Bob Ruttle, 1931, who was hospitalized with pneumonia recently.

RELAXING at the pool at King's Rest Hotel in Phoenix, Ariz., recently was Jo Chastain, vacationing from her job in 2231.

Study of the new never
Ends in Field Testing

Nuclear Testing at Nevada Proving Ground

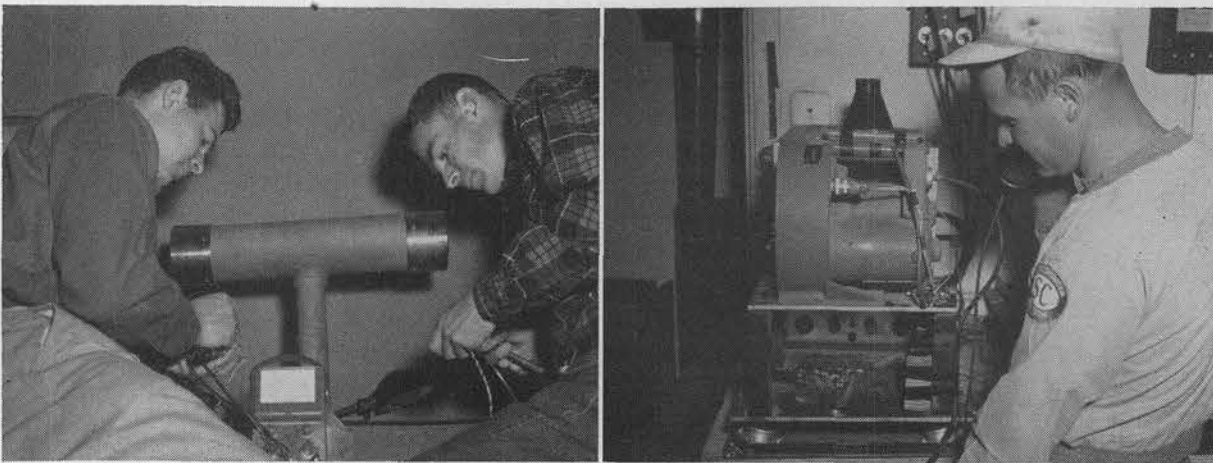

As time passes and the Nevada sky continues to be illuminated by one after another test shot at the Nevada Proving Grounds, Sandia Laboratory's Field Testing folks continue to help add more knowledge to the country's store of information in atomic weapons research.

The tasks undertaken by the Sandians in Nevada are varied and endless in their scope. Physicists, engineers, technicians and others provide their skills and services to help reach the goals set for the project.

In this brief series of articles and illustrations showing a few of the people from the Laboratory at work in Nevada we have told only a very small portion of the entire story. The series, which is perhaps the first and only of its kind to be published, has not tried to be all-inclusive in recounting the Laboratory's efforts in Nevada, but it has tried to give you an insight into the lives and jobs of a few people who have joined with others in shouldering this monumental task.

WEATHER VARIATIONS which appear through the test periods go from the cold snowy days of the tests early in the spring to the hot dusty days of some weeks later. But work goes on through cold and dirt. Such unpleasant conditions are part of the life of Field Testing

WORK CONTINUES at the Nevada Proving Ground for Sandia Laboratory Field Testing men. Left, James Valentine and Pete Church complete some special work on instruments. Right Emory Whitlow works on equipment used in doing highly technical instrumentation of the nuclear tests in Nevada.

Old Timers Urged To Attend Radio Club's Meeting

Old Timers Night will be the theme of the Sandia Base Radio Club meeting next Monday. The meeting, which will be in the room at the rear of the building housing the Mars Radio Station on Sandia Base, will highlight long-time operators.

A special card will be presented to all radio amateurs present who have been holding valid licenses since 1941. Prizes will also be awarded to the oldest licensed amateur present and to the newest licensee present.

Prizes will be awarded for the oldest piece of radio gear submitted, for the oldest QSL card and other ancient items.

Radio club officers were elected at the last meeting of the club. Bernard F. Cassidy, W5PTF, is president; James G. Lareau, W5UWA, vice president; Lil Marshall, W5-RQK, secretary; and Lt. Donald Lambrecht, W2GXZ, treasurer.

