Information furnished in conformity with the Convention on Registration of Objects Launched into Outer Space

Note verbale dated 23 July 2024 from the Permanent Mission of Finland to the United Nations (Vienna) addressed to the Secretary- General

The Permanent Mission of Finland to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution [3235 \(XXIX\)](#), annex), has the honour to transmit information concerning the ICEYE-X38 satellite (see annex I) as well as additional information concerning the change of status of the ICEYE-X32 satellite (see annex II).¹

¹ The data on the space objects referenced in the annexes were entered into the Register of Objects Launched into Outer Space on 25 July 2024.

Annex I

Registration data on a space object launched by Finland*

ICEYE-X38

Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space

Committee on Space Research international designator	2024-043C
Name of the space object	ICEYE-X38
National designator/registration number	FIN-28-SAT-2024
State of registry	Finland
Other launching States	United States of America
Date and territory or location of launch	4 March 2024 at 2204 hours 59 seconds UTC; Vandenberg Space Force Base/Western Range, United States
Basic orbital parameters	
Nodal period	95 minutes
Inclination	97.5 degrees
Apogee	594 kilometres
Perigee	590 kilometres
General function of the space object	Earth observation satellite, carrying a synthetic aperture radar. Data will be provided commercially.

Additional voluntary information for use in the Register of Objects Launched into Outer Space

Space object owner or operator	ICEYE Oy
Launch vehicle	Falcon 9

* The information was submitted using the form prepared pursuant to General Assembly resolution [62/101](#) and has been reformatted by the Secretariat.

Annex II

Additional information on a space object previously registered by Finland*

ICEYE-X32

Information provided in conformity with the Convention on Registration of Objects Launched into Outer Space

Committee on Space Research international designator	2023-174AP
Name of the space object	ICEYE-X32
National designator/registration number	FIN-26-SAT-2023
State of registry	Finland
Registration document	ST/SG/SER.E/1173
Other launching States	United States of America
Date and territory or location of launch	11 November 2023 at 1849 hours and 0 seconds UTC; Vandenberg, California, United States
Basic orbital parameters	
Nodal period	95.1 minutes
Inclination	97.5 degrees
Apogee	521.7 kilometres
Perigee	520.5 kilometres
General function of the space object	Earth observation satellite, carrying a synthetic aperture radar. Data will be provided commercially.

Additional voluntary information for use in the Register of Objects Launched into Outer Space

Change of status in operations	
Date when the space object was no longer functional	28 February 2024 at 0810 hours and 0 seconds UTC
Space object owner or operator	ICEYE Oy
Launch vehicle	Falcon 9

* The information was submitted using the form prepared pursuant to General Assembly resolution [62/101](#) and has been reformatted by the Secretariat.