New Employees

A welcome is extended to the following newcomers who joined Sandia Corporation between April 30th and May 13th:

Walton E. Renshaw	1544
Andrew J. Beck, Jr.	1611
Mary R. Houston	1641
Gilbert E. Lenert	1641
Thaddeus R. Blatz	1643
John E. Haaland	1713
Clifford A. Blossom	1932
William R. Cooper	1933
Roland W. Curry, Jr.	2124
Amalie L. Mallegni	2122
Hugh E. Sherman	2124
Etta M. Godec	2221
Richard R. Wyant	2335
Rebecca A. Wade	2362
Marie A. Weld	2362
Nettie M. Boggs	2419
Mary A. Neuman	2461
Doris M. Welch	2461
Francys W. Hambleton	2442
Shirley A. McKain	2464
Bernell N. Newby	2541
Rosalie F. Hartly	2553
Jean F. Spiller	2562
Marie E. Therkildson	3151
John L. Wheeler	3152
John L. Cordaro	3230
Marjorie A. Buffer	4131
Ruth L. Bell	4222
Patricia A. Crisholm	4222
Patricia L. Dixon	4222
Mary C. McKelvy	4222
Mary R. Newton	4222
Thomas R. Stevenson	5214
Irvin H. Kral	5252
James E. Koncel	5341

Sympathy

Sympathy is expressed to John Magistad, 5131-1, for the recent death of his father in West Bend, Wis. John had gone to Wisconsin for a family reunion and his father had joined him from Honolulu, Hawaii.

Her co-workers express their sympathy to Doris Pliner, 2451, whose father died recently in Texas. Doris and her husband, Mel Pliner, 2352, attended the funeral.

His co-workers in 2334 express their sympathy to Arthur L. Hudson for the death of his wife, May 12.

**No job is so important and
no service is so urgent that
we cannot take time to per-
form our work safely.**

25 Years as Policeman in Baltimore Provides Wealth of Stirring Memories

After 25 years on the Baltimore police force in which he saw a dozen gun battles, spent countless hours on duty and developed a keen insight into lives of people living beyond the law, Henry B. Jones retired. Life seemed dull, however, so he took a job as a security inspector at Salton Sea Base.

The life of being the right arm of the law was not all violence, Henry says, "I was on Opera detail at the Lyric Theatre for years and saw some of the finest performances of the world's most famous artists."

On Guard Duty

He also was a member of the units which were personal guards for the Prince of Wales, who is now the Duke of Windsor, for Eleanor Roosevelt and other celebrities who came to Baltimore. "These were pleasant details," Henry says, "and all the famous people were appreciative of our services."

It was 1921 when Henry started work for the City of Baltimore as a rookie policeman. In the following 25 years he was on foot patrol, radio patrol, was police dispatcher and was on many special investigating assignments.

War-Time Strenuous

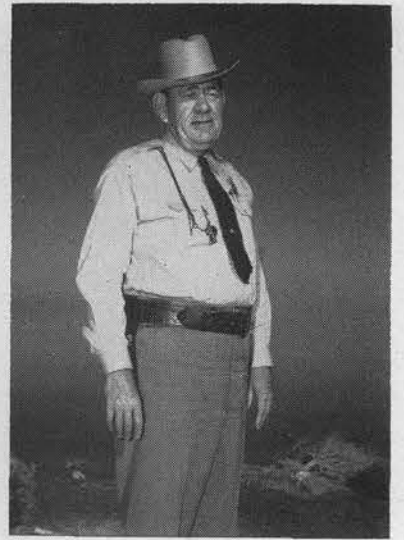

Work at fires was a routine part of the job. "Fires, disasters and the upsurge of crime during the war brought my policeman's life to a climax in 1946," according to Henry. It was that year he went into a well-earned retirement.

"I was lucky," are Henry's words in summing up his career in the police force. "Once I was wounded in a gun fight," but the remainder of his service was pleasant. He remembers that he made few enemies while an officer. "My enemies were those I sent to jail," is his comment, and he adds, "And I'm proud to list them as such."

Two Years Traveling

When Henry retired he left his friends of many years and spent two years in Florida and traveling through the country, he and his wife living in a trailer. After moving to California he worked for the plush Smoke Tree Dude Ranch near Coachella and started work for Sandia Corporation in August, 1951.

Leaving Baltimore was difficult for the Jones family. It was not easy to leave friends, but also he and his wife had to dispose of a large collection of canaries which they had

Henry Jones
"... I was lucky."

raised and were showing in competition. "Canaries don't fit into trailer life," according to Henry, "so now we only have one."

Live in Lodge

The Jones have a large collection of trophies and ribbons as a remembrance of their days as bird fanciers.

Henry and his wife have been living temporarily in San Felipe Lodge, but usually they take their trailer to Palm Springs in the winter and then move up into the mountains near Banning in the summer, commuting to and from work.

Henry is a large, likeable, gregarious man and has a philosophy which goes well in his business: "Make good friends and treat everyone fairly, then a policeman's life is good."

ASTE Family Night Is Final Meeting For This Season

Members of the American Society of Tool Engineers and their families will join for the final meeting of the year Tuesday, June 9, at the Fez club. Talking to them will be Harlin B. Johnson, ranger of the Cibola National Forest, who will give an illustrated lecture on big game hunting in Kaibab National Forest in Northern Arizona.

Mr. Johnson took the pictures himself during the seven years he was on duty in that area.

Reservations for the 7 p.m. dinner may be placed with H. R. Hanen, 2531, ext. 26141, before 4:30 p.m. Friday, June 5.

Congratulations!

BORN TO:

Mr. and Mrs. W. H. Allen, 2552, a daughter May 11—weight 8 pounds 12 ounces—Sandra Marie.

Mr. and Mrs. Paul H. Adams, 1612, a daughter May 9—weight 5 pounds 6 ounces—name Helen Elizabeth.

Mr. and Mrs. L. E. Lambkin, 1280, a daughter May 7—weight 7 pounds 8 ounces—name Mary Ann.

Mr. and Mrs. Robert L. Black, 5142, a son May 8—weight 8 pounds 3/4 ounces—name Randall Howard.

Mr. and Mrs. Chester Rickers, 2361, a son May 10—weight 5 pounds 7 ounces—name Frederick.

Travel Talk On Western Europe At Club Tuesday

"A Tour Through Western Europe" will be the topic of a talk by Mrs. H. J. Fitch on Tuesday. A well-known traveler and lecturer, Mrs. Fitch will present her illustrated talk at the Coronado Club from 8 to 10 p.m.

Pictures of post-war Europe through the eyes of a practised observer will be presented at the lecture along with a comprehensive narrative analysis of the conditions, people and places in cold-war-torn Western Europe.

Refreshments are to be provided free of charge.

Garcia Hanrahan

Back at work in the Laboratory after service in Korea with the 2nd Infantry Division is Benny M. Garcia, 2231-4. Benny, who started work here in December, 1950, went on military leave in April, 1951.

After 10 months training in the states he went to Korea where he saw action during the third winter of the war at Chunchon and Yuchon in North Korea. He earned the commendation medal, Korean service medal and three battle stars while overseas. Benny lives with his parents, sister and brother in Albuquerque.

—Photo by Dunlap.

RECENT VISITORS to Sandia Laboratory were these members of the Division of Military Application, Atomic Energy Commission. L to R: Seated—Lawrence P. Gise, William L. Guthrie, V. G. Huston. Standing—Chester M. Gordon, Ralph D. Gahl, John J. O'Connor, Jack L. Armstrong, Charles E. Nelson and L. L. Beckedorff.

MORE AROUND THE DEPARTMENTS

Tommy Payne, 1643, was married May 7 to Margaret Ann Keith of Albuquerque at Trinity Methodist parsonage. After a wedding trip to Santa Fe, they are making their home at 2708 Silver SE.

Kay McIntosh, 4310, and her family recently spent their vacation in New Kensington, Pa., Kay's former home, where they visited friends and relatives. They made the trip by plane.

Connie Steputis, 3153-1, will have her sister from Ft. Collins, Colo., visiting her for the coming week.

Skier Betty Sexton, 3152, sprained both ankles early this month on an outing to Arapahoe Ski Basin near Dillon, Colo.

Owner of a new green 1953 Plymouth is **Allan Schonberg**, 3152-1.

Dorothy Blair, 2130, and family recently attended a church convention in Houston, Texas, during her vacation.

Another vacation convention-goer this month was **Roger Johnson**, 2121-2, who went to a Shriners meeting in Sacramento, Calif.

Now at home at 8402 Candelaria Rd. NE in Hoffmantown is the **Gene Pierce** family who moved last month. Gene is department manager of 3120.

Enjoying an 8-day vacation from her work in AEC is **Norma Coombs** who is spending part of her time in Las Vegas, Nev.

His fellow workers wish a fast recovery for **R. W. Heuer**, AEC, who has been hospitalized at Bataan Memorial hospital awaiting surgery.

An at-home vacation was enjoyed recently by **E. R. Butler** of AEC.

Betty Myers, AEC, returned Monday from a week's vacation.

Announcement was made this month of the approaching wedding of **Harriet Mae Nickel**, 2334, and Ben Lucas, to take place June 17 in the Central Methodist Church Chapel. Harriet received her B.A. degree from the University of New Mexico after attending schools in Joliet, Ill. Ben, a former marine, is now attending the University of New Mexico. Following a honeymoon trip to Colorado the couple will make their home in Albuquerque.

Bernice Andrews is California bound this month where she will vacation from 4151; **Bertha Vencill**, 4152, took her vacation in El Paso, and **Bill White**, 4151, went to Oklahoma for his holiday. **Ray Huston**, 4152, was another who chose California for vacation headquarters.

Don Robbins, 5133, is sporting a new sand colored '53 4-door Ford station wagon.

H. W. Sharp, 3100, Mrs. Sharp and two sons, George and David, are now living in their new home at 901 Adams NE.

Johnny Robinson, 2545, spent his vacation moving into his new home on Solano NE.

The STATEN ISLAND ADVANCE recently carried a feature story on former residents now living in Albuquerque. Among those mentioned were **Geneva Walrod**, 2451, and **Paul Kuhn**, 5351. The story concerned chiefly **Harry L. Browne**, SFOO, and other former Staten Islanders now with AEC.

Beth Durand, 4222-6, will leave for Tucson next week where she will meet her husband who's been hospitalized there. They will return to Albuquerque via the Grand Canyon.

Her co-workers in AEC honored **Mary Stump** at a bridal shower in the Coronado Club's La Caña Room recently. Mary will be married June 15 to Sgt. John Loden of Kirtland Air Force Base.

George Holladay Top Speaker of Evening At Toastmasters Club

George Holladay, 1521, won the Speaker of the Evening award, his first, at last week's meeting of the Sandia Toastmasters Club.

It was one of the group's regular "meetings with a theme." This time the theme was the St. Lawrence Waterway.

The club's next meeting will be Thursday, May 28. Toastmaster of the evening will be Frank Gagliardi. Ralph Wilson will be Topicmaster and the scheduled speakers are: L. D. Moore, Mike Favia, E. Roth and R. Snetzer.

Evaluators will be G. W. DeSato, Ben Russo, Ed Janssen and Gene Gardner. Alternate speaker is Buck Clevon and alternate evaluator is C. L. Carpenter.

Robert Spence will be the general evaluator and Bill Freyermuth will give the invocation.

Big Month of Entertainment Ahead In June for Coronado Club Members

The most important event on the Coronado Club's June calendar will be the annual election of officers and directors on Monday, June 8. Running a close second will be the appearance of the Ted Weems Orchestra on the previous evening, Sunday, June 7. This is the Club's Fourth Anniversary Party.

Informal Dance

A perennial favorite and for many years one of the nation's top name bands, the Ted Weems aggregation is sure to put on a fine performance guaranteed to satisfy all tastes in popular music.

The informal dance will be from 8 p.m. to midnight with admission at \$1.50 for members and others in their families and \$2.50 per guest. Single members may bring one guest at member rates. Tickets are on sale in the Coronado Club office and reservations can only be made at the time of ticket purchase.

Other special events of the month include a Men's Night on Tuesday the 16th featuring 13 dramatized historical films based on events of the Old West. The movies highlight famous characters and historical events of the Old West including little known spots, festivals and weird cults.

Unusual Movies

Picture titles are: "Saga of Tombstone," "Lo Lo Mai," "Pueblo Land," "The Lost Dutchman's Mine," "The Hell Hole," "Gold Trails," "Bells of the Past," "In Old Monterey," "A Last Frontier," "Trail's End," "Mists of Antiquity," "Deep Sea Fishing," and "Yesteryears."

Oh yes, there'll be free beer and the show lasts from 8 to 10 p.m.

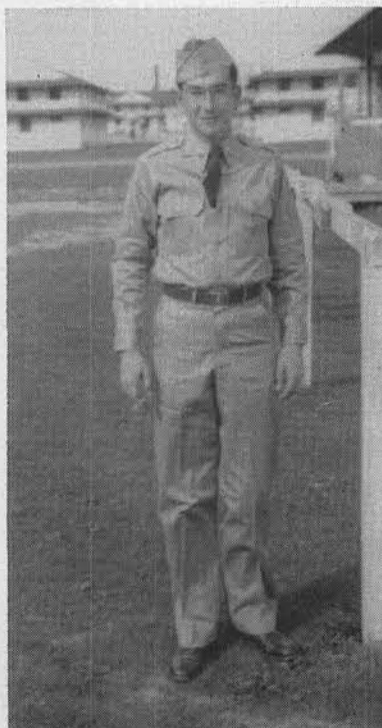

Swimming, chicken dinner and dancing to a 17-piece orchestra are all combined in one grand evening at the Club on Sunday, the 27th.

Swimming in the Club's patio pool is from 4:30 to 7:30 p.m., the chicken dinner will be served from 7:30 to 9 p.m. and from 9 to 1 there'll be dancing to the music of Cy Perkins'

G. I. News —

— From Sandians in The Armed Forces

Pvt. Edward Paboucek writes to the BULLETIN from The Ordnance School at Aberdeen Proving Grounds where he has just completed Automotive Fuel and Electric School.

Pvt. Paboucek

He says that he is going to be assigned elsewhere, but he hasn't received word yet as to where he will go. Ed worked in 1643 before he went on military leave.

Lt. Ray Brandenburg writes back from Camp Hanford, Wash., where he is post finance officer. Ray went on military leave in April, 1951. He expects to be out of the service in November of this year and says that he plans to come back to work with the Laboratory. Ray has become the father of a daughter since leaving and writes he is expecting "to become the father of a son around the seventh of August." His address is 211 South Quincy, Kennewick, Wash.

17-piece Air Force dance band. Reservations will be required and the charge for dinner and dance is \$1.75 per member, \$2.75 per guest. Swimming is open to members with monthly or season passes and their guests may swim for 60 cents a person.

Father's Day Buffet

The monthly buffet-dance will be held on Father's Day, June 14. So bring Dad out to the delicious smorgasbord and dinner with dancing to the strains of Phil Graham's orchestra to follow. Buffet is from 5 to 7 p.m. and dancing is from 6 to 10 p.m. Admission: \$2 per member, \$3 per guest.

An informal dance with Don Lesman's orchestra on the stand is another of the June calendar attractions. Don will play from 9 to 1 on Saturday, June 20.

Juke box dances will be held in the Club ballroom with music on the house Saturday the 6th and 13th. Square dancers will whirl and twirl as Pancho Baird and his Santa Fe Rangers play on Friday, June 12, from 8 to 12. Refreshments are free.

Bridge and Canasta

Bingo enthusiasts will have their nights out when games are held Wednesday the 10th and 24th. It's \$1 a card with plentiful prizes and a big jackpot.

Every Thursday of the month will be dedicated to duplicate bridge players. Games start at 7:45 and last 'til 10:30 with a charge of 25 cents per player to take care of prizes.

A new feature this month will be a Ladies Bridge and Canasta party in the Club on Wednesday afternoon, June 17, from 2 to 4:30 p.m. The charge is also 25 cents per player.

Finally, last but not least, you can listen and dance to the music of Charlie Beisel and his organ on Sunday, June 28, from 7 to 11 p.m.

IRE Group Meeting May 27 at University

The Information Theory Group of the Institute of Radio Engineers will hear Cmdr. Carl E. Schweikert at its meeting May 27. Cmdr. Schweikert, who is assigned to the Weapons Capabilities Branch of the Development Division, Field Command, AFSWP, will speak on selected subjects from "Theory of Games" by von Neumann and Morganstein.

The meeting will be in Room 107 of Mitchell Hall on the University campus, starting at 8 p.m.

Classified Canine Family Increased

It's no secret any more. Secret had four pups. In 1951 the BULLETIN reported the naming of three puppies born to former Sandian Helen Swanson's boxer dog. The pups were named Confidential, Secret and Top Secret.

Well, time marches on and now the moment has come to report the birth of four pups to Secret. Her present owner is George Sweeney, 1631. The other two dogs, Confidential and Top Secret, are living in Denver, Colo., and reports on them haven't come in yet.

But when they do we'll keep you informed—unless it's classified.

FOUR—COUNT 'EM—FOUR pups were born to the lady who's known as "Secret." For more information on this mysterious quartet see the report of George Sweeney, left, who keeps the Secret.

Sandialiers Elect Officers; Plan Fall Minstrel

Newly elected officers of the Sandialiers, men's chorus, include Frank Moon, 2335, president; Vernon Field, 1263, vice-president; and A. D. Pemueller, 4232, secretary-treasurer.

Ray Delicath, 5421, heads the house arrangements committee, assisted by Bob Evans, 3231. Program and music chairman is Fred Kroll, 1312, assisted by John Wienen, accompanist. Terry Riggan, 1263, continues as director and Ed Janssen, 1284, will handle publicity.

The Sandialiers are scheduled to sing tonight for the Big 10 alumni dinner at the Skyline Club. Plans are underway for summer rehearsals for a minstrel show sometime next fall. Interested male vocalists may contact Frank Moon or Terry Riggan for information about participation in the minstrel show.

Promotions

JAMES M. WINTER to section supervisor of 2419-2. Jim is an old-timer with the Laboratory. He started work here in 1948. Prior to joining us he spent two years at the University of New Mexico studying civil engineering. Before enrolling at the University Jim served for two years in the U. S. Navy as an aviation machinist mate.

HAROLD H. BRUEGGEMANN to section supervisor of 2531-1. Hal came to the Corporation in 1951 following five years in partnership with his father in an oil field equipment parts manufacturing firm at Enid, Okla. He also worked five years in field service engineering at Wright Aeronautical Corp., Woodridge, N. J. Hal has a B.S. in mechanical engineering from Oklahoma A & M.

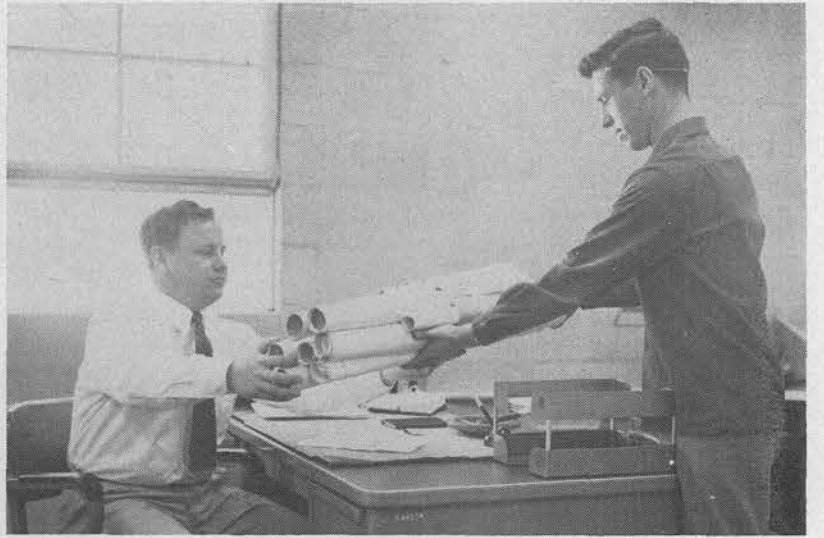

DAVID T. DUPREE to section supervisor of 1622-2. Dave joined us in 1948 after four years as an aeronautical research scientist with the National Advisory Committee for Aeronautics, Cleveland, Ohio. Dave also served three years in the Army Air Corps as an aircraft inspector. For three years he worked on farm equipment sales in New Mexico and he has worked as a mechanical engineer for International Harvester Co. and Hupp Motor Car Co. Dave has a B.S. in mechanical engineering from the University of Texas.

Saving Space With Spool and Film

Economy of money, space — the Story of microfilming our records

—Photos by Dunlap.

RECEIVING a batch of documents from Orelio Montoya, 3125, Jim Hockett will start them through the processing that results in their tiny replicas appearing on a roll of microfilm.

TAKING A PICTURE of a large drawing with the 35mm microfilm camera are Lois Scott (left) and Manie Grae Daniels. The document is fed through the camera as shown above but it comes out on the small film as a single image.

SMALLER DOCUMENTS require smaller film. Here Geraldine Tebbe slides classified material into the intricate 16mm camera.

VIEWING FINISHED FILM, Geraldine and Lois scan for the document they want at the 16mm and 35mm reading screens. An efficient numbering system makes it possible to swiftly locate the particular document needed out of the hundreds on each film.

THE FINISHED PRODUCT. Jim Hockett stands before the microfilm rack holding a reel of 35mm film. This represents eight file drawers of papers.

VAULT DOORS guard the file of microfilms. Here Geraldine Tebbe makes her way out of the vault with a roll of microfilm to be scanned on the viewer.

One of the big bottlenecks in American business is the excessive and wasteful amount of filing, says an official of the National Records Management Council. Emmet J. Leahy reports the country's business files are cluttered with 1,000,000,000,000 pieces of paper of which 400,000,000,000 should be burned or sold as junk.

Further statistics are offered by the council showing that five to eight cubic feet of records are being maintained for each employee by business and that these records annually occupy \$150,000,000 of office space and as much as \$250,000,000 of storage space.

These staggering figures place the spotlight of attention on the microfilming programs of business firms and bring us to Sandia Corporation's own progress in microfilming work. Now we can preserve on one small roll of film records which would take up two full-sized four-drawer file cabinets.

The accompanying pictures report the story of microfilming accomplished by the Sandians in 2464-2.

WEEKEND Vacationer

INDIAN CEREMONIAL DANCES are one of New Mexico's unique attractions for the week-end vacationer.

The expression "you can't see the forest for the trees" may be applied to some of us who have moved into the state from faraway places.

Albuquerque is the center of a region rich in Indian lore and breath-taking scenery. But many of us are passing up the opportunity to explore this fascinating country.

From information supplied by the Albuquerque Chamber of Commerce and the State Tourist Bureau the SANDIA BULLETIN will publish a series of articles pointing out where you can enjoy sightseeing and entertainment this summer. Most of these trips may be made in one day—the others may be made over a week end.

Some of the most fascinating trips taken this summer will be to Indian dances which will be held frequently in pueblos near Albuquerque. The public is invited to these dances. Following are next month's scheduled dances:

June 13—Sandia Pueblo (and others), San Antonio Day will be observed with the Green Corn Dance.

June 24—San Juan Pueblo will observe San Juan Day with various dances.

June 24—Taos pueblo will celebrate St. John's Day with various dances. Visitors to the Indian ceremonials are asked to view these public dances with respect and courtesy since the ceremonials are often held in prayer for rain or thanks for harvest. Many of these ceremonials are among the strangest relics of pagan worship on the continent.

Visitors are permitted to watch but seldom are allowed to photograph these dances and usually are required to pay a small fee for taking other pictures in pueblos through permission of pueblo governors.

Tennis Matches Are Scheduled for Sandia Employees

Tennis enthusiasts will be given an opportunity to pit their skill against other tennis players in the Corporation when a Tennis "Ladder" is installed in the Employee Services building, T-301, next week.

The Ladder will contain the names of Corporation and AEC employees who like to play tennis on week ends or after work. Individuals may challenge anyone who is above them on the ladder. The person challenged must play the challenger within one week or forfeit his position on the ladder to the challenger.

Both a singles and a doubles ladder will be maintained. Persons interested in having their names placed on the ladder are requested to contact Dick Heim at Employee Services, ext. 29157.

Coronado Club Duplicate Bridge Results

First—Preston Clement and Minna Frey.
Second—Rudy Krall and Dick Tischhauser.
Third—Mr. and Mrs. J. Miller.

Senators Bowl 2995 To Win Tournament

The Senators, Major League champions, won the season playoff bowling tourney at the Coronado Club recently. Bowling against the winning teams in the other four leagues the Senators topped the field with a score of 2995.

Paced by John Colwell with a total of 566, the Senators were followed by the Hopis of the Indian league with 2911; Oklahoma of the All-States league who tallied 2850; the Lobos of the Jungle league with 2803 and the Horned Owls of the Night Owl league with 2700.

Members of the Senators and their scores are as follows:

Robert Parry	159	153	110	422
John Colwell	179	198	189	566
Charles Becker	126	108	146	380
Capt. Tom Dadian	197	158	166	521
Howard Reese	137	156	156	449
Sub total	798	773	767	2338
Handicap	219	219	219	657
Total	1017	992	986	2995

Speaking of Reporters

Velta Hampton's experience as a long distance telephone operator comes in handy for her SANDIA BULLETIN reporting for she gathers most of her items over the 'phone.

Velta, 1922, covers 1920 for the BULLETIN. Her previous journalistic venture was a stint on a junior high school newspaper, but Velta says she knows her co-workers well and that expedites news reporting at Sandia.

She has been with the Corporation for 18 months and before she came to work here she was employed in cash accounting at a local department store. Velta was a telephone operator in Colorado Springs before moving to Albuquerque and she attended schools in Oklahoma City.

Velta lives with her son and husband at 501 Dallas St., NE; her hobbies are textile painting and bridge.

Asked if she had ever hit a snag on

Reporter Hampton

her news-gathering duties, Velta says it goes smoothly, except that "sometimes lots of things happen, but you can't print them all."

CLASSIFIED

FOR SALE—

1950 Crosley Station Wagon, owner's equity, see at 5903 Kathryn SE after 6 p. m., Mobbs.

Duncan Phye bed davenport, 7 ft. 2 in. long, new green stripe upholstery, Neeves, ext. 24258, or Alb. 3-5874, 202 Sycamore NE.

407 Solano Dr. NE to Base, Corp. hours, Betty Sexton, Alb. 5-1305 or ext. 20256.

700-block Ridgecrest Dr. to south Tech. Area gate, Colfita Aragon, ext. 33141.

Two No-Hitters Played in Sandia Softball League

Two no-hit games in one night were the outstanding features of the Sandia Employees Softball Association activity in the past two weeks.

Tex Arterburn of the White Sox and Cliff Rudy of the Indians were the pitchers who turned in the hitless feats. Arterburn struck out five men as he held the Tigers hitless in the seven-inning game. However, three successive walks coupled with an error gave the Tigers two runs in the fourth.

Except for that one inning, Tex, who has been pitching softball at Sandia for a long time, had the game well under control, and his teammates piled up enough runs to give the White Sox an easy victory.

Cliff Rudy, a newcomer to Sandia softball circles, never was in serious trouble as he pitched the Indians to a 7-0 no-hit, no-run triumph over the Athletics. Only one ball, a fly to the left fielder, left the infield against Rudy as he struck out nine of the opposing batters and forced the remainder to fly or ground out to the infield.

Scores of other games in the American League were: Yankees 22, Red Sox 7; Browns 8, Senators 7.

Only one close game was noted in the National Circuit as the Cardinals nosed out the Cubs 12-10. Other National League scores were: Giants 20, Redlegs 8; Braves 11, Pirates 6; Phillies 29, Dodgers 12.

All of the games scheduled for May 13 were postponed because of cold weather and wind.

Sandia Base School Youngsters Celebrate End of School Year

School's out May 29 and to celebrate the welcome occasion Sandia Base School youngsters and their parents will have a picnic-party, complete with sound movie, next Monday on the school grounds.

The festivities begin at 5:30 and box suppers will be enjoyed along with free ice cream and coffee. A feature movie, "Smoky," starring Fred MacMurray will be shown on an outdoors screen when it's dark.

Assisting the PTA sponsors of the event will be Boy Scouts and Cub Scouts.

W. E. "Doc" Rehbeck will furnish the music and call for square dancing in the school gymnasium.

Major League Gives Award to Winners Of Season Honors

A bowling banquet held last Saturday evening at the NCO Club climaxed the 33-week-long schedule of the Sandia Base Major League. The league, comprised entirely of Sandia Corporation personnel, bowled at Chaplin's Alleys in Albuquerque.

Trophies were presented at the banquet to members of the winning team and also to the high average bowler. Rudolph Vinovich, 2122, claimed the high bowler honor with an average of 185.

Members of the winning team receiving trophies were Rupert King, 2211, Jack Redburn, 2123, Bob Sturtevant, 4152, Bill Neitzel, 2131, Chuck McKinley, 1931, and Willis Reed, 2122.

Dale Pipher, 1511, president of the League, was toastmaster for the banquet. Trophies were presented by Dick Heim, Employee Services Division.

307 Sierra Dr. SE, (4200-block east) to north gate, Betty Reget, ext. 26148.

6300-block Second St. north to Tech. Area, gate 8 (Bldg. 880), Corp. hours, Ruby Childers, ext. 31138.

3321 Mackland Dr. NE, Corp. hours, Doris Welch, ext. 23141 or Alb. 5-4876.

Charles Daniel desires share-the-cost ride to Norfolk, Va., leaving June 2, arriving June 6, or chauffeur for family, Manie Grae Daniel, ext. 29162 or Alb. 5-6484.
